

Vol. 24 — No. 38

County Goes Overwhelmingly For Battle in Tuesday's Four Way Subnatorial Primary

Extremely Large Vote Cast; Battle Workers Prominent

State Senator John S. Battle emerged the victor in Tuesday's four-way gubernatorial primary. Princess Anne County went overwhelmingly for Mr. Battle, up-putting no one's predictions by turning in 2,437 votes for Battle of 3,634 cast in the fourteen precincts of the county.

Nearest contender was Prince's Dickens Miller, with 636 votes. Horace Edwards and Remmie L. Arnold polled 330 and 203 respectively.

The story in Princess Anne County, however, was not repeated in all of the other precincts of the Second Congressional District, where the race was much closer. In the Second District as a whole Miller took the lead by 1,400 votes.

Total votes cast in the District in the nine precincts showed 14,568 for Battle compared to Miller's winning 15,967; 5,878 for Edwards; 3,373 for Arnold. Miller carried Norfolk City, Norfolk County, Portsmouth and South Norfolk, for a total of four of the nine precincts.

Polls at Virginia Beach carried on a brisk business all through the day to set a record of votes cast, with the exception of the 1948 councilmanic election when more than 1,400 votes were cast. Battle carried the county in all of the precincts, with Miller running a poor second in all except Bayside, where Miller had 71 to 182 for Battle; in London Bridge, where Miller had 116 to 334 for Battle; and Glen Rock where Miller had 32 and Battle 66.

The polls themselves took on a gala appearance, characterized by good-natured banter and a complete absence of the bitter strain of the campaign. At the Virginia Beach precinct, plates of potato chips, peanuts, Coca-Cola and other soft drinks added to the festivity.

Loyal Battle workers carried on throughout the county to get out the vote—services as taxi drivers for those unable to get to the polls themselves, and urging all voters to the polls.

Miss Shirley Dunn To Marry Wesley Doyle Payne

Mr. and Mrs. G. M. Dunn announce the engagement of their daughter, Shirley Marian Dunn, to Wesley Doyle Payne, son of Mr. and Mrs. W. R. Payne, of Lynnhaven. The wedding will take place in November.

Statisticians to Determine Corn War Winner

6,500 Samples to be Taken on Virginia Farms Before Harvest

Sixty-five samples will be taken on Virginia farms when statisticians begin figuring up this year's corn yields, preparatory to naming the winner in the Virginia-Carolina corn war.

More samples will be taken in North Carolina, in proportion to the size of the state. Sampling is best known to the public as the statistical method used in taking public opinion polls.

Plans for figuring Virginia and North Carolina's 1949 average corn yields by this method have been worked out at conferences between Dr. Boyd Harshbarger, head of the V. P. I. department of statistics; Dr. R. L. Anderson, of the North Carolina Institute of Statistics; and Walter Hendrix, U. S. Department of Agriculture statistician.

Harshbarger said the sampling will be of such size that it should provide figures on the average corn yields per acre which are accurate within a half-bushel.

The "corn war" stems from a challenge issued by Governor Trask of Virginia and accepted by Governor W. Kerr Scott of North Carolina. The winner will be the state which shows the greatest increase in average yield per acre this year over its 1938-47 average.

Two 15-foot rows of corn have been settled upon as the sampling unit. This means that enumerators in Virginia will actually visit farms and get yield data on 6,500 pairs of 15-foot rows.

The number of samples taken in any area will be in proportion to the corn acreage there. Enumerators will be trained in sampling methods.

The work in Virginia will be done in western counties by the Experiment Station statistical laboratory, and in eastern counties by the Virginia Cooperative Crop Reporting Service and the Division of Markets.

Harshbarger estimates that it will take 60 enumerators to make the field survey in Virginia. They will be mostly V. P. I. students and two-day schools to train them in the work will be held next month in Abingdon, Blacksburg, Lynchburg, Front Royal, Richmond and Emporia.

They will begin their survey shortly before corn harvest time. Corn yield estimates in past years in Virginia have been based on reports sent by cooperating farmers to the Crop Reporting Service at Richmond.

Although the plans for a more extensive survey this year were prompted by the corn contest, the two states and the Federal government are not going to all this expense for the sole purpose of picking the winner. Enumerators will also gather data on fertilizer practices, marketing, and other needed information. Harshbarger said. He added it will be the first time such an extensive survey has been conducted on a statewide basis in the nation.

Yield figures for both states, and thus the winner of the contest, are expected to be announced in late October.

Mrs. Beverly At Convention

Sara Jane Beverly, of Beverly Health Studios at the Cavalier Hotel, left this week for Hot Springs, Arkansas, to attend the 9th National Convention of Physical Therapy and Massage. Mrs. Beverly is the vice president of the 9th Physical Therapy and Massage Society of Virginia.

DEMOCRATIC CANDIDATE—State Senator John S. Battle, winner of the four-way gubernatorial primary on Tuesday, is shown with Sidney S. Kellam, his campaign manager and Treasurer of Princess Anne County, as they talked over plans for the campaign at a pre-primary visit to the Beach. (Hammans Photo)

Little Theatre Ticket Campaign August 22-27

Committee Readies List of Plays to be Given During Year

Plans for the Little Theatre's ticket campaign, to be held August 22-27, are shaping up rapidly, according to Mrs. William Sullivan, acting publicity chairman. The appointment of Mrs. W. W. Connell, Jr., and Mrs. Ruben Trant, Jr., as co-chairmen of the ticket campaign, has been announced. Mrs. Connell and Mrs. Trant will organize and direct the campaign, reporting daily to Mrs. J. D. W. Cassada, ticket chairman, who will handle all reservations.

Prior to the opening of the campaign, the names of the four plays to be produced this season will be announced, as well as the dates of the productions.

The reading and casting committee, consisting of Mrs. Sullivan, chairman, Mrs. W. C. Pennington, Mrs. Robert Thurman, Robert Marer, and one other member to be appointed, is considering a list of twenty-one plays, including several new releases. The plays will follow a general pattern of one farce-comedy, one comedy-drama, one serious drama or mystery drama, and one junior comedy.

Plays now under consideration are: You Can't Take It With You, Brighton the Corner, Parlor Story, High Button Shoes, Madam Ada, Live and Let Live, Time for Elizabeth, Jenny Kissed Me, Arsenic and Old Lace, Dear Ruth, Private Lives, Mr. Lazarus, Angel Street, Laura, Guest in the House, Night Must Fall, An Inspector Calls, Henrietta the Fifth, Kiss and Tell, Wallflower, My Man Godfrey.

For ticket information call Mrs. J. D. W. Cassada, 959-W.

81 Persons Attend Typhoid Clinic at Chesapeake Beach

Eighty-one persons attended the typhoid immunization clinic sponsored by the Woman's Club of Chesapeake Beach July 29 at the Chesapeake Beach Community Center. Dr. William W. Garrett, health officer for Norfolk and Princess Anne counties, assisted by Miss Lillian M. Ashley, Princess Anne County health nurse, gave the first of a series of three injections. The second inoculation will be given today at 10:30 a.m. at the Community House, and the third on Friday, August 12, at the same time and place.

This service is free of charge to all residents of Princess Anne County, and those living at Chesapeake Beach and in neighboring areas have been especially urged to attend this clinic.

"Don't give up the ship," practically the Navy's motto, was uttered by Captain James Lawrence as he lay mortally wounded aboard the frigate Chesapeake in battle with the British in 1812.

Annual Farmers Field Day to be Held at Holland

Ozlin Says Program More Interesting Than Ever This Year

The annual Farmers Field Day will be held at the Holland Experiment Station Tuesday, August 9. H. W. Ozlin, county agent, said that a large number of Princess Anne farmers usually attend this occasion at Holland, and this year especially he urges them to make plans to attend. "The program will be more interesting than ever before," Mr. Ozlin said.

The program will start in the Holland High School auditorium at 1:30 p.m. where those attending will hear talks by Dr. T. B. Hutchison, Dr. J. R. Hutchison, Dr. N. H. Young and several members of the Holland Experiment Station staff. After the talks the groups will visit the plots where they will have an opportunity to see for themselves the work that is being carried on there, and since the research program at Holland has been considerably enlarged, there will be much more to see this year.

All Princess Anne farmers are strongly urged to attend this meeting and if anyone does not have transportation, he is requested to get in touch with Jack W. Brothers, assistant county agent.

Connecticut Mutual Has Paid Out Over \$1 Billion in Benefits

The Connecticut Mutual Life Insurance Company has just passed the one billion dollar mark in benefits paid to policyholders and their beneficiaries, according to the company's announcement received by Dr. Conrad Little, general agent in Norfolk.

The payment which put the company over the one billion dollar mark was made to a Denver, Colorado, man whose endowment policy, bought 26 years ago, had just matured.

"It is hard to conceive the tremendous sum a billion dollars is," Mr. Little said, "until we realize, for example, that it would pay a highway over 2,000 miles long and 10 feet wide from the Atlantic to the Pacific coast with one dollar bills."

These benefits were paid by the company as death claims, matured endowments, annuity payments, emergency values, disability claims and dividends.

Mr. Little went on to say that, in recent years, a great many more policyholders and beneficiaries are receiving benefits on a definite income basis rather than a lump sum. Over half of all policy proceeds, he said, are now paid out on some form of income basis as compared with less than five per cent 25 years ago.

There are U. S. Naval Reserve Organized Surface divisions in the Fifth Naval District, which comprises the states of Virginia, West Virginia, and Maryland.

Citizens of Town to Honor Fire Chief E. B. "Bubba" Bayne at Playground Saturday Night

Fireworks Display Planned as Feature of County Fair

Decorating Group To Meet Tuesday at Home of Chairman

Final details of the fireworks display for the Princess Anne County Women's Club County Fair have been worked out, according to Mrs. Lewis Thron, chairman of the Fair's fireworks committee. The fair, which will be held at Casino Park September 22-24, will feature the fireworks display on Friday night about 9 p.m., Mrs. Thron said.

The pyrotechnics, which the committee worked out with the assistance of Horace Stafford, manager of the Casino Park, will consist of many colorful and spectacular arrangements. Among them will be the American Flag, so arranged that the Stars and Stripes will appear to be waving in the breeze, Niagara Falls, the Fairy Circle, filled with golden sparks, Jeweled Jet Mountains, the Whirling Wheel, and Moonlight and Roses, along with many others.

In the meantime, Mrs. A. Stanley Mundy, chairman of the decorating committee for the fair, has called her first committee meeting for Tuesday afternoon at 2:30 p.m. at her home, Christmas Hill.

The decorating committee is composed of the following: Mrs. Florence Jackson, Mrs. R. C. Herbert, Mrs. Lyle Hill, Mrs. Margaret Moore, Mrs. R. Lee Simpson, Mrs. DeKoven King, Mrs. Charles Ingram, Mrs. Ernest E. Stone, Mrs. C. N. Hinkamp, Mrs. S. R. Woolf, Mrs. L. S. Hodges, Mrs. George Mullen, Mrs. James Kelly, and Mrs. Val Morgan.

725 Va. Guardsmen In Training At Camp Pendleton

The 224th Anti-Aircraft Artillery group, Virginia National Guard, arrived at Camp Pendleton Monday for two weeks of intensive training. The group is under the command of Col. John W. Squire, of Danville.

Training for the 710th Gun Battalion and 129th Automatic Weapons Battalion will consist of instruction and practice firing by sight and radar at towed targets over Camp Pendleton and the ocean.

The guns and vehicles are serviced by the 124th Ordnance Medium Maintenance Battalion, while the camp administration is carried on by the Headquarters Department of the Virginia National Guard.

Approximately 725 men and officers are participating in the two weeks training program ending August 14.

The 710th Gun Battalion is firing 80-millimeter guns and the 129th Automatic Weapons Battalion is receiving training with the 40's and 50's.

Officers under Col. Squire are, his executive officer, Lt. Col. P. H. Garber, Battalion Commanders Lt. Col. L. Montchilling, Jr., of Newport News, and Major George Eastes, of Portsmouth. Reserve officers training with the Guard are from Washington, D. C., West Virginia, Pennsylvania, and Virginia.

The Virginia Anti-Aircraft Artillery group is the second such group to go through training at Camp Pendleton. They were preceded in July by the 26th Anti-Aircraft Artillery group, District of Columbia National Guard.

The first airplane to fly from a shop took off from a special platform on the USS Birmingham in 1910 in Hampton Roads.

Softball Games to Begin Program; Other Features

E. B. "Bubba" Bayne, Virginia Beach Fire Chief, will be the center of attraction when these citizens, in appreciation for the work Bayne has done in developing the Beach's only playground, will honor him.

"Bubba Bayne Night," instigated by a group of residents and headed by Alger Cohen, will get underway with a boys' softball game at 6:30 p.m. At 7:30, Porters and Jards Girls' softball teams will meet, followed by a contest between the combined squads of Pyroflex Gas and the Lions Club against the members of the Buff & Fred and American Legion men's softball teams.

Russell Hatchett will serve as master of ceremonies for the occasion.

Work in providing and keeping up a playground for residents and guests of Virginia Beach has been done almost entirely by the Chief and members of the Beach fire department. The firemen have for the past four years developed the field on their own time.

With this in mind Beach residents, some three weeks ago, held plans to honor the Fire Chief. A committee was formed, headed by Alger Cohen and managers of the men's softball teams.

According to a spokesman for the committee, suggestions for the name the playground, which has no official title, Bayne Field have been made by several people. However, no official action on the naming of the field during "Bubba Bayne Night" has been announced.

The field, on Pacific Avenue between 19th and 20th streets, was donated to the town in 1926 for use as a playground. The land was completely undeveloped.

The Volunteer Fire Department, sparked by Chief Bayne, has raised many thousands of dollars for the development of the playing field and equipment, and the Lions Club donated another \$2,000 for the fence which encloses the entire field.

Local business men aided materially by lending equipment and heavy construction tools for leveling the field and preparing it. Fred A. Haycock, Dick Jones and James Fox were particularly active in this end of the development.

With money raised by subscription and other means a fully equipped playground for all ages was completed. Slides, merry-go-round, and monkey climb were purchased for the little children; tennis courts and the softball diamond for the older children and the adults. A refreshment stand was built, electric sound board erected and bleachers installed. Lights on the tennis courts and baseball diamond were the finishing touch—for day or night enjoyment.

Maintenance of the beach-square playground is entirely done by Chief Bayne and his firemen who give maintenance of the field and other.

This summer the playground was the scene of the Virginia Beach Invitational Softball Tournament, the first Beach sponsored softball event, which drew outstanding teams from the Tidewater area.

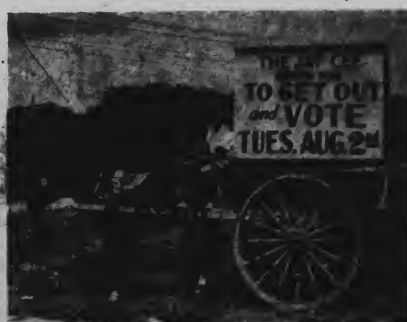

The tournament was a success in more ways than one, for the Virginia Beach teams can now show over some of the best that Norfolk and the surrounding area had to offer, with two local teams winding up in the finals.

Bayne, who has been a member of Virginia Beach fire since 1910, was the assistant fire chief until 1948 when the two teams were separated and "Bubba" was made the Beach's fire chief.

Mobile X-Ray Unit To be at London Bridge Tuesday

The mobile X-ray unit will be at London Bridge on Tuesday at the Whitehead Auto Service. The hours are from 10 a.m. to 1 p.m. and 2 p.m. to 4:30 p.m.

Residents are urged to take advantage of the free X-ray service of the Tuberculosis Association of Princess Anne County, who sponsor the mobile unit.

VOTE GETTER—The Junior Chamber of Commerce used this device to urge voters to go to the polls in Tuesday's primary. This and other attention catchers: evidently didn't do the trick to some extent for the voters at Virginia Beach turned out in greater numbers than ever before except for the councilmanic election last year, which was the record breaker. (Hammans Photo)

TO THE VICTOR

May we, too, join in the flood of congratulations that have gone to Senator John S. Battle for his victory in the Tuesday primaries? Like good Democrats, we want to assure him of our support in the general elections in November.

It was a satisfactory primary all around, and one of the most satisfactory of all its aspects was the interest shown by the electorate and the large numbers who went to the polls.

BATTLE ON THE TOURIST INDUSTRY

In last week's editorial, we touched lightly on State Senator John S. Battle's remarks in a campaign speech where he said: "... I favor the State increasing its investment to build the travel business. We must work with you and work with you to the very limit of our ability to help you bring more tourist business into the State ..."

This is good news to the sections of the State dependent or partially dependent upon the vacation trade. It is good to know that our future Governor will favor increasing the funds appropriated by the State to advertise our tourist attractions; that he believes that Virginia, with its wonderful attractions, should be among the billion dollar travel states.

That he realizes the value of advertising is apparent when he said in the same speech (which was delivered at the Virginia Tourist Court Association annual meeting in May): "... The very fact that in recent years 45 of our states have embarked on campaigns to advertise for travel business as compared to 18 prior to the war indicates the value of this business to the economy of any section of our great country."

E. B. BAYNE—THE YOUNGSTERS' FRIEND

It is with the greatest of pleasure that the News joins the ranks of Virginia Beach citizens in honoring E. B. "Bubba" Bayne. This modest man has demonstrated by his untiring efforts and his unceasing optimism his belief in the youngsters for whom he has done so much.

The playground, for which both he and the members of the fire department and the volunteer fire department are responsible, was his idea. But he has not been content, like many lesser people would be, to produce the idea. He has gone ahead and developed and expanded the idea ... he has actually, with the help of the others, done the physical work to make it possible.

It is easy for a fire department, where the hardest work of all is the waiting, to grow fat and listless over endless games of checkers and cards. These boys here do it the hard way—they get out and work on the playground and ball diamond.

This guy "Bubba" Bayne ... it is hard to say words of praise to a man so retiring and modest, but, this guy "Bubba" Bayne is pretty swell.

Behind the Scenes in American Business

By Reynolds Knight

New York—Like everything else, business is affected by the heat. And all over the country the heat and the humidity have been keeping people out of some stores, sending them into others.

A big metropolitan department store staged a major promotion that ordinarily would have packed the place. But the heat kept people away. On the other hand, the temperature and the drought have boomed the sale of garden hose. One company which recently introduced a new and colorful type of hose suddenly found itself three weeks behind in deliveries and its dealers' shelves bare. Koronael wading pools for children also have been a popular item all through the past few weeks. Electric fans have been whirling off the counters in the northeast just about as fast as merchants could get them into their stores.

It is pleasant and cooling, too, to note the continued sales rise in deep-freeze units. Last year about 800,000 units were sold; this year the industry expects to top the million mark. One enterprising publishing house has recently issued a cook book devoted exclusively to frozen food recipes. It's an ill, hot trade wind that blows nobody good.

CHEER PAYS OFF—Providing the right words for people who want to be friendly and say so has spawned an industry that produces some three billion greeting cards annually. Behind the amazing success of the industry lies a simple philosophy which, says the current issue of Coronet magazine, is probably best reflected in the policies of its pacemaker, the Hallmark greeting card firm of Kansas City, Mo. By infusing greeting cards with "spontaneous friendliness" and adorning them with pleasant illustrations ranging from comic animals to priceless Old Masters, Hallmark has turned the cards into a major means of social communication. The handful of card publishers who blanket the country with good cheer and friendship have to know their market. Each year they must unerringly anticipate what millions of people want to say to friends on any sort of occasion. Long words, involved sentences are taboo. They must watch group prejudices, and keep abreast of changing public tastes. Despite such difficulties, the greeting card industry has passed through its adolescent stage and today is "big business."

THINGS TO COME—Somebody's doing something about the weather. A manufacturer announces a new plastic-covered outdoor chair which, because of the low heat-conductivity of the plastic, will not absorb the heat of the sun, but will remain cool to the touch. ... While you cool off in new aluminum shower stalls you can also take comfort in the thought that they're corrosion-proof. ... For those who like to lie coolly in bathtubs during heat spells, a gadget can be attached

to the back of a bathtub where it serves as a comfortable headrest. ... A new cocktail glass has a tinkling bell in its base. The manufacturer's announcement doesn't say whether this added feature is a warning bell or just for fun. ... The British have come up with a good idea to promote additional use of natural rubber, namely the addition of rubber latex to cement to produce a stronger material for flooring and mortar-making purposes. ... Gadget of the week: a tool that looks like a hoe but can be adjusted to serve as an edger, a trencher, a sickle and an axe.

BITS O' BUSINESS—England, where the system of central banking was originated and where its operations were refined to a science, is undergoing a severe test of some of its cherished Keynesian theories. British government bond prices continue to sag lower and lower despite official price-support policies. ... Isn't the depression terrible? Total industrial production is only 69 per cent above the 1933-35 average. There was a pickup in employment during June, and consumers' incomes are running at a rate far ahead of 1939, symbol of boom years! ... Rubber manufacturers have been told by the government that they now can use more crude rubber in tires. This is an effort to send more dollars to the British zones which produce the crude—which is now lower in price than man-made rubber. ... At the same time, Cuba sells 70 million gallons of molasses to Britain at three cents a gallon, while Uncle Sam pays three and a half cents for the same article. ... Cotton planting is moving westward, says a news report. Cotton planting in Georgia is off some 600,000 acres. But maybe Georgia doesn't mind. It is getting more diversified in its planting. It's a thrilling experience to drive through that state and see the fertile, well-kept farms marked by contour plowing and other evidences of a statewide fight against soil erosion.

SUPPER QUICKIE

Tender scrambled eggs, with canned peas and grated cheese mixed up, are a supper quickie. For full flavor and fluffiness, scramble the eggs in an enameled double boiler. Cook over hot water until just tender. Stir in the heated peas just before the eggs are done. Sprinkle generously with grated cheese and serve immediately. Complete the meal with sliced tomatoes and cucumbers, hard rolls, a fresh fruit gelatin dessert or milk or iced coffee.

Let LANKY PLANKY
help you plan
FARM BUILDINGS

Be sure your new Farm Buildings fit your requirements. Lanky's experts at Princess Anne Lumber Company are qualified to help you plan your buildings to fit the production of your farm. And all the materials you will need are here in one place. Come in and talk over your problems. Be sure your buildings have these features:

1. Durable foundation.
2. Strength to resist the natural or artificial loads or pressure expected.
3. Enough size to serve the purpose.
4. Labor saving designs.

BARN

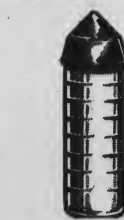

We will plan your barn so that you will have the correct balance between animal capacity and feed capacity. Let us show you how you can save on labor by using laminated rafters—one piece from foundation to roof ridge.

MACHINERY SHEDS

Build an inexpensive shed to protect your valuable farm machinery. Binders, moldboards, cultivators and discs last longer and do better work if properly housed when not in use.

SILOS

Built of wood or concrete staves, monolithic concrete, vitrified tile. A firmly attached roof adds to the stability, appearance and life of a silo.

POULTRY HOUSES

Can be put relatively close to dwelling but away from highways, barns, hog lots and grain bins. Be sure to insulate.

LOOKING BACK

TWENTY-ONE YEARS AGO—AUGUST 3, 1922

The Virginia Beach Weekly for August 3, 1922, was pretty short on news items, but long on advertising, with several pages given over to ads from Norfolk firms.

W. L. Murphy, superintendent of Mosquito Control work, said that Beach people did not complain enough. Mr. Murphy explained that his business "is to catch mosquitoes, but before I can do this, I have to find them, and only through the complaints of residents can I find their breeding places."

The information bureau had 1,200 inquiries about accommodations at Virginia Beach during the month of July, according to Mrs. R. T. Lipscomb, director of the bureau.

Norma Shearer appeared at the Strand Theatre in the motion picture "The Actress," the story of the woman who tries to change her station in life, only to find that she can be happy only in her own sphere. Also scheduled was Les Chaney in "Laugh Clown, Laugh."

The eighth straight victory was won by the Virginia Beach baseball team when it defeated the Brambleton Braves 8-3.

In the social items appeared the announcement of the marriage of Miss Evelyn Elizabeth Huffman, of Oceana, daughter of Mr. and Mrs. M. A. Huffman, to Frank Woodward Cox, son of Mr. and Mrs. W. B. Cox, of Odd, Virginia. The bride couple returned to Charlottesville where Mr. Cox was enrolled in the graduate school of the University.

Bananas Have It,

The lowly ragweed, banana, and sweet potato are among the latest substances to be called by science. Antibiotics similar to penicillin and streptomycin have been isolated from these sources. According to Good Housekeeping magazine, bananas produce two antibiotics: one active against fungi, the other against bacteria.

The only vessel of Virginia's Navy in the Revolutionary War was the "Virginia S. Liberty," which engaged in more than 30 actions.

ROSEHAN IS AID TO CANNING

Use a porcelain enameled dish-pan when you peel fruits and vegetables during the canning season. The hard glass finish of enameledware is resistant to food acids and will be easy to clean when the day's canning is finished.

EAST DOES IT

A study wash and a hot water rinse are all that's required to bring out all the natural lustre of porcelain enameled kitchen utensils.

Water covers 70.8 per cent of the earth's surface.

FOR THE YOUNG MOTHER

Young homemakers who have the important responsibility of feeding babies and small children find that a small glass-on-steel enameled saucepan is ideal for cooking or heating small quantities of food. Non-porous and stain resistant, enameledware is easy to keep clean and sanitary.

KITCHEN COLOR ACCENT

Don't hide your attractive enameled utensils in drawers and cupboards. Sparkling white with distinctive black or red trim, these utensils add a color note to the kitchen when hung on walls near the range or refrigerator. They'll be within easy reach when needed for food preparation, too.

Preview for College-Bound Girls Of 1949 Wardrobe Curriculum

College-bound girls with an eye peeled for this Fall's clothes curriculum should keep three things in mind.

The big fabric is wool jersey, with corduroy and velveteen running neck-and-neck for second place.

The casual jacket will go over everything, from lounge skirt to evening gown.

Skirts are pleated, pleated, and pleated, and all of them are narrow.

That's the report from Stephanie Koret, one of the nation's top sportswear designers, whose home base is California, the state that ranks third in density of U. S. colleges.

In her "back-to-school" collection of campus pair-offs, warm and wonderful wool jersey crops up again and again, as a studied coordinate with college standbys like tweed and flannel. A select group of blouses and tops in this fabric are executed in menswear shades, for easy color coordination. Another important style in wool jersey is the accordion-pleated skirt, emphasizing a new narrow pleated look. In this collection, pleats are "baked" into the fabric and guaranteed, by an exclusive Koret of California process, to retain their sharpness for at least six months.

A whole raft of corduroys are slated for serious study by "pair-off" conscious students. For everywhere and anywhere, the most exciting style in the corduroy coordinates is a big, swirling topper with a windswept back, and huge collar and cuffs. It can be crushed in with its own belt, or is worn for belted-front, flare-back effect.

Tops in style notes, and a must in every college wardrobe this season, is the little weskit or waistcoat, the jerkin and vestee. In corduroy, the vestee has a square-cut waistline and multi-striped front. (The stripes are actually sewn together for sharp color contrast!) Stephanie Koret makes the weskit twice as important this year by using velveteen for flexible styling. For real elegance, the velveteen weskit is worn alone with no blouse, but with a heavy chunk of jewelry. For casual activities, the weskit tops a galaxy of nylon blouses.

Nylon forges ahead as the one-and-only light blouse fabric with a large margin on college popularity. For the obvious reasons of its quick-drying, no-ironing properties. This year, Stephanie Koret adds a texture note to nylon, by means of crinkled or puckered effects on the center of interest—such as the button stand—of the blouse.

Homemakers' Items

Where and how food is placed in the refrigerator is important in keeping it fresh and wholesome, especially in hot weather, says Miss Jane Craig, home agent.

Priority on the coldest space in the cabinet, which is usually nearest the freezing cabinet, should be given to the most perishable foods, for which a temperature of 40 degrees F., or slightly colder is recommended. The foods which need coldest storage are fresh and cooked meat, poultry and fish, meat broth, gelatin dishes, milk, milk-and-egg dishes, and cottage or other soft cheeses.

Modern refrigerators are designed to encourage this arrangement of food by providing tall shelves for milk bottles beside freezing units, and a covered compartment for meat just underneath. In general, these very perishable foods keep best if covered. Uncooked meat should be loose-

refrigerator, be careful not to crowd them so closely together that the circulation of cold air around them is cut off. Let cold meat cool to room temperature before putting it in the refrigerator. It won't heat the refrigerator, but it will overwork the motor. However, as soon as the meat is cooled, get it into the refrigerator promptly.

MARKETING with *Marjorie*

How I love picnics and porch suppers—and my, but they're kind to my budget! And with the AAP full of wonderful picnic or light luncheon foods for open-air-eating, I can have variety as well as economy! Do try these summer treat tempters:

PICNICS AHEAD!

Summer calls for sandwiches, and that's where AAP's thin-sliced MARVEL SANDWICH BREAD really shines. Finest ingredients, expertly blended, make Marvel deliciously tender, yet firm and smooth-textured, so it spreads readily. And its tasty "dated" freshness is just what hearty appetites go for.

PICNIC SALAD TRICK

Try this hit-maker salad, ANN PAGE SALAD DRESSING from AAP gives it tempting, distinctive flavor. Cook 8-oz. pkg. of Ann Page Mellow Macaroni as package directs. Drain. Add 1 small onion, chopped; 1/2 green pepper and 1/2 red pepper or pimiento, sliced; 1/4 cup Ann Page Salad Dressing. I cup sliced cheese. Mix and pour over macaroni. Pack in jars; wrap in paper to keep cold. Serves 6.

TWO-IN-ONE TREAT

Here's a Pennsylvania Dutch recipe for picnic eggs and delicious best-and-onion relish, too. Hard-cook and shell 6 large, fresh SUNNYBROOK EGGS from AAP. Combine 1 can sliced beets, 1/4 cup water, 1 cup Ann Page Vinegar, 1 tsp. salt, 2 tbsp. sugar, 1 sliced raw onion, and 3 or 4 whole dill. Drop eggs in mixture. Chill. Serve these Sunnybrook Eggs—the relish, too—at your next picnic or porch supper.

BACKPORCH BANQUET

Try this feast—"on-the-spot" canned creation with AAP's FRUITS FOR SALAD. Arrange the package peaches, pears, pineapple and apricots on lettuce leaves. A dab of cream cheese... AAP's Fruits for Salad as an "instant" dessert—chilled of course!

TEN-STRIKE!

THERE'S MORE ROOM FOR THE MONEY in this Model 43 4-door Sedan.

NEW in looks—NEW in room—NEW in handling—and priced right down your alley!

FRAST your eyes, folks—and reach for your checkbook.

For here, in one stunning, swift-lined bundle, is everything—yes, everything—you've been hoping for.

New style note? Well, just look at that brand-new idea in front-end styling. Grille, bumper, bumper-guards and even parking lights all combined in a single, sturdy assembly that means you can't "look horns" with other cars!

New over-all size? We've trimmed inches from its over-all length for handiness in traffic—yet here's still the generous wheelbase that spells a level-going ride.

New roominess? Swing open the doors—a thumb-touch does it!—and gaze on the biggest interiors you can buy for the money, with sofa-wide front seats and no less than 12 more inches in rear-seat hiproom.

Slip behind the wheel. Finger-easy Synchro-Mesh transmission if you choose—the satiny smoothness of Dynaflo Drive* as optional equipment if you want the very latest thing.

And if power is your meat— just lift the bonnet and look on a husky Fireball power plant of 110 horsepower.

*Optional at extra cost.

with conventional transmission, 120 with Dynaflo Drive.

Surely here's a car big as your fondest ambition—yet price-wise it's right down your alley! Fits modest family budgets as it fits modest-size garages, puts Buick in reach of still more people!

So here's really a "must see" item! On display now, in three trim-'n'-tidy body types, it won't stay long on dealers' floors. Go now—see it and get that order in!

YOUR KEY TO GREATER VALUE

NEW BUICK SPECIAL

THIS TRIM TWO-DOOR SEDAN will delight the whole family. Children are safe in its fold-in, over-ride rear seat.

Trim 48000 & 48000, ABC Motor, every Buick dealer.

Beach Fire Chief Keeps Photographer On The Jump, From Fire Station To Playground

A TYPICAL DAY—Fire Chief E. B. "Bubba" Bayne didn't like the idea of having his picture taken and for awhile it looked like photographer Horace Simmons wasn't going to get his pictures. However, Horace finally convinced "Bubba" that the work he had done during the past four years in making the playground a success did warrant a little newspaper ballyhoo. At the upper left the Beach Fire Chief is shown chalking the lines on the baseball diamond. He spends several hours every day keeping the infield in shape, which is no easy job. At the lower left, he passes on his way to the fire station to fix a swing for Playground Supervisor Mrs. Orlan Avett, while Sally McEmora, Reta Leigh Perel, Billy Calverhouse, Pat Lockman and Harold Bowden look on. At the top right "Bubba" and Meb Mathais, assistant fire chief, inspect a fire engine. Later (center picture) "Bubba" stopped by the refreshment stand, which he and the firemen built, to get a cool drink and pour one for one of the kids, before being called back to the fire station to point out a minor engine difficulty (lower right) to the town mechanic.

4-11 Registration at Camp Farrar

An exhibition of handicraft wound up "the most successful" camping week at Camp Farrar when 30 Princess Anne County 4-H'ers joined with club members from Norfolk County for a week's camping July 18 to 23. There was a total of 117 campers and 22 adult leaders and extension workers present.

The "First Settlers" colony (the camp was divided into four colonies) were winners of the exhibit, with the "Pioneers" runners-up. Exhibits consisted of glass etchings and bird houses.

Princess Anne County club members were:

From Creeds Junior Club: Floyd Bonney, Warren Dean Davis, John Dudley, Eugene Martin, Walter Ira Nisay, Cecil Simpson, and Ira Whitehurst.

Center Club: Bobby Clark, Vernon B. Eaton, Sylvia Miller, Carol Jean Davenport, and Roy Lechner.

Oceana Junior: Billy Calk.

Oceana Senior: Warrep Brinkley, Stuart Chaplain, Johnny McCloud, and Kermit Land, Jr.

Kempsville Junior: Dorothy Palmer, Alice Hendricks, Dean Lockwood, Patricia Lupton, Alan Bryant Robertson, and Johnnie Luff.

Kempsville Senior: Betty Palmer, Clark Baum, and Ira Plisk.

Dayside: Joy Ann Aree, Susanne Harrell, Elly Oliver, Fannie Pines, and Ida Earl Simpson.

ALASKAN KING CRAB

SPORTS AFIELD

By Ted Kesting

The literature of sporting dogs holds no subject more fascinating than that of scent. No man is sure of himself on this topic.

I have just gotten a copy of "Youatt on the Dog," published in 1882. Since this book is rare and perhaps few of you will have seen it, I think it's worth while to quote parts of the chapter on scent.

"M. Majendie instituted some curious experiments on the sense of smelling, and he was led to believe that it depended more on the fifth pair of nerves than on the olfactory nerve. . . . The simple fact, however, is that there are two species of nerves here concerned—those of common and of peculiar sensation. The olfactory nerve is the nerve of smelling, the fifth pair that of common sensation. They are to a certain degree necessary to each other.

"Mr. Daniel, in his work on the chase, very properly observes that 'the scent most favorable to the hound is when the effluvium constantly prespired from the game as it runs, is kept by the gravity of the air at the height of his breast. It is then neither above his reach nor does he need to stoop for it.

"When the leaves begin to fall the scent does not lie well in the cover. It frequently alters materially in the same day. When the ground is hard and the air dry, there will seldom be much scent. The scent rarely lies with a north or east wind. A southerly wind without rain is the best. Sudden storms are sure to destroy the scent. A fine sunshiny day is not good; but a warm day without sun is always a good one. . . . In a hard rain, if the air is mild, the scent will sometimes be very good. A wet night often produces the best chases.

"But after all, we have much to learn concerning scent. An experienced sportsman will never presume to make sure of scent. Yet it is certain that hounds can distinguish not only the scent of the hare from that of the fox, but that of the hare or fox they are pursuing from that of half a dozen others that may be started during the chase."

Pointers and setters, of course are not properly trailing dogs. They are supposed to seek for and "take" body scent of feathered

The Rev. Boyd R. Haworth, of the Memorial Church, Baltimore, will hold services and preach at Gallie Episcopal Church during the Rev. Edmund Berkeley's vacation, August 7 and 14. The Rev. Mr. Haworth will also hold Holy Communion Service at 10:30 a.m. Saturday, August 6, celebrating the Feast of the Transfiguration of Christ.

game out of the air. One theory on body scent as explained by Horace Lytle, authority on sporting dogs, is that it floats out "cone

shaped" through the air. A dog first picks up a faint trace of body scent way out and works back into it toward the small end of the cone, stopping to point when the scent becomes so strong as to warn him he dare go no closer. This sounds logical, but, like the other explanations

of the mystery of scent, it is supported by no real proof.

Keep Up the Good Work

SOCIAL NEWS

MRS. S. HARDY COLE, Local Reporter

TELEPHONE 1944-W

PARTIES -- ANNOUNCEMENTS -- PERSONALS

Mr. Richard McIlwaine, of Norfolk, is spending the remainder of the summer at the Arlington.

Mr. and Mrs. Marie C. Van Buren, who spent June and July on Pinewood Road, left Monday by motor for their home in Monterey, Mexico. They will return in two months and will build a home in Bay Colony.

Mrs. Robert Ball and young daughter, Alexis, of Henderson, N. C., who have been the recent guests of Mr. and Mrs. Richard Jones on Atlantic Avenue, left July 15 to join Lieut. Ball in Germany.

Mrs. Edward Herbert, formerly of Norfolk, has returned to Birmingham, Alabama, after spending some time at the Arlington.

Mr. and Mrs. Addison H. Reese, of Baltimore, Md., are the guests of Mr. and Mrs. Walter Mitchell at their home on Cavalier Drive.

Misses Anita Brothers, Guy, Gayle, and Susanne Haislett are spending two weeks at Camp Matoska, Suffolk, Va.

Mr. and Mrs. Isaac Cole and son, Alan Cole, of Manchester, Conn., are visiting Mr. and Mrs. Cole's son and daughter-in-law, Mr. and Mrs. M. Ward Cole, at their home on 32nd Street.

Lieut. and Mrs. Richard Jones, Jr., and young daughter, Sheldon, have returned to Belleville, Ill., after visiting Lieut. Jones' parents, Mr. and Mrs. Richard Jones, on Atlantic Avenue.

Mr. Caldwell Collins, of Norfolk, is spending some time at the Arlington.

Mrs. Robert Caldwell Pearson returned Saturday to Morganton, N. C., after spending three weeks with Mr. and Mrs. Joseph Deal at their home on the Lynnhaven River.

Mrs. Percy Brown, of Louisville, Ky., is spending the summer with her mother, Mrs. William Royser, at her home in Cavalier Shores.

Mr. and Mrs. S. Q. Collins have returned to Norfolk after visiting Mr. and Mrs. Richard Jones at their home on Atlantic Avenue.

Mr. and Mrs. Robert Hare, of Lynchburg, Va., are visiting Mr. Hare's brother-in-law and sister, Mr. and Mrs. Edward Schaefer, at their home in Rudee Heights.

Dr. and Mrs. Emmett Terrell, Mr. and Mrs. Austin Snyder, and Mr. and Mrs. Stuart Cooke, Jr., of Richmond, are spending some time at the Gibson cottage on 33rd Street.

Mrs. L. I. Thomas returned Saturday to her home in Richmond after spending two weeks with her son-in-law and daughter, Mr. and Mrs. James N. Bell, Jr., in Cavalier Park.

Mr. and Mrs. Courtney Harris, of Ashland, Va., are visiting Mr. and Mrs. Macell Simmons at their home on 33rd Street.

Mr. and Mrs. Guy W. Capps have returned to their home in Linkhorn Park after spending several days at Montauk Point, Long Island, N. Y.

Mrs. W. C. Barclay will leave Wednesday for Southampton, N. Y., to visit her son-in-law and daughter, Mr. and Mrs. Robert Cameron, and her grandchildren, Joan and Bobby. She will later visit her sister, Mrs. Alexander Winkler, and Mr. and Mrs. Edward Winkler, in Albany, N. Y.

Dr. J. A. Rollings will arrive today from Richmond to spend the week-end with Mrs. Rollings at their cottage on 35th Street.

Mrs. James U. Goode and Miss Sallie Goode left Monday to spend several weeks with relatives and friends in New York City, Hartford, Conn., and Newport, R. I.

Mr. and Mrs. Joseph Edgar Graham, of Cardinal, Va., are spending a week at a cottage on 38th Street.

Mrs. T. E. Oertel, of Arlington, Va., and Mrs. William Hickey, of Charles County, Maryland, are visiting Mrs. J. A. Rollings at her cottage on 35th Street. Mrs. Rollings also has as her guest Charles Dwyer, of Cambridge, Mass.

James Allen Tyler left Tuesday to spend a week with friends in New York City.

Mrs. James G. Pass is a patient at the Norfolk General Hospital.

Mrs. Rosalie Reid left Monday to visit her sister, Mrs. Herbert Whitehurst in Blue Ridge Summit, Pa.

The Rev. and Mrs. Edmund Berkeley and young daughter, Mary, and Miss Caille Harris are spending two weeks with Mrs. Berkeley's parents, Mr. and Mrs. John Fuller, in Lumberton, N. C.

Mr. and Mrs. Evan G. McIver have returned to Durham, N. C., after spending July with Mrs. McIver's parents, Mr. and Mrs. Nathan Bundy, at their home on 31st Street.

Mrs. Lillian Taylor returned Wednesday to her home in Montclair, N. J., after spending several weeks with her son and daughter-in-law, Mr. and Mrs. Donald Taylor, on 31st Street.

The Rev. and Mrs. Boyd E. Howarth, of Baltimore, are spending August at the Hart cottage on 35th Street.

Nathan Bundy and his daughter and granddaughter, Mrs. Robert Thurman and Ellen Thurman, left Friday to visit relatives in Boston, Mass.

Comdr. J. H. Benson, Jr., and his sister, Mrs. Millicent Burgess, and Mrs. Burgess' young daughter, Heidi, have arrived from Portland, Oregon, and are residing in the Webster home in Bird Neck Point.

Mr. and Mrs. Henry Charlton and family of Uniontown, Pa., are spending the summer at a cottage on 49th Street.

Invitations Issued for Wedding of Miss Pender, Mr. Withers

Mr. and Mrs. Stephen Lee Pender have issued invitations to the marriage of their daughter, Helen Tilley, to Mr. Joseph Burks Withers, Jr., on Friday, the nineteenth of August, at eight o'clock in the evening at Christ and St. Luke's Church in Norfolk, and to the reception immediately following the ceremony at the Commissioned Officers Mess, U. S. Naval Base.

Miss Polly Vandewater, of Norfolk, who has been visiting her uncle and aunt, Mr. and Mrs. Lawrence Tucker, in Rudee Heights, has left to spend some time with her mother, Mrs. Braden Vandewater, at Bellevue, Gloucester, Va.

Dr. and Mrs. John H. Benson will arrive Monday from Portland, Oregon, to visit their son, Comdr. J. H. Benson, Jr., and their daughter, Mrs. Millicent Burgess, at their home in Bird Neck Point. Comdr. Benson and Mrs. Burgess now have as their guest, Jess D. Matheson, of Vancouver, B. C.

Mr. and Mrs. Richard B. Tucker, Jr., and family of Pittsburgh, Pa., and Mr. and Mrs. Eppes and daughter, of Alexandria, Va., are spending August at a cottage on 35th Street.

John Cole is a patient at the Norfolk General Hospital.

Mr. and Mrs. Henry Javor have returned to Laurel Ridge Farm, Charlottesville, Va., after spending the week-end with Mr. and Mrs. Willard Ashburn, at their home on Crystal Lake.

Mr. and Mrs. C. Over Baker will leave Monday to spend two weeks at Chataqua, N. Y.

Lieut. O. J. Donahoe has arrived from Guantanamo Bay to spend some time with Mrs. Donahoe and family at their home on Avenue C.

Mrs. E. E. Jordan is spending two weeks with Miss Blanche Webb at her home in Rudee Heights.

Mrs. Archer Dennison and two children, Ann and Jere, of Richmond, are visiting Mr. Dennison's brother-in-law and sister, Mr. and Mrs. Preston Hix, in Bay Colony.

Mrs. E. G. Hinton, of Richmond, is spending some time at the Arlington.

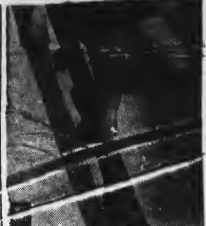

Sgt. and Mrs. James Edward Cole, III, and young son have returned to Newburg, N. Y., after visiting Mr. and Mrs. James A. Kelley, on Lakewood Circle. Mr. and Mrs. Kelley also had as their guests last week-end Mrs. Kelley's aunt, Miss Alice Cole, of Waynesboro, Va.

MISS RUTH PRITCHARD TO ENTERTAIN FOR MISS FURBER, BRIDE-ELECT

Miss Ruth Curtis Pritchard will entertain at her home on 30th Street, extended, Sunday afternoon between the hours of 4 and 6 in honor of Miss Betty Irene Pierce, whose marriage to Lt. (jg) Raymond J. Smith will take place in September. The guests will number around 50.

Mr. and Mrs. William Taylor Ham and young daughter, of Richmond, are visiting Mr. and Mrs. Selden Grandy at their home in Bay Colony.

FIREMAN RED!

Despite the fireman-red shade of her cotton broadcloth outfit, this young lady doesn't suffer from the heat. Designer Jo Collins took it one from the cradle crowd's fashions and styled this dress-suit that is perfect for days when the mercury shoots skyward. The cool play-suit is cut in one piece, the National Cotton Council says.

Mr. and Mrs. Paul de Wit have returned to Palmira, N. C., to resume their visit with Mrs. de Wit's mother, Mrs. Luke Harrell, after spending a week at their apartment on 13th Street.

Comdr. and Mrs. James Parker and two children have arrived from Washington, D. C., to spend a month with Lieut. Comdr. and Mrs. K. C. Childers at the Booths-cottages in Rudee Heights.

Forest Service Says Sawtimber Growth Exceeds Drain in State

Don't worry about a timber shortage in Virginia. The Old Dominion's forests are growing sawtimber faster than it is being consumed, says the U. S. Forest Service.

This statement, based on sta-

tistics contained in a recently released Forest Service survey of Virginia's 14,800,000 acres of timberland, covers the period from 1940 through 1948. The net increase of sawtimber growth over drain, for the period, was 7.3 per

cent. Translated into potential lumber this amounts to 1,738,000,000 board feet. The gain was made despite heavy wartime cutting in the state, the survey pointed out.

The high productive powers of Virginia's forestland, after more than three centuries of almost constant use, was further emphasized by the even larger margin of growth over drain when all timber is computed. Taking into account all trees five inches in diameter or larger, wood growth was 11.2 per cent greater than drain.

"Much of the credit for Virginia's remarkable showing can be attributed to the state's efficient forestry department and to its progressive wood-using industries," Charles A. Gillett, managing director of American Forest Products Industries declared in commenting on the report.

Virginia's enviable forest protection record, which during the period covered in the survey held fire losses to an average of near 1000,000 acres a year, is being continued," Gillett said. "In 1948 Virginia's efficient forest protection program held fire losses to a record low of 8,185 acres burned. Only 1,028 forest fires were reported for the year."

Since 1946 all of Virginia's commercial forest land has been under some form of organized protection. The state has been active in the "Keep Green" program, encouraged nationally by American Forest Products Industries, since 1945.

The findings reported in the Virginia forest survey, according to Gillett, emphasizes the fact that America's forestland, if wisely managed and protected from fire, insect damage and disease, can produce all the wood this Nation needs, even during peak emergency periods.

"Virginia," Gillett stated, "provides an excellent example of what can be accomplished forestry-wise when the state, forest industries, land owners and public and private agencies cooperate in programs for better woodland protection and management."

In the years just ahead Virginia can be expected to make further strides in forest management. Today it ranks eleventh among the Nation's lumber producing states. The state's nearly 3,000 wood-using plants together constitute Virginia's third most important industry. From standpoint of employment the forest industries rank second.

Since 1947 Virginia has had an active "Tree Farm Program" underway. More than 180,000 acres of privately owned timberland, certified in the program, are being managed on a sustained-yield basis for regular and continuous forest production.

In addition, a well-organized "More Trees for Virginia" program, sponsored jointly by the state and forest industries, is now engaged in teaching woodland owners, largely small farmers, how to grow regular cash crops of wood. The "More Trees" program stresses forest protection and wise management, Gillett said.

SOMEBODY IS BREAKING THE LAW!

This law was enacted by your state legislators to protect the highways and save the taxpayer money. It places a legal weight limit on trucks operating over your highways. That limit was established with the positive knowledge that weights in excess of this limit will break down the highways and cost you, the taxpayer, more money.*

WHEN SOMEBODY BREAKS THIS LAW, "SOMEBODY" REACHES INTO YOUR POCKET AND TAKES PART OF THE MONEY YOU HAVE EARNED FOR FOOD, SHELTER AND CLOTHING, AND USES IT FOR MORE ROAD REPAIRS.

The highways belong to all the people. They pay the bill. The general taxpayer pays 48% of the cost of building and maintaining public roads; passenger car owners — 34½%;

light truck owners — 13½%; and heavy truck operators — only 4%. Contrast this situation with that of the railroads. They do not get one cent of your tax money for construction and maintenance. They buy their own rights-of-way, build their roadways and maintain them — out of their own pockets. In addition, they pay millions of dollars in taxes which help pay for schools, streets, police and fire protection, health facilities and better living.

Remember — every time a heavy, overloaded truck rolls over your highways, it costs you money. Highway load limit laws are broken, many times daily. If you want to save your tax dollars and protect your highways, write to your state legislators. Ask them to see to it that your state highway load limit laws are strictly enforced.

*Highway authorities are becoming more and more concerned over the fact that public roads are being overloaded in both traffic volume and structural capacity, with consequent heavy damage and high repair cost. According to these authorities, heavy overloaded trucks are prematurely destroying thousands of miles of the nation's highways. They are making bituminous roads rough and rutted, and causing concrete roads to pump at the joints and deteriorate rapidly. Strict enforcement of your state highway load limit laws will protect your roads, and save you tax dollars.

Norfolk and Western Railway

Order Limiting Shipment of Spuds Changed

The order limiting shipment of potatoes from the Southeastern production area to U. S. No. 1 grade or better, 1 7/8 inches minimum diameter, has, upon recommendation of the Southeastern Potato Committee, been changed so that lower grade potatoes can be marketed, according to J. C. Broome, manager, Southeastern Potato Committee.

The order allowing the lower grades to be shipped reads as follows:

"During the period beginning July 19, 1949 and ending July 31, 1949 no handler shall ship potatoes grown in the Southeastern States production area which do not meet the requirements of U. S. No. 2 grade or better grades, 1½ inches minimum diameter as such grades and sizes are defined in U. S. Standards for potatoes."

According to the above all potatoes grading U. S. No. 2 or better and over 1½ inches in diameter may be marketed. All potatoes must be inspected by the Federal State Inspection Service.

The above revision in the order does not affect potatoes for canning, for export, or potatoes moving to washers within the area.

Home Safety Check-Off List Prevents Household Mishaps

PHOTOGRAPHS
for
All Occasions
SIMMONS
PHOTO SERVICE
Phone 1938

Most parents, when they read or hear of a household accident, make a safety check of possible hazards around their own home. The wisest of them, however, make such inspections a routine part of their duties.

Dr. Josephine H. Kenyon, director of Good Housekeeping magazine's Baby Center, suggests a safety check-off list in the August issue. Under the heading: "How can home accidents be

avoided," she writes:

"Check all electrical appliances and lamps for short circuits; replace defective sockets and old brittle insulation. Install window guards, and place gates on cellar and attic stairways. Keep toys and other articles in their proper place, where no one will stumble

over them." Fill in all unused and open wells, deep holes, or old cypress cellars on your property. Keep gasoline and other flammable fluids away from the house and properly protected. Containers for sharp knives and a cello net for medicines and dangerous poisons—insolubles, cleaners,

etc.—should be installed high on a wall, beyond a child's reach. Heating and kitchen stoves and fireplaces should be guarded; handles of utensils on the stove should be turned away from the outside edge, so they're not a temptation to small hands. Do

not place radios in the bathroom, and make it impossible for anyone to use the phone while in the bathtub."

Dr. Kenyon also writes about first aid and answers questions about removal of small splinters, treatment of sunburn and con-

ventions in the same issue.

Give a modern aircraft carrier 24 hours and it can be hidden anywhere within more than 1,000,000 square miles of the ocean's expanse surrounding the ship's last known position.

By J. J. Lee
In a small square on the main beach between the Princess Anne Hotel and the Breakers Hotel several athletes every Sunday afternoon perform exercises and a variety of unique athletic stunts. And every Sunday that section of the beach is crowded with spectators. A great many mock the boys. "Exhibitionists show-off, and clown," are some of the comments. Sometimes the criticism that is heard is greater than the praise.

Despite the adverse comments, the boys are providing entertainment often even for those who condemn the "exhibitionists." The project, which was organized this summer, has grown gradually and steadily during the past two months. Practically every Sunday entertainers from the various night clubs and occasionally nationally known gymnasts and weight lifting experts join the beach athletes.

So far the project has been almost wholly an exhibition. But, according to Bill Calhoun, who is helping to promote the project and who was himself a gymnastic instructor for many years, and an athletic dancer, the aim of the group goes further than providing vacationers with a beach show.

The boys are anxious to give instructions on weight lifting, tumbling, wrestling and other forms of body building sports, to youngsters. They are interested in developing a beach recreational center to provide equipment for volleyball, water sports and other athletics that may be played on the sands. They are interested in promoting a civic set-up similar to the one at Santa Monica, California, called Muscle Beach, and which is known throughout the country for its beach recreational facilities and talented muscle performers.

Health Beach, the name given to the small sand show spot here, has greater promise than just being a place for the muscle men to perform and entertain.

It could develop into a recreational spot that would offer vacationists just a little bit more than what is offered them now—that is, the Atlantic Ocean. It could also serve as excellent advertisement for Virginia Beach.

So far, however, the town and the Chamber of Commerce has shown little interest in the group. No help, other than giving the athletes permission to use a small section of the beach, has been provided.

At least one night club at Virginia Beach serves ice patterned after do-nuts. The quick-cooling ice is still square, except for a round hole in the middle of it.

John Smith, beach concessionaire, came up over the week-end with something new and cool in the way of hats. He was sporting an umbrella hat which folded up neatly like an umbrella when not in use. According to John, the hat was made in Canada for tropical countries.

The canal which was dredged between Broad Bay and Lynnhaven Inlet for boats going to and from Lynnhaven and Broad Bay is slowly filling up. Skippers going through the canal are going faster than the six miles an hour speed limit causing the backwash from their boats to cave in the banks. Several of those who made the project possible have said that boat operators are not cooperating. If the skippers don't slow down, they will soon find that they will be blocked completely by the fill-in.

Acrobatic dancers, according to one report, are having to cut down their acts at the Latin Quarter due to a low ceiling.

Jard's and Shelly's Triumph in Girl's Softball League

With Marion Shaefer and Nita Aldridge each hitting a home run Jard's edged Forbes' Sweeties in the Girls Softball League 10 to 5 at the playground Friday night. Shelly's trounced the Pungorettes 11 to 4 in the final game of the night. Outstanding players for Shelly's were Frances Hill and Irene Finkle, who knocked out the only home run of the game.

VIRGINIA BEACH, VIRGINIA — FRIDAY, AUGUST 5, 1949

Barter Players To Present Comedy At Cavalier Club

IAN KIETH—Who will be co-starred with Margy Gould in the Barter Theatre production "Accent on Youth" to be presented in the Panoram Room of the Cavalier Beach and Cabana Club Sunday night, August 14.

Miss Simpson in Play at Princeton Drama Festival

Miss Carol Simpson, director of Virginia Beach's Little Theatre, has just completed a one-week's appearance in "Present Laughter," which stars Edward Everett Horton, at the Princeton Drama Festival, Princeton, New Jersey.

Miss Simpson, long known in the Tidewater area for her dramatic ability, is also assistant to the director of the play, Henry Caplan.

The Drama Festival, which is in its third season, is one of the summer's outstanding theatrical events on the East Coast. Guest stars this season have included: Sonny Tufts, in "Petitcoat Fever," and Helen Hayes in "Good Housekeeping." Miss Simpson is a member of the acting staff supporting the guest artists.

Margy Gould and Ian Kieth to Appear in Leading Roles

The Barter Theatre will present the comedy "Accent on Youth" in the Panoram Room of the Cavalier Beach and Cabana Club Sunday night, August 14. The production, the second to be offered here this summer by the Barter group, will be open to the public.

Margy Gould and Ian Kieth will be co-starred in the leading roles. Kieth will take the part of a famous middle-aged playwright who falls in love with his secretary, while Miss Gould will enact the part of Linda Brown, the secretary.

The Barter Theatre group presented "Ladies in Retirement" at the Cavalier Beach Club in July. They were well received by a capacity house of about 500 people. Margy Gould made her first appearance with the Barter players in a role in "Ladies in Retirement," which has been presented this summer throughout Virginia, North Carolina and Tennessee. Previous to joining the Barter Players, Miss Gould had appeared on Broadway, in California, Boston and in several southern states.

She is the author of a new novel, "The Dowry," which will be released some time this month.

Kieth, well known in Broadway and Hollywood circles, has performed for many years both on the stage and screen.

A group of outstanding Barter actors will round out the supporting cast.

PROMINENT GUESTS AT THE PRINCESS ANNE

Mrs. Evelyn Pradlow and daughter, of New York City, are staying at the Princess Anne, Judge and Mrs. James J. Lauria, also of New York, concluded a visit there this week.

TENNIS CHAMPS—Alan Raymond, winner of the Junior Tennis Tournament at the Playground, is shown receiving his trophy from Mayor William F. Patton. Raymond also entered the men's division, and worked his way into the finals before going down in straight set to winner Bill Bratt (at right). —Boice Photo.

Lombardo Band Appears at Newly Altered Surf Club

Guy Lombardo and his "Royal Canadian" orchestra will appear at the newly altered Surf Club for a week's engagement beginning tonight. Lombardo's will be the ninth nationally known dance orchestra to come to the club this season.

Lombardo, whose unique orchestral arrangements have been built around a large saxophone section, has consistently won honors in the music world. But in addition to the recognition he has achieved through the movies and radio, he has also gained quite a reputation for his speedboat antics.

The success of the Royal Canadian in 1931 allowed Lombardo to fulfill a boyhood ambition. He bought a small craft and named it "Tempo."

Lombardo used "Tempo" and "Tempo II," which he bought in 1931, mainly to master the tricks of piloting. Eventually, "Tempo II," whose engine was defective, exploded and sank.

Then in 1930, after witnessing the racing of the Gold Cup classic, he bought his first real racer, "Tempo III," a 225 cubic inch job, with which he raced in 1939 and 1940, rapidly establishing himself as one of the top pilots in the lightcraft division.

In 1946, two boats later, Lombardo with "Tempo IV" won the World Series of speedboat racing—the International Gold Cup Regatta. In winning the Gold Cup, Lombardo smashed two previous world records.

Lombardo is one of the few band leaders to gain world fame in two fields.

Orrin Tucker Band Next Attraction At Cavalier Club

The popular young band leader, Orrin Tucker, who rode to fame on a revival of an old tune, "Oh, Johnny," brings his sixteen-piece band to the Cavalier Beach Club today for two weeks.

Leading the band is just one of many jobs for the talented Mr. Tucker. In his "spare" time, he doubles as arranger for the crew, composes hit songs and practices his sax and clarinet technique or solos with the group.

Novelty numbers in the Tucker repertoire are somewhat unusual for the dance band trade. They are more reasonably classified as reduction numbers, somewhat like the lines of Fred Warling's offerings. Tucker employs every device known, presenting every member of his troupe to the best advantage in such numbers.

Already a favorite at Virginia Beach, Tucker's band, which is saying a repeat performance at the Cavalier, has "redoped" or long runs at the Waldorf Astoria, the Ritz-Carlton, the Roosevelt, and many others. In addition, Tucker has been featured on records and radio ever since his rise to fame in 1937.

Two top bands are scheduled to round out the season at the Cavalier. Jack Fina plays the Beach Club August 18 through 25. Henry King moves in on August 26, playing until September.

The Merrimac, famous Confederate battleship, was converted in stone drydock in the Norfolk Navy Yard, Portsmouth, Virginia, in the Civil War.

Very Heavy Boat Traffic Through Lynnhaven Inlet Points to Need Of Different Type of Bridge

Large Catches of Bass, Flounder, Blues Reported

Croakers Plentiful In Lynnhaven Inlet According to Poole

Numerous large catches of fish were made during the past week off the shores of Cape Henry and Virginia Beach with promise of even better catches during the present cool spell, according to James Poole, owner-operator of Poole's boat house at Lynnhaven Inlet.

Some 250 pounds of fish were brought in from nine boats during the past week-end alone, he said. Seven parties on Saturday were over the outer reef, which is south of Virginia Beach and 30 miles out.

Sportmen have been catching sea bass, small blues, flounder and an occasional dolphin and amberjack. Croakers have also been plentiful in the inlet. Some fishermen, Poole said, were hauling them in two at a time over the week-end.

Ed Ames, of Virginia Beach, and another fisherman, out on the Linda, brought in about 150 small blues weighing from a pound to a pound and a half. They trolled for the small sport fish off Cape Henry Saturday.

C. F. Harvey and party from Greenhager, N. C., out on the Linda last Sunday, were satisfied with 180 sea bass and returned early in the afternoon.

Best catches, Poole said, have been made using small spot and "bunker" for flounder bait, squid for bass and "chicken bones" for blues.

E. Pals, of Virginia Beach, and party brought in 19 flounder weighing up to 10 pounds, which Poole said, has been about the average catch during the preceding week.

The flounder have been large but not numerous, he said. The largest catch of flounder was made off Cape Henry two weeks ago by Al Calhoun and party who brought in 130 odd.

Although only one amberjack has been caught, Poole said they don't usually start running until the last two weeks in August.

Leaner Draw Bridge Raised 1,262 Times During July

Need for a draw bridge to replace Leaner Bridge, which will provide enough clearance for small craft without raising the bridge, has become increasingly apparent with the summer's heavy traffic, both in the inlet and on the Shore Road.

As the bridge now stands, the draw bridge must be raised to allow the passage of small craft of whatever size since the clearance is insufficient. Vessels have the right-of-way over road traffic, and as many as 150 automobiles were tied up at one time last week-end to allow passage of one small fishing boat.

The Lynnhaven Waterways Improvement plans call for a draw bridge with a 60-foot clearance.

Judging from a report received from the Leaner draw bridge, at Lynnhaven Inlet, more people are taking to small ocean-going craft to try their luck with the rod and reel. The bridge was raised 1,262 times during July—well over the number for any preceding month, according to operator C. W. Thomas.

Sunday, July 24, traffic was held up 87 times for small craft passing in and out of the inlet. During the entire month the draw was raised an average of 40 times a day.

Every boat that passes through must be recorded, Thomas said. The name of the boat, number, the time it passes through, the time the bridge is raised, complaints from skippers, whether the boat clears the bridge, the weather, road conditions, approximate number of automobiles that are stopped and several other notations must be entered in the log when a boat passes through. Thomas said.

Due to the strong tide, it is not unusual for a boat to become off the leaders of the bridge. Some skippers have to try two or three times before they are able to maneuver their craft through the opening. The bridge is opened for about five minutes each time a boat goes through, he said.

Reports are forwarded to the State Highway Department every month.

Perfumed Wrestler Gorgeous George Bound for Norfolk

Georgious George, the perfume-wrestler, will return to the City Auditorium at Norfolk on Thursday, August 11, to oppose John Hagy Marrs, 230-pounder from Bristol. In the night's feature wrestling attraction, promoter Sam Lewis announced this week.

G. G. is the wrestler with the hairdo. Just as soon as he arrives in a city where he's scheduled to wrestle, he heads for a beauty parlor. There he has his blond locks curled and sprayed with his favorite perfume, "Georgious George No. 4."

Georgious George, accompanied by his valet, puts on a real show enroute to the wrestling ring. He parades down the aisle as his valet sprays perfume on him and all around him, while the wrestler distributes gold "George" pins to the women fans.

He not only provides a good show, but he holds his own in the ring. Marrs, who was raised on a farm and is known as "Red," and the guy with the blond hair, a rascled customer when they tangle.

Entertainment Calendar Beach Clubs

CAVALIER BEACH CLUB—Ocean Front at 40th Street. George Olsen and his band to play through August 4. Tea dances in the afternoon, except Mondays. Admission limited to members and guests.

SURF BEACH CLUB—Ocean Front and 57th Street. Charlie S. Ivak and his orchestra will entertain through August 4. Tea dances in the afternoon. Admission limited to members and guests.

CARNIVAL CLUB—Atlantic Avenue and 14th Street. Ken Paige and his all-colored orchestra featuring three vocalists and trio. Here for extended stay. Tea dances in the afternoon.

DUNES CLUB—Ocean Front at Avenue D. Billy Cooper and his orchestra and floor show featuring Eddie Garr, comedian; Park and Clifford, singing acrobats; Lee Bartel, comedy singer. Floor shows begin at 8:30 p.m. and 12:30 a.m.

FINEY POINT BOAT CLUB—Larkin Road, just outside town limits. Caesar Gonzmart and his Latin band, plus The Kings and Their Ladies, dance group; Mymer and Sears, piano team. Shows begin at 9:30, 11:45 p.m. and 2:00 a.m.

TOP HAT—Atlantic Avenue and 30th Street. The Californians, and their "Brazilian" little band. Also the all-colored Bop Trio and Jessie Griffiths at the organ. Tea dances in the afternoon.

Cinema Attractions

BEACH THEATRE—Atlantic Avenue and 26th Street. Friday and Saturday: "House of Strangers," starring Richard Conte and Susan Hayward; Sunday: Monday and Tuesday: "Any Number Can Play," starring Clark Gable and Alexis Smith; Wednesday, Thursday and Friday: "Look for the Silver Lining," starring Jane Haver and Ray Bolger.

FAYNE THEATRE—Atlantic Avenue and 16th Street. Friday and Saturday: "Daughter of the West," starring Martha Vickers and Philip Reed; Sunday and Monday: "Sitting Pretty," starring Clifton Webb, Robert Young and Maureen O'Hara; Tuesday, Wednesday and Thursday: "The Judge Steps Out," starring Alexander Knox and Ann Sothern; Friday and Saturday: "Massacre River," starring Guy Madison and Rory Calhoun.

NORFOLK DRIVE-IN THEATRE—Outside Norfolk City limits on the Virginia Beach Boulevard. Shows nightly.

Muscle Posing Acts Included In Exhibition On Beach Sunday

Well known muscle posing athletes and champion weight lifters will compete for the public's eye when they stage the largest exhibition of muscle posing acts, weight lifting contests and variety stunts ever presented on Virginia Beach.

The muscle men are scheduled to begin their acts at 2:00 p.m. Sunday, on the section of beach near 25th Street, now called Health Beach.

Ham Heine, of Norfolk, who was voted "Mr. Chicago" while attending school there and was runner-up in the recent Junior Mr. America contest, will present a muscle posing and control act along with "Mr. Virginia," Willard Logwood, of Lynchburg.

The champion weight lifters of Virginia and North Carolina will engage in a contest on the small platform on the beach.

A variety show similar to the ones presented every Sunday by Norfolk and local athletes will also be included on the program.

SINGING STAR—Dot Bland, who will appear as one of the feature attractions at the Beach Club next week. Three other new acts will join Miss Bland.

PROMINENT GUESTS AT THE SPOKESWOOD AERES

Igor Bouryannine, of New York City, who is a composer and conductor, and Lucille Schenck, of New York City, author, are among those visiting at the Spokeswood. Other vacationists are Garland L. Wood and family, of Richmond, Va., and Mrs. Sydney Wright, of Detroit, and Mr. and Mrs. T. Ash, of Watts and son, of Lynchburg.

TWENTY-FIVE YEARS AT VIRGINIA BEACH

Virginia 4-H Girls Canning Year-Round Supply of Foodstuff

It'll be June in January for Virginia 4-H families when it comes to eating fruits and vegetables next winter. Girls enrolled in the 1948 National 4-H Canning Achievement awards program have learned to estimate family food needs, and have their food preservation plans pretty well worked out. They are doing a lot to top last year's national output of 17 million quarts canned by 4-H Club girls.

In addition to providing healthful nutritious dishes for daily meals, the canning project cuts food costs considerably. Most of the produce, meat and poultry is raised on the home farm. The girls are aware of the importance of fruits and vegetables in the winter diet and see to it that there's a plentiful variety served at the family table. To exhibit prize jars of sparkling jellies, cool green pickles and bright colored vegetables is the ambition of every girl.

Records are kept of amount, kind and value of canned products, giving Virginia 4-Hers an opportunity to qualify for monetary awards in the program by the Kerr Glass Manufacturing Corporation. Kathleen Mullins, of Clinchwood, was the 1948 state champion, winning a trip to the National 4-H Club Congress in Chicago. Medals of honor were presented to 51 county winners. Besides these awards, six \$300 scholarships are given to a na-

tional group selected from the state champions. The Cooperative Extension Service supervises the activity.

Virginia's Navy was the largest of those maintained by 11 of the original 13 Colonies.

We have the investment you're looking for... if you expect liberal earnings and insured safety

Lack of Funds Cuts off Beach Advertising Program; Rate of Inquiries Drops Immediately

Mailhes Asks Money To Advertise for Fall Business

"Any decrease in business between now and September 30 can be partially attributed to lack of advertising," according to Alvin M. Mailhes, executive director of the Chamber of Commerce.

Mr. Mailhes, in reporting the progress of the Virginia Beach advertising campaign, which was initiated by the hotel association, revealed that all advertising was cancelled July 10 due to the lack of funds caused by a poor response to the advertising campaign.

A good indication of the effectiveness of sound community advertising is clearly shown in the flow of mail into the Chamber office, Mr. Mailhes said. Between May 1, the date this year's advertising program got underway, through Sunday, July 10, inquiries from prospective visitors reached a record-breaking 350 per day. One week after the last ad appeared on July 10 this daily average figure was reduced to less than 50.

Originally designed as a "\$40,000 advertising program," then progressively reduced to \$35,000, and later to \$30,000, the program was cancelled when only \$15,000 was subscribed by hotels and merchants of Virginia Beach and Norfolk, according to Mr. Mailhes.

A large-scale advertising schedule was launched on May 1 with Virginia Beach advertising appearing each Sunday in some 33 newspapers located in the East, Mid-West and South. The response to this program was good, the Chamber of Commerce director said, and much business was realized from the advertising.

According to Mr. Mailhes, many hotels and merchants gave their full support to the program, but in the final analysis Beach advertising "has been supported by a few for the benefit of the many."

It is still hoped that some more money may be collected to advertise for late or fall business, he said, and anyone who has not contributed is asked to send in his check to the Chamber office.

Special Meeting of Town Council

A special meeting of the Virginia Beach Town Council has been set for August 29 at 8 p. m. in the Council Chambers to pass the budget on second reading.

An amendment to the zoning ordinance to change certain lots near Parks Avenue from Residence "B" to Business District will also be heard.

Fires Damage Barracks Buildings At Camp Pendleton

Each Fire Shows Evidence of Incendiarism

Three unoccupied "Under dry" Army barracks at Camp Pendleton were damaged by fire at different times Tuesday night and Wednesday morning. The fires were presumably started by a "fire-bug," according to Lt. Col. R. C. Flanagan, Commander of Headquarters and Headquarters Detachment, Virginia National Guard.

The second fire, reported at 5:00 a. m., did considerable damage to the roof and second floor of one of the vacant barracks, before the camp fire department and Virginia Beach firemen could bring it under control.

Col. Flanagan said that several kerosene soaked rags were found in the building and the odor of kerosene could be smelled by firemen who first entered the building. He estimated the damage to the barracks to be between \$500 and \$1,000.

Immediately after the second fire the guard around the camp was doubled and roving sentinels were placed on duty. Many of the dilapidated vacant barracks were still unlocked after the final fire.

A sentry was also stationed in front of Governor Tuck's summer home nearby, where Mrs. Tuck and several friends were staying.

Indications that the fires were started by an arsonist were evident in the first fire, which took place a few minutes before midnight. A partially burnt mattress was the only damage. Several sticks, charred matches and paper were found on the springs under the mattress.

The first two fires were discovered by sentry Robert Lee Watkins, of Battery D, 710th Anti-Aircraft Battalion.

The final fire broke out at 10:45 but caused only minor damage. Rubbish and heavyboard from the barracks had been arranged on the floor of the building, indicating that the fire was started by an arsonist, Col. Flanagan said.

According to Lt. Daniel M. Gardner, Post Engineer, the fires were not caused by any electrical difficulties.

Although Col. Flanagan feared that the "fire-bug" would attempt to begin more fires, no more had been reported by Thursday morning.

The fires are being investigated by Camp Provost Marshall, Maj. or Captain Dunn, and Fire Marshal Capt. Arnold Proctor. In addition, the county and Beach police departments, the Federal Bureau of Investigation, and the Norfolk, State District Fire Marshal were investigating.

Seven hundred and twenty-five officers and men of the Virginia National Guard are stationed at the camp. They will depart the state-operated Army camp tomorrow.

One of the suggested texts is: "Greetings from Virginia Beach the little town by the sea, where folks come to relax and play folks like you and me."

Use of the souvenir telegram on a trial basis this year at the inaugural ceremonies at Washington, the American Bowling Congress at Atlantic City, the Maryland Derby at New Orleans, and the Kentucky Derby at Louisville, indicated the public appeal of its service. Inauguration of its use here and at other vacation points followed.

Miss Sue Lewis and George Lewis, of Portsmouth, are visiting Mr. and Mrs. Leon T. Seawell at their cottage on 44th Street.

CLIMAX—Climaxing the celebration last Saturday night of "Bubbe" Byrne Night, honoring Virginia Beach's fire chief for his many public services, was the presentation of gifts to Chief Byrne. Shown above are Chief Byrne, Mrs. Byrne, Mayor Hatfield, who acted as master of ceremonies, and Earl Wiles. (Simmons Photo)

Farm Bureau Gets Tire Discount for County Farmers

Bureau Also Names Committee to Assist With County Fair

Directors of the Princess Anne County Farm Bureau have entered into a contract with a local automotive supply company to sell truck and auto tires and other services to the membership at discounts ranging from five to twenty-five per cent, according to an article appearing in the current issue of the Virginia Farm Bureau News.

In a news letter to the membership, F. B. Bureau President Grayson M. Whitehurst said the contract is in addition to a similar agreement with another supplier who handles a different brand of tires.

The news letter said the Princess Anne board of directors also—

Unanimously endorsed a County Fair being sponsored by the Princess Anne County Woman's Club in September. A committee was named to represent the Farm Bureau in working up exhibits for the fair.

Discussed the forth-coming annual meeting of the organization and named a committee to secure an outstanding speaker for the occasion.

Authorized the Farm Bureau's livestock committee to organize a tour of interesting livestock and pasture demonstrations in the county and invite all 4-H members carrying a livestock project to make the tour.

Souvenir Telegrams By Western Union Inaugurated Here

Of special interest to vacationers here at Virginia Beach is the inauguration of a new souvenir telegram for sending greetings to the folks back home, it was announced today by George Powell, local Western Union manager.

On the new telegraph sending blanks are pictures in color representative of famed vacation spots. The visitor may write his own message or use one of the suggested texts conveniently provided on the local blank.

Use of the souvenir telegram on a trial basis this year at the inaugural ceremonies at Washington, the American Bowling Congress at Atlantic City, the Maryland Derby at New Orleans, and the Kentucky Derby at Louisville, indicated the public appeal of its service. Inauguration of its use here and at other vacation points followed.

Miss Sue Lewis and George Lewis, of Portsmouth, are visiting Mr. and Mrs. Leon T. Seawell at their cottage on 44th Street.

Town Council Makes Good Promise To Cut Taxes in Half Following Reassessment

Oceana School Band Organizes; Officers Elected

First Appearance Of Band to be at County Fair

The Oceana School Band was organized last week at a meeting at the Oceana High School auditorium, and their executive board met on Friday to draw up by-laws and select committee chairmen for consideration at the September meeting of the group.

Officers elected were: Maurice McKinney, president; Charles H. Hitchings, vice president; Mrs. Clayton Davis, secretary-treasurer.

At the organization meeting, action was taken to purchase new uniform coats for members of the band.

Elected to the board of directors were Mrs. Beatrice Curles, Mrs. J. D. Murden, Mrs. Albert Redfern, Mrs. Donald Kunkler, Mrs. Lewis Kennedy, Mrs. Warren Brinkley and M. L. Duke. Mrs. M. L. Duke and Mrs. Charles Hitchings will serve as band mothers.

The Oceana School Band is composed of 75 pieces, with a majorette corps of approximately thirty girls. The band has been holding rehearsals twice a week during the summer under the direction of James A. Cantwell, bandmaster, in preparation for the full schedule for the coming school year.

Their first appearance will be at the Princess Anne County Fair in September.

Sunday School Time Changed at Galilee

Scheduled hour for Sunday School at the Galilee Episcopal Church has been changed from 9:30 to 9:45.

The change, which was brought about by bus schedules which would bring the youngsters to Sunday School too early, affects the Junior-Senior Department. It will be in effect until further notice.

Methodist Church to Hear Supply Pastor

The Rev. G. T. Forrester will substitute in the pulpit at the Virginia Beach Methodist Church at the 11 a. m. service on Sunday, August 14. Roy R. Jackson will be supply pastor at the 8 p. m. service.

The pastor, the Rev. Frank H. Van Dyck, Jr., is on vacation.

LADIES OF SHRINE TO SPONSOR DANCE

The Ladies of the Shrine, the Patrol of Zuleika Court, are sponsoring a dance at the Shrine Beach Club next Thursday, August 18. Music will be by the club orchestra.

Busy Session of Council PASSES Budget on First Reading; Renewal of Water Contract With Norfolk Approved for Five Year Period

The Virginia Beach Town Council made good on its pre-bud referendum promise to halve taxes to residents when it adopted on first reading an overall tax rate of \$2.15 per hundred dollars for Virginia Beach. The 60 cent general fund tax to Princess Anne County remains unchanged, and brings the total tax for town and county to \$3.75, just half of last year's \$7.50 rate.

In addition, the council passed on first reading the 1949-50 budget, which goes into effect September 1, amounting to \$673,321, as opposed to last year's \$683,350. The latter, however, included the school budget and the balance of the school fund (used for general fund purposes) which amounted in total to \$110,000. This year's school budget, adopted at the August meeting of the council, amounted to \$87,400.

The new tax rate reflects the town's promise to maintain dollar taxes to the citizens after assessed valuations of real property were doubled early this year to allow for floating of a bond issue for public improvements.

Mayor W. F. Patton said: "Town officials have carried out their promise to the people of Virginia Beach that the tax dollar would not be increased with the doubling of the assessment."

Reassessment of the property was necessary at the time because the town had reached its legal bonded limit.

The \$3.75 rate includes a 75c school tax, compared to last year's \$2.50 assessment for that purpose, and 60 cents for Princess Anne County's general fund.

County Fund to Come Back Mayor Patton further pointed out that the additional general fund rate paid to the county will in effect, come back to Virginia Beach. The county, he said, has recently signed a contract for fire protection with the town amounting to \$18,000 more than in previous years.

The school budget, which this year was not included in the general funds outlay, represents an increase of \$5,440 over last year's total.

However, the 1948-49 overall budget of \$686,350 included \$110,000 in school taxes paid to the county which were returnable to the town. Of this amount, \$81,900 was paid out for schools and the balance added to the general fund.

As compared with last year's real estate taxes, the town will realize about \$7,000 less even though there are more taxpayers this year, according to town officials. This year's anticipated revenue from real estate taxes is \$349,190 on the basis of assessed valuations of \$7,750,000.

General fund taxes to go to the county were doubled, jumping from \$26,800 last year to \$53,600.

Surprise Addition This year's surprise addition to the budget was a reserve for contingencies, amounting to \$25,000.

Woman's Club Invites Participation in Art Show at County Fair

The Woman's Club of Princess Anne County invites any resident of the county, child or adult, to compete for prizes in the Art Show at the Princess Anne County Fair to be held September 23, 24, 25, at Casino Park, Virginia Beach.

The Art Show will include any original manuscript, prose or poetry, play or radio script, newspaper stories or editorials, imaginary or real, to be submitted in legible manuscript style. Children will compete apart from adults.

Entries are to be mailed to Mrs. George L. Aldridge, 1605 Mediterranean Ave., Virginia Beach, Va., not later than September 15, in a strong envelope and must contain full name, address, phone number if any, and ages of contestant.

Names of judges will be announced later.

Water receipts for 1948-49 have been estimated at \$145,000; last year they were \$140,000.

Removal of the water contract with the City of Norfolk was approved for a five-year period. A rate increase from 15 to 20 cents per thousand gallons, effective January 1, 1950, was provided. Also in the contract is the provision that in the event Norfolk finds it necessary to sell \$4,000,000 of water bonds in the future, the rate then will go to 23 cents. Norfolk City Manager C. A. Harrell said in a letter to the council. But this is not probable before 1952.

Virginia Beach Town Manager Lawrence Lockwood reported that the town's request for clean-up plus LST's had gone to the Army Engineers and had been forwarded to the National Bureau of Health in Washington. The town has proposed the beaching of the surplus LST's at the south end of the beach in the hope the beach would be built up. Lockwood said that it was hoped that approximately 500 tons of the LST's would come from the Marine Base in order that the town could take up its request with the Fifth Naval District and be able to beach the LST's by October 1.

The council also adopted an ordinance increasing the rate for sewage treatment to households. Instead of the flat rate previously charged, they set a rate based on consumption of water. This amounts to 35 cents a month up to 4,000 gallons of water consumed; an additional 10 cents per thousand gallons up to 10,000 gallons; nine cents per 100,000 gallons; and an additional eight cents over 250,000.

Other Council Action

In addition to the adoption of the 1949-50 budget for Virginia Beach, the Town Council:

1. Will investigate through the Interstate Commerce Commission why the Western Union office of Virginia Beach cannot stay open after six o'clock in the evening. Operation now ends for the 6 p. m. closing, after which time Beach people sending telegrams are forced to telephone their messages through to Norfolk, thus adding a 35 cent toll charge to the cost of the message.

The council will seek to have the office remain open or the Telegraph Company about the toll charge.

2. Increased the cost of water connections on pipe sizes 1 1/2 inches and over. Present rate for connections is: town, \$60 for 1 1/2-inch size, county \$125; town, \$100 for 1-inch connections, county \$165; town \$160 for 1 1/4-inch connections, county \$190; town \$120 for 2-inch connections, county \$205. The last two sizes between \$115 and \$160 for 1 1/4-inch; \$160 and \$225 for 2-inch. In addition the cost of material and labor will be added.

3. Moved to recommend that the section of Baltic Avenue from 27th Street south to 34th Street, comprising one-fourth mile, be taken into the State's system of secondary roads.

4. C. E. Gassett was named district planning inspector, at a salary of \$225 monthly. He took over the duties of the late planning commission member, who was named by the town's planning commission, headed up by Council member town engineer.

YOUNG MUSICIANS—Five of Princess Anne County's outstanding young musicians shown above will attend Summer Youth Music School at New Hampshire University, Durham, New Hampshire, which begins tomorrow and lasts until August 30. The boys were selected on the basis of their ability and interest in a better musical education. The five are Waverly Duke and Walter Whitehurst, of Oceana, and Al Hodgkin, Gordon Barker and Merrill Barrett, of Kennerly. Shown with them is J. A. Cantwell. (Simmons Photo)

PHONE 308

Entered as second class matter August 7, 1935, at the Post Office of Virginia Beach, Virginia, under the Act of March 3, 1879.

STEP-MAMA NOW

The editorial appearing in the Raleigh, N. C., News and Observer is not necessary to refer to any Virginia political differences in the recent primary to congratulate Virginia on the selection of a North Carolina native as its Governor. The victory of John Stewart Battle, native of New Bern, however, emphasizes a peculiar situation in the Old Dominion. Today not one of the three chief elected officials of Virginia was born in Virginia. Virginia's senior Senator and House, Harry Byrd, was born in Martinsburg, West Virginia, so was the junior Senator A. Willis Robertson. Neither Byrd nor Robertson mention their natal lapses in the Congressional Directory, but Battle, quite naturally, makes no secret of his North Carolina birth.

The Old Dominion used to be the Mother of Presidents, but now the old lady can't even produce her own first sons. North Carolina is ahead, however, to join West Virginia in helping her out.

Maybe the election on Tuesday was just another step in political proof of the statement made some time ago that as the Mother of Presidents, Virginia has not even been pregnant for 39 years.

THIS TIME NO LAUGHING MATTER

Last Saturday night's raid on the night club, the Latin Quarter, Inc., when gambling paraphernalia was discovered, gave rise to more than the usual crop of laughing stories which follow all raids at Virginia Beach. Everyone is acquainted with these—how there was a "tip-off" that the raid would take place; that costly equipment was suitably moved out before the officers of the law could have an opportunity to move it themselves as evidence, etc., etc.

This time rumors really flew. Not only here but in Norfolk the stories went merrily round and round.

For example, there was the story that a "certain man" approached the citizen who swore out the original warrant (charging that the club was conducting a gambling game) and offered to "make it worth his while" if he would swear in court when the case was heard that he was drunk at the time and did not realize what he was doing.

Another version of the rumor (the Norfolk version) was that a man was involved, a flat \$5,000. Influential citizens were said in an earlier story to have been called upon by a person (not publicly supposed to have any connection as owner or manager with night clubs) with a view to getting their support in an effort to have the warrant withdrawn. In this story, the person was identified by a name which is a familiar one in Beach and County gambling lore, a name usually exemplified with talk of the pay-off.

"The rumors got wilder and more wide-spread with each telling, as rumors are wont to do.

The interesting part is that the names involved (with the exception of that of the complainant) and the unsavory flavor of the whole story of gambling at Virginia Beach were consistent throughout all of the various and sundry versions of the rumors. Implicit through all of them was the pelid and general acceptance by the people of the area of the existence of corruption.

The moral, if any, to this story is that at Virginia Beach rumors certainly do fly.

"HOME OF THE BRAVE"

The management of Virginia Beach's theatres is bringing to the Marine Theatre next week the very controversial motion picture "Home of the Brave," which deals with the inter-relationship of Negro and white.

Critics have praised the motion picture highly not only because of its acting excellence but also because it faces the race problem fairly, and condemns both sides where it is needed.

W. F. Crockett believes that he is doing the right thing in bringing the motion picture to Virginia Beach, and he does so without prejudice. There are many people, he believes, who want to see the picture, and, he says, he has no right to refuse to show it. There are many, too, who will resent the picture, and these he believes should stay away. "The Home of the Brave" is not recommended for children, for it is strong stuff.

LOOKING BACK

TWENTY-ONE YEARS AGO—AUGUST 10, 1928

An unusually light vote in the August primaries, 1,066 for the entire county, was reported in the Virginia Beach Weekly for August 10, 1928. Congressman Joseph T. Deal defeated State Senator John A. Lesner in the Second District.

Additional central office equipment soon to be provided in the Virginia Beach Central Office of the C. & P. Telephone Company involved expenditures in the amount of \$4,500. The Beach Office served 900 telephones, an increase of 491 since the first of the year.

A bond referendum to determine wishes of the people as to whether or not a \$100,000 bond issue to rebuild the Oceana High School recently destroyed by fire was voted on by a large number of county voters. The issue carried overwhelmingly.

The Weekly started listing arrivals at the various hotels and cottages at the Beach, and maintained an amusement guide which was composed of the Roland Theatre, Casino Park and Seaside Park, and the Parliam Night Club.

Behind the Scenes in American Business

By Reynolds Knight

New York—The slow but disconcerting constriction in business activity which has been going on since autumn finally was halted in July. This is clearly indicated by the early statistical returns.

Construction volume rose considerably, steel scrap prices fell, employment rose to a new high for 1949—at \$9,730,000 jobs—and for the first time this year volume buying by wholesalers was noted in some fields. Among other favorable reports was a Commerce Department announcement that the normal seasonal decline in manufacturers' sales was reversed by a gain of \$400 million between May and June, and a Federal Reserve Board statement that commercial bank loans to business reversed a 37-week downturn in the final week of July.

All of which last week led one of the country's most qualified observers of the economic scene who is in close touch with banking and business throughout the country, to talk off-the-record about a "significant and beneficial change" he has seen lately in the attitude of business men. Part of the healthier attitude, he suggested, may be the realization by business that it now must go out and sell goods in a competitive market instead of sitting back and watching the orders pile in as has happened during the last nine years.

PUMPKIN CHICKS—Housewives may have to change their cooking habits to keep pace with the latest improvements in chickens. This is the prediction of Howard C. Pierce, poultry research director of A & P Food Stores, now that changes are being made in the size and shape of chickens.

Formerly, chickens weighing up

The 1928 season showed evidence of becoming the best in the history of Virginia Beach, based on reports coming from the New Ocean Casino and Seaside Park.

Gloria Swanson was appearing at the Roland Theatre in "Sadie Thompson," the screen version of "Rain."

(or larvae) rookeries.

BITS OF BUSINESS—Unlike the mother country, where Socialism has pretty well snuffed the mining industries, Canada is rapidly developing its sources of underground wealth. An oil boom that has even Texas envious is boiling in western Canada. In eastern Canada notable gains are being made in the output of asbestos, gold, silver and clay products, says the Quebec Department of Mines. . . . In western U. S., sugar beet processors are getting ready to spend \$3 million in an effort to convince housewives that their product is every bit as good as cane sugar. . . . Wholesale food prices are on the rise again. . . . The first international trade fair ever to be held in this country is slated for 1950. Just an old European custom these "business men's fairs" are designed primarily to increase international trade. . . .

THINGS TO COME—Not to be outdone by the chicken breeders a Britisher has come up with a streamlined chicken wire—as strong as steel, but completely rustless and only one-third as heavy as ordinary chicken wire. . . . A device for preventing a short circuit from occurring in the wiring system of an auto. Controlled by a switch installed in the dashboard, this safety feature protects against fires caused by short circuits, prevents children from starting a car while parked, and eliminates embarrassment when horn button gets shorted in public places. . . . A rust-proofing agent which makes it possible to rust-proof tools and parts without greasing or oiling. Should be mighty handy when it's time to put the garden tools away each fall. . . . A new kind of poison for mice with a name that ought to click. It's "Dynamite". . . . Use of television in movie theatres, in two ways. One would be to present regular telecasts of outstanding public events. The other would be to show a film simultaneously in a large number of theatres by means of closed circuits which couldn't be tuned in upon by home

Let LANKY PLANKY help you plan FARM BUILDINGS

Be sure your new Farm Buildings fit your requirements. Lanky's experts at Princess Anne Lumber Company are qualified to help you plan your buildings to fit the production of your farm. And all the materials you will need are here in one place. Come in and talk over your problems. Be sure your buildings have these features:

BARN

We will plan your barn so that you will have the correct balance between animal capacity and feed capacity. Let us show you how you can save on labor by using laminated rafters—one piece from foundation to roof ridge.

MACHINE SHEDS

Build an inexpensive shed to protect your valuable farm machinery. Binders, mowers, cultivators and discs last longer and do better work if properly housed when not in use.

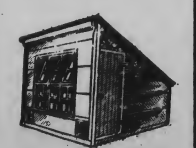

1. Durable foundation.
2. Strength to resist the natural or artificial loads or pressure expected.
3. Enough size to serve the purpose.
4. Labor saving designs.

See that Your FARM BUILDINGS are in Good Repair ✓ CHECK . . .
☐ Roofing
☐ Siding
☐ Doors
☐ Insulation
☐ Ventilators

SILOS

Built of wood or concrete staves, monolithic concrete, vitrified tile. A firmly attached roof adds to the stability, appearance and life of a silo.

POULTRY HOUSES

Can be put relatively close to dwelling but away from highways, barns, hog lots and grain bins. Be sure to insulate.

ZONING NOTICE!

This is to advise that the Zoning Board of the Town of Virginia Beach at a public hearing held on Friday, July 1st, voted to recommend to the Town Council that the zoning of Lots One (1) and Two (2) in Block Nine (9), situate on the northeast corner of Parks Avenue and 16th Street, be changed from Residence "B" to Business District. This meeting was held after due advertisement and the matter now awaits the Council's action.

(Signed) W. H. TERRY, JR., Chairman

This matter will be brought before the Town Council at a special meeting to be held Monday, August 29, 1949, at 4 p.m. in the Council Chambers, at which time any interested persons will be heard.

R. A. JONES, Clerk,
Town of Virginia Beach.

Syrup Pack for Frozen Peaches
Frozen peaches packed in sugar syrup have better color and flavor than those packed in dry sugar. Recent tests at the Bureau of Human Nutrition and Home Economics, U. S. Department of Agriculture show. The tests point the way to better quality frozen peaches and more economy in freezing.

Not only were color and flavor better when peaches were packed

in syrup, but the syrup proved more convenient. It required less time in preparation and fewer utensils than the dry sugar. Peaches packed in syrup also required less ascorbic acid to prevent darkening of the fruit than those packed in dry sugar. Syrup also held the ascorbic acid better during freezing and storage than did the dry sugar.

The tests showed that syrup packs can be protected from darkening with as little as a half teaspoon of ascorbic acid to a quart of water and 3 cups of sugar—enough syrup for about 7 pint packages of frozen peaches. This is considerably less ascorbic acid than formerly recommended. Using the minimum quantity of ascorbic acid to prevent darkening is one way to cut the cost of freezing fruit.

Picnic Pointers
Let picnickers make their own sandwiches. This saves work in the kitchen and is more fun for all.

Just take along the sandwich fillings and some plain bread-and-butter sandwiches or buttered rolls. Keep meat or egg mixtures cold—an insulated container or one surrounded by ice may be used.

Fresh vegetables can come to the picnic crisp and cool in cov-

Civil Service Board Announces Exam

A Civil Service examination for the positions of Engineering Materials and Equipment Inspector in the options of electronics, ordinance and general, CAP-3, CAP-4 and CAP-5, for appointment in various Federal agencies in the vicinity of Norfolk and Portsmouth, Virginia, is now open. It is announced by R. Clark Bell, Recorder of the Board of U. S. Civil Service Examiners at the U. S. Naval Base. Salaries for the CAP-3 positions range from \$2,974.00 per year to \$3,717.20 per year, for the CAP-4 positions, from \$3,177.20 per year to \$4,478.40 per year, and for the CAP-5 positions, from \$4,163.40 per year to \$4,955.00 per year.

The examinations are being held by the Board of U. S. Civil Service Examiners, Fifth Naval District, and applications must be on file with the Recorder, Board of U. S. Civil Service Examiners, Fifth Naval District, U. S. Naval Base, Norfolk 11, Virginia, not later than September 13, 1949.

No written tests are required for these examinations. Applicants will be rated on the basis of their

ered jars, plastic bags, or wrapped in waxed paper or aluminum foil—surrounded with ice in a pall. Wrap the pall in newspapers for insulation. Keep fruits and bottles of fresh milk, ginger ale or fruit juice to the same icy pall to keep them chilled.

For safety, it's important to keep meat, poultry, and egg dishes piping hot or thoroughly cold for picnics. They need to be kept either hot or cold from the kitchen to time of eating. If such foods cannot be kept hot, it's safest to chill them thoroughly before packing and re-heat or serve cold at the picnic.

Picnics can be as well balanced as home-served meals. Provide protein by including one of these on the menu—eggs, cheese, poultry, fish or meat. And have a variety of fruits and vegetables.

training and experience as described in their applications. Complete information and application forms may be obtained from the Recorder, Board of U. S. Civil Service Examiners, Fifth Naval District, U. S. Naval Base, Norfolk 11, Virginia, or from any first- or second-class post office in this area.

Southern Agriculture Showing Great Improvement; Receiving Attention of Nation's Leading Business Executives

The great progress Southern farm families have made during the last decade, in building a more prosperous Southern agriculture and improving standards of living on the farm, is attracting nationwide attention, as indicated by the results of an opinion poll of some of America's leading business executives now being conducted by The Progressive Farmer.

When queried as to his opinion of the economic advance of the rural South, Donald E. Laurie, president, the Quaker Oats Company, said: "The South holds great promise as a 'seeded source of food for the nation. Progress toward diversified agriculture is bringing more dollars and more real security to the Southern farmer. We are growing in the South, and we are confident of the future which offers new horizons to all American business."

Answering the same question Robert M. Hanes, president, Wachovia Bank and Trust Company, Winston-Salem, N. C., said: "A new era has begun in the South. Farm ownership has greatly increased, farm debt has been reduced, and mechanization of farm operations is rapidly taking place. This solid agricultural foundation, coupled with the South's great industrial progress, provides a balanced economy and a permanent basis on which to develop greater financial and social well-being in the days ahead."

W. A. Roberts, executive vice president and tractor division manager, Allis Chalmers Manufacturing Company, said: "At this time, on a percentage basis, the South is changing to mechanized farming faster than the nation as a whole. Paraphrasing a famous saying of bygone years, my advice to tractor salesmen is: 'Go South—their you will find present and future markets!'"

Ernest E. Norris, president Southern Railway System, said: "As the vigorous twin brother of the dynamic new industrial South, the rural South is going places. Today it is opportunity—land packed with sales potential for an infinite variety and volume of products."

Thousands of Naval Reserve officers and men in the Fifth Naval District spend two weeks each fiscal year performing duty afloat or at Naval Shore activities.

ducts. Through better farming methods, such as conservation, diversification and mechanization, cash income and savings have shown a spectacular increase. The rural South is a fast-growing new market with potent buying power."

Benjamin Abrams, president Emerson Radio & Phonograph Corp., said: "The Southern states represent a large and relatively untapped market for radio. Ever-increasing farm electrification accompanied by a higher standard of living indicate a vast potential for multiple set ownership in this area. The rural South has become an important factor in our sales plans."

A. Lynn Ivey, president, Virginia-Carolina Chemical Corporation, said: "Paralleling the vast expansion of Southern industry the phenomenal progress of Southern agriculture is one of the truly great achievements of the last decade. Crop diversification, efficient farm management, improved methods and equipment have produced record-breaking buying power which farmers are using to mechanize and electrify their farms and to purchase all kinds of consumer goods. In the rural South, this is an era of balanced economy and unprecedented prosperity."

First in Fashion

A glance at the new Ford and you'll agree with New York's famous Fashion Academy... it certainly is the "Fashion Car of the Year"! But its looks are only the cover of Ford's book of "facts." Ford alone in its field offers you a 100-horsepower engine... an 8 cylinder engine... a V-type engine. Ford alone offers your choice of this V-8 or the new 95 "horse" Six.

You'll find Ford first in safety, too. Its heavy-gauge "Lifeguard" Body and 5 cross-member, box-section frame make Ford 99% more rigid... its big "Picture Windows" give you 19 square feet of vision area... more than any other car in Ford's field.

First in "Feel"

Drive a Ford and you'll feel the difference right away. You'll like the "feel" of that "Mid Ship" Ride... the "feel" of those bump-eating "Hydra-Coil" and "Para-Flex" Springs... the 35% easier acting "Magic Action" Brakes... the easy "Finger-Tip" Steering. Come in for a ride and you'll order your Ford now.

Take the wheel... try the new **FORD "FEEL"**

at your Ford Dealer's

National Foundation for Infantile Paralysis Stands as Reassuring Bulwark in Case Polio Strikes

Reassuring news comes from throughout the United States. A summary of procedure for the National Foundation for Infantile Paralysis in view of the current outbreaks of the disease is available from the Foundation.

tion has been prepared, and follows here. Although no cases have been reported in Princess Anne County, the Foundation for Infantile Paralysis is a national organization that most parents will welcome.

1. The first sign of illness, call your own doctor. If he suspects polio he will report the case to the local health department and arrange for hospitalization or home care, as indicated. The National Foundation does not select physicians or hospitals. This is a family matter. If you have no family physician, call your city or county medical society, your board of health or the nearest hospital.

2. If your doctor says it is polio and requires hospitalization, the

local chapter of the National Foundation will help arrange for transportation to a treatment center. As soon as the patient goes to the hospital—or if your doctor advises the patient can be treated at home—get in touch with your chapter of the National Foundation to arrange for any needed assistance.

(a.) Most chapters are listed in the telephone book under N for National Foundation, I for Infantile Paralysis and the letter starting the name of the county you live in, i.e., Princess Anne County Chapter of the National Foundation for Infantile Paralysis. If you can't find it—check with your doctor, hospital or health department.

(b.) Your chapter will get in touch with you as soon as it learns of the case through your physician, the hospital or the health department. However, late reporting or a heavy hospital load may delay this chapter contact. If you do not hear promptly, telephone or visit your chapter representative. You can ease your own worries sooner by making the approach yourself.

3. The chapter representative will notify the hospital that it is arranging with you for full or partial payment of expenses for medical care. Adults are eligible for help as children. Discuss with your chapter how much of the full bill the chapter will pay.

(a.) March of Dimes funds are used to help the medically indigent—but this is not the same as "indigent"; it includes families of moderate income, who cannot meet the high costs of modern care of this expensive disease. The help is a gift—not a loan. While families that can pay are expected to do so, no family is expected to impoverish itself to meet medical expenses for polio.

(b.) Even if you can assume full costs for initial hospitalization, it is a good idea to see your chapter. If yours should be a patient who is severely affected, and this cannot be determined in the first few days—you may need help later on. Bills incurred in the weeks before your chapter assumes financial responsibility cannot be paid months afterward, but the chapter will step in at whatever time you really need help. Have a frank, friendly talk with your chapter representative at the beginning.

4. Chapters pay for hospitalization, professional services, including nursing, and physical therapy, transportation to and from hospitals, convalescent centers and clinics, treatment after hospitalization and appliances, such as wheelchairs, braces, etc., as needed. There are no hard and fast rules. Each case is decided upon individual medical and financial needs. Assistance is given regardless of age, race, creed or color. More than 110,000 polio patients were directly assisted in full or in part up to the end of 1948.

5. In addition, your chapter can put you in touch with the proper sources for nursing and physical therapy at home, can refer you to rehabilitation and vocational training agencies, will provide literature designed to foster better understanding of infantile paralysis—so you will know what

to expect and how to help your polio patient back to a useful life.

These services are made possible by the March of Dimes each January.

THIS BUICK SPECIAL 3-PASSENGER COUPE
Should also show double duty as a business car
and a car for the small family.

Come see this Stunning New Buick SPECIAL—
big in room, big in valve-in-head straight-8 power,
easy to manage in size and price

Yes, we know it looks like a lot more money.

That stunning new front end—those graceful, tapering fenders—those bigger interiors and high-visibility windows, add up to a car you'd expect to wear a pretty fancy price tag.

But come in and see for yourself how right we were when we said this new beauty was priced right down your alley.

Come try the comfort-patterned seats, handle this easily managed wheel, lift the hood and see the honest-filling valve-in-head straight-eight power plant you command, measure the shorter bumper-to-bumper length.

Then do a little hard-boiled matching-up of price tags.

In particular—compare this beauty with the class—and ask yourself why you should pay for straight-eight power and not get it.

You have, remember, three smart body types to choose from—the tidy, three-passenger Coupe shown here, a neat 2-door, six-passenger Sedan and a smart 4-door Sedan with the roomiest interiors ever found in a Buick SPECIAL.

They're going fast, as you might expect. Getting a firm order in is a smart move just to insure early delivery.

How about dropping in—the first release you can?

DELIVERED AT YOUR DOOR

Model 46 3-passenger Coupe (shown) \$1899.00
Model 46-6 6-passenger Sedan \$1966.95
Model 43 6-passenger 4-door Sedan \$2044.00

State and city taxes, if any, extra. Delivery taxes optional at order and. All prices subject to change without notice. Prices may vary slightly in adjoining communities because of transportation charges.

When better automobiles are built, Buicks will build them.

The Ocean Breeze

By J. J. Lee

Stop a moment and look around you, for, believe it or not, the outlook, in many respects, for Virginia Beach is encouraging.

City Manager Lawrence Lockwood came out this week with probably the most encouraging bit of news for the Beach.

The project to sink three levees off the shore of the beach to serve as jetties against sand erosion, is close to becoming a reality. If all goes well, the project should start about October 1. Some protection against sand erosion has long been sought, and at long last something is being done.

Along the same shore line—the repairs to the south end of the boardwalk, another at Lang—last project, will be completed by Fall. The wall is being reinforced with steel pilings and all-in.

The "South" shall be well fortified (we hope) by next summer.

An old road into Croatan Beach, at the south end of the beach near Rudee Inlet, was reopened this summer. The development was sold at auction recently to men such as George T. McLean, who have the capital and desire to develop the land. The prospect for that section of the beach has certainly improved, but what will actually happen is anybody's guess.

Thanks to the Virginia Beach group surfboat race victory at Morehead City last week, the chances of having the Coast Guard Day celebration at Virginia Beach next summer is extremely hopeful. The event is growing, it is gaining national publicity and attracting thousands of spectators.

Health Beach, where the muscle men perform, has shown signs this season of developing into another big attraction for the Beach. Many talent, has been seen in performance. The athletes are now organized and hope to build the event up to the fame of Muscle Beach in Santa Monica, California.

Night clubs, too, are drawing bigger and better shows. Three new clubs opened this summer. Three clubs also now have floor shows.

The Playground is adding to its facilities. The tennis courts have been improved and lighted. Nightly ball games are featured, and a shuffleboard court has been built.

A 16-story apartment building to house 271 families is being built. It will be the largest resort apartment building between Atlantic City and Miami.

In many respects things are beginning to look up at Virginia's Number One resort.

TRINA M. THATA — Read leader Dean Hudson visited the Beach for one day this week. He came over from Langley Field, where his hand had just completed an engagement. Hudson will not play at Virginia Beach this season. He said it was the first time in ten years that both he and Johnny Long had missed playing at the Beach.

Lee O'Reilly, dock supervisor at the Cavalier Yacht and Country Club, has a charter boat, "Clayton" for sport fishing and pleasure trips. The boat is a 35-foot Corvair Craft.

The Hike Club, which is holding a state-wide convention in Norfolk, will come to the Beach Monday. About 600 members will visit the Cavalier Beach Club for the tea dance and buffet supper Monday afternoon.

A LIEBSON FOR VIRGINIA COMMERCIAL AND PARTY BOAT FISHERMEN. — Reports from a party that went to Morehead City on a fishing trip last week-end, say that the fishermen at the Carolina beach are extremely cooperative. They went out of their way to help the party. A guide was provided, they were told the best bait to use, and given specific directions as to the best fishing spots in the area. The party caught about 125 pounds of fish, and gathered much valuable fishing data.

The U. S. Navy, according to an investment of \$2,000,000, will build a 200-room hotel, purchased by the Federal government in 1931.

VIRGINIA BEACH, VIRGINIA — FRIDAY, AUGUST 12, 1949

Page Nine

Beach Beauty Chosen as Seafood Festival Princess

Miss Shirley Dunn To Represent Beach

Judges for a Virginia Beach representative in the Court of Queen Lorelei at the National Seafood Festival must be partial to Midways.

Miss Shirley Dunn, who recently was selected as runner-up in the "Miss Virginia" Beauty Contest, will represent the Beach as a princess in the Festival to be held at Hampton, September 16-17. Chamber of Commerce officials announced this week. Last season Mrs. Shirley Richardson was chosen from among a group of Beach beauties.

The Seafood Festival, honoring the seafood industry, was launched last year with a successful celebration, and this year's event is said to surpassing the first.

Miss Dunn will serve as a princess along with representatives from Tidewater towns and cities. Included on the program is a parade of floats, a ball with a string orchestra supplying musical entertainment. Last year Eddie Duchen and his band played for the seafood ball.

In addition to Miss Dunn appearing in the court and parade, Virginia Beach will be represented by Mayor William F. Patton and Albin R. Malheur, executive director of the Chamber of Commerce.

Beach Travel Agency Offering Tour to "Common Glory"

Plans were completed this week for a special tour for residents and guests of Virginia Beach to see the "Common Glory" drama in Williamsburg, August 26, according to Martha Woodhouse, manager of the Alice Powell Travel Agency, located in the Chamber of Commerce building.

A bus, starting out at 8:00 p.m., will make stops at hotels and cottages to pick up guests, Miss Woodhouse said.

The trip to see the historical pageant is the outcome of numerous requests received for it during the summer, she said.

The agency offers a regular tour every Tuesday and Thursday to Jamestown, Yorktown, the Maritime Museum and Williamsburg. The agency, the only one in this area to offer a tour, also provides specially trained guides.

Approximately \$2,000,000 is being withheld each month from the pay of Naval officers and enlisted men for income taxes.

Heavy Competition Expected at Horse Show August 21

Preparations Started For Annual Event

Heavy competition is expected at the Cavalier Saddle Club Horse Show, August 21, when some of the top horsemen in this area will compete for honors.

Clayton Wieg, Jr., one time winner of the White Way Challenge Trophy in the knock-down and out jump class, will be out to capture the thrilling event again this season. The trophy, donated by Fred A. Haycox, of Virginia Beach, goes over to a winner after he has won the event three times.

Chat Williams, of Hampton, who also has his name inscribed on the trophy, is not expected to enter the "knock-down" class this season. The trophy was donated three years ago.

Already stables facing out onto the bay are being readied and new jumps are being made for the large number of entries that are expected to come in this week for the annual show.

Five divisions, the hunter, the jumper, three and five galloped, and equitation for children are scheduled. About 20 classes in all will be run off beginning at 2:00 p.m. Intermission will follow and the show will be resumed under lights at 8:00 p.m.

Riders in the colorful Coriath class will mount their horses in full hunting attire and will be judged on manner, brilliant conformation, quality and soundness. The victor in this class will receive the Les Birthday Challenge Cup.

The triple bar jumps featuring the "knock-down" will begin in the afternoon. Riders will start their jumps at four feet. Entries besides Wieg, that have entered this event include Happy Mayo, of Hampton, riding Seagrass; Bryan and Green Hornet, and Kenny Wilson, of Hampton, up on C. H., and Vanity Miss.

Miss Betty Schenk, of Richmond, will ride Baby Barn in the hunter division, while those who have already said they would enter the same division, include Miss Kitty Cook, with her horse Kitty, James Hatcher, Miss Kenny Darling on Son Roja, all of Richmond, and Miss Judy Harvie, of Amelia Court House, riding Aldebaran.

Dick Keeley, of Richmond, and Jack Payne, of Orange, will be judges in the hunter, jumper and equitation divisions while Frank Wishart, of Smithfield, and Jim Cassey, of Suffolk, will judge the saddle horses. Dr. Jack O'Keefe of Norfolk, will be announcer and James Carney, of Portsmouth, will preside as ringmaster.

Barter Players Present 'Accent On Youth' Sunday

BARTER PLAYER—Larry Gates, long a favorite with Barter Theatre fans, has returned to the Barter stage as Frank Galloway in the comedy "Accent on Youth," to be presented at the Cavalier Beach Club Sunday night.

Seaside Park Books High Wire Act

Joseph Stannely, high wire artist, will perform at Seaside Park through August 14, according to the management of the park.

Stannely, who came here early this week from his homeland in Holland, does a series of fancy stepping stunts. His effort act is climaxed by a jump for one of the trapezes, which he misses. A rope catches him just before he reaches the ground.

Stannely is appearing here in place of the Aerial Artist, whose appearance here was canceled. He is the fourth acrobat to perform at the park this summer.

Seaside Park will present an elaborate fireworks display Thursday night.

"Accent on Youth," a Barter Theatre production, will be presented in the Panopaea Room of the Cavalier Beach and Ocean Club Sunday at 8:30 p.m.

The delightful comedy will be the second play the Barter group has presented at the Beach this summer. It will be open to the public.

The players, who have been performing throughout Virginia, North Carolina, and Tennessee this season, were well received by 500-odd people in July when they presented "Ladies in Retirement" from the Cavalier stage. Seats for more than 700 spectators will be available to see the play "Accent on Youth."

Maggie Gould and Ian Kliehl will be co-starred in the leading roles. Kliehl will take the part of a famous middle-aged playwright who falls in love with his secretary, while Miss Gould will costar the part of Linda Brown, the secretary.

Theatre goes will be pleased to know that Larry Gates, who has long been a favorite, has returned to the Barter stage as Frank Galloway in the sparkling comedy, "Accent on Youth."

Gates' varied background before his initial appearance with the Barter Theatre included work with radio and television, roles in the Helen Hayes-Marianne Evans production of "Twelfth Night," and in the Playhouse production of "Madame Will You Walk."

In his four seasons with the Barter Theatre he is credited for his roles as Sir Toby Belch in "Twelfth Night," as Hamlet in "The Tragedy of Hamlet," and as Will Marple in "Payment Deferred."

Larry Gates' only appearance with the Barter Theatre this season will be in "Accent on Youth." Tickets for the play may be purchased at the Cavalier Beach Club.

C. of C. To Study Feasibility Of Bringing Coast Guard Event Here

Coast Guard swermen from the Virginia Beach station stroked across the Rudee line in the Coast Guard surfboat race and capsize drill at Morehead City last week about 50 yards ahead of their nearest rival.

The victory was significant. It meant, according to the rules of the race, that the race and Coast Guard celebration would be held somewhere in the Virginia Beach group next year.

The group extends from Nass Head, North Carolina, to Little Okech, with the Beach station as headquarters. The celebration can be held at any one of the stations in the group.

At Morehead, director of the Virginia Beach Chamber of Commerce, said today that he would begin immediately to look into the possibility of having the event brought to Virginia Beach next year.

The fast growing anniversary Coast Guard celebration, the only one on the East Coast, attracted an estimated crowd of 5,000 at Morehead City. Spectators watched an all-day show featuring various types of life saving techniques.

Two Coast Guard helicopters from the Coast Guard Air Station at Elizabeth City, North Carolina, stole the show as they demonstrated new methods of rescue work. A number of smaller vessels and an amphibious "Duck" were also on hand, as were larger Coast Guard cutters.

The surf boat race, which was given top billing, was a run-away for the Beach crew. They jumped into an early lead and stayed well out in front all the way.

Cousin Shelton O'Neil conserved the strength of his crew until near the finish line before ordering his men to capsize, right, and continue stroking to the finish line. The crew was awarded the Josephine Daniels Memorial cup. It was the first time the Virginia Beach group had ever won.

Lined up along the pier at Central Port Terminal in Morehead City was a buoy tender, USCGC Oiler; a lightship and the cutter-observance, which played host to the invited guests.

Rear Admiral E. H. Reed-Hill, USCGC, of Washington, D. C., chief of the engineering division, was on hand as the official Coast Guard representative. He was welcomed at the Beaufort-Morehead City airport by Commodore J. E. White, of Norfolk, commandant of the 5th Coast Guard District.

Shuffleboard Court Installed at West End of Playground

A regulation shuffleboard court was installed this week at the west end of the Virginia Beach Playground. Planned by Fire Chief E. R. Bayne and financed by Mayor William F. Patton, the court is the only public one on the Beach.

Can I Help You

WITH HAL & CURLEY

SUN AND FUN—Memorabilia at the beach that should live long after the summer has gone. How to remember those jangle memories. All the CAVALIER GIFT SHOP offers. Many unique ornaments and trinkets. Here are the highlights to delightful gifts. Beach souvenirs, fancy shells, and exotic figurines, tropical carved instruments. And for late the night. Be sure to get the CAVALIER GIFT SHOP. The store is exciting, and it's new. THE CAVALIER GIFT SHOP in the Cavalier Hotel.

JIM BRING THE MOOP—sh kid, I mean. Time is a-messing and you'll want to get the record album "South Pacific." It's at HALEY'S fabulous record shop. "South Pacific," magnificent music featuring Mary Martin and Bette Midler and written by the magic duo of Rodgers and Hammerstein. Yes, it's one of the top albums offered from among HALEY'S most recent acquisitions. Here you'll find the record of your choice. Stop to it. HALEY'S on 10th St.

WELLAN WELAN WELAN!—Grab your shoes people, for we go off to the most light-filled refreshing place on the Beach. —ALEXANDER'S. All what shall it be? Perhaps a Creme de Menthe. Perhaps a drink with a bang and zip, that you eat, or perhaps a Parfait. Perhaps a Cold or Fresh Fruit. Perhaps a Small Fruit Frappe. They must have been created by the angels. So tempting, so delicious. Come, Elmer, isn't it wonderful? —ALEXANDER'S in the Beach Theatre building.

FOR PETER'S SAKE, and yours, too, join the enjoyable and enchanting tour offered by the travel agency in the C. of C. Dear people, you can, for Jamestown, Yorktown, the Maritime Museum and completely historical Williamsburg. This is a tour well worth your time. A bus will also be for you and the kids. Absolutely free, are served up by the guides. They are ready to go. So do not forget make reservations today. TOURS FROM \$12.

ALL-GEE—Musical men (from top to bottom) Arthur Liffenfeld, Tony Bouché and Billy Bell, are pictured performing one of their numerous symphonic duets on the beach Sunday. Approximately 50 children gathered on Health Beach to present their Magic show of the season to spectators crowded on the boardwalk and beach.

Wonderful New Comfort

The Beautiful Chrysler | Silver Anniversary Model

New Conventional Engine car ever made to get into and out of. Women enter and leave with dignity. Conventional engineering of wider doorways, and natural step-in entrances make it seem absurd ever to have to wrangle your way in and out of a car.

New Yorker 4-door sedan with PRESTOMATIC FLUID DRIVE* TRANSMISSION — drive without shifting

New Smaller Steering! In one of the great advances since the war, we give you new "center control" steering. For the first time, the rods of equal length give you balanced control. There's no wheel lift. There's greater road stability, easier handling, less road shock. Yes, and greater safety, too—for everything about this car is designed for safer driving.

New Smoother Shaking! Chrysler's mighty Sphero engine now has still lighter composition for faster acceleration, smoother response. And along with its better all-around performance goes an amazing new Waterproof Ignition System that's exclusive with Chrysler. You can drive through high water but it won't stall. You get quicker starting, even in damp weather, smoother idling, longer life.

STUDEBAKER TRUCKS

cut costs fast

- Studebaker truck power is money-saving power!
- Studebaker truck construction is wear-resisting construction!
- Studebaker trucks are real "driver convenience" trucks—cab floors are low—cab steps are enclosed—wide cab doors have automatic "hold-open" steps—variable-ratio steering builds up plenty of leverage for turn-arounds and parking.
- Step in and see the new Studebaker trucks. Find out how fast they can cut the cost of your hauling.

**The Three Suns
At Latin Quarter
For Week's Stand**

The Latin Quarter, Inc., is playing host this week to the talented musical group, The Three Suns. They will play at the Beach night club through Wednesday.

The Three Suns, whose "Dawn of New Rhythm" will be heard here, dish out a brand of palatable music that matches and often goes beyond the efforts of some of the larger and better units.

Collectively, the boys play twelve instruments, but are only using guitar, accordion and organ to get the sound of the many musical instruments.

The boys who make up this trio are Al Reeves, father, his brother, Jerry, guitarist, and their cousin, Artie Dunn, organist, and singer. They have been together professionally since 1938.

In all that time, they haven't been without work a single week—something of a record in show business.

Musically, the three think alike, so much so that each can anticipate the other's move. It's a trio which blends together skillfully, having the happy faculty of playing its numbers without too many fancy arrangements. The style of singing used is simple, sincere, concise, carrying across the full message, that the lyrics are intended to convey.

Artie Dunn, probably the most famous of the threesome, accomplishes somewhat of a musical feat in playing the organ and singing simultaneously.

Contracts for 700,000 pairs of shoes were awarded recently to five manufacturers by the Navy.

More than 7,500 tools are used in the building of a Navy Turbo-jet aircraft engine.

**Wells and Bradt
Favored in Tennis
Doubles Tourney**

Frank Wells and Bill Bradt, top seed in the doubles tennis tournament at the Beach Playground, are expected to run into tough competition before the matches are concluded Saturday.

Bradt, who won the men's singles tournament last month, and Wells drew a bye in the first round Monday, while the second seeded duo of R. A. Stata and Edgar Garco were trouncing Bill Turrah and Lawrence Lockwood, 6-3, 6-0. Playground officials said

today that the tournament should run true to form, with the first and second seeded doubles teams hooking up in the finals in a nip and tuck match.

Other players entered in the week-long tournament are Bill Kellam and Herbert Bailey, Ted Coffman and Buddy Leatherwood, Ben McElroy and Charlie Richards, Herbie Leigh and J. W. Welch.

Trophies, donated by the Playground, will be given to the winning doubles team Saturday.

Three U. S. Navy enlisted men have earned as many as eight Good Conduct Medals, each totaling a 24-year perfect record.

GEHL

LET US SHOW YOU
Why farmers switch
to the **GEHL FORAGE HARVESTER**

Everybody who sees the Gehl operates acclaims its superior performance and greater value. Like these famous Gehl feed cutters and silo fillers used since the first silo came, Gehl Forage Harvester has a cutting mechanism that REALLY CUTS... clean, uniform and fast.

Works well on windrowed hay or standing straw. Makes hay in amazingly fast job... saving time, rest and money. One man operates it. Puts hay where you want it, and in half the space.

With row-crop attachment... makes the same savings in filling silos... makes silage that packs well and keeps well. Separate blower diverts forage to side or any part of mow. Equipped with own engine, or with power take-off.

Come in now, and let us show you why Gehl is the best.

PHONE 268

Entered as second class matter August 7, 1935, at the Post Office of Virginia Beach, Virginia, under the Act of March 3, 1879.

TRASH AND GARBAGE COLLECTION

We are heartily in accord with the Virginia Beach Chamber of Commerce's efforts to have something done to improve the garbage and trash collection at Virginia Beach. Like the weather, everyone talks about it, but no one does anything about it.

Now the Chamber of Commerce has come up with a suggestion that might be the beginning of a solution to the unsightliness of the situation if not a cure-all. They suggest that garbage and trash, in addition to being placed in containers that conform with the town's ordinances, also be screened from the public view.

The Chamber of Commerce is in a position to know to some extent the harm that lax collection laws can mean to Virginia Beach. For it, more than any other agency, is the contact between Virginia Beach and its summer visitors. Through the years, the Chamber has been the recipient of many, many complaints about the unsightly trash heaps that line the Avenue, many times under the very windows of guests.

For the good of Virginia Beach, we believe that a study should be made and a solution discovered to this pressing problem. We believe that the Chamber of Commerce has come up with a suggestion that will ameliorate the situation to a certain extent; real study by experts should produce the answer.

We would also like for the town to find some way to purchase a hydraulic covered body garbage truck such as was tested in the early spring here. This would eliminate the open-body truck which tends to strew garbage along the street as it goes along.

STRONG-ARM TACTICS

The News deplores the fact that a member of the police force has been permitted to overstep the bounds of decorum in his position to use strong-arm tactics to enforce the law as he interprets it. This is not the first instance that the same officer has been under fire for the same offense.

We believe that a thorough investigation is in order.

LOOKING BACK

TWENTY-ONE YEARS AGO — AUGUST 17, 1928

The bad news was out for the children of Virginia Beach in the August 17, 1928, issue of the Virginia Beach Weekly. School was to begin September 6. Improvements were being made at Wiltoughby T. Cooke School. A kindergarten class was to be added and the school building was being overhauled. Modern plumbing was being installed for the first time, and the capacity of the auditorium was being increased to 200.

Maybe the kids were striking back. The Weekly reported that 23 window panes were broken in the school. The offenders were not caught, but it was assumed that small boys were responsible for the "wanton destruction" which "must be stopped."

The Roland Theatre also was undergoing repairs. At a cost of \$600 an automatic arc light adjuster for the projectors to relieve flickering of the pictures, and a giant "Arctic Nu Air" fan were being installed.

The Tuberculosis Association Tag sale, scheduled for Labor Day, was announced, as was the place and list of patronesses of the tea dance to benefit the Infant Sanitarium. It was to be held at the Beach Club.

Newly elected Councilman Lawrence Lockwood entertained members of the Town Council, the Mayor, and others at the Cavalier Hotel.

The Weekly carried a front page picture of presidential nominee Herbert Hoover and his running mate, Charles Curtis.

Clara Bow was coming to the Roland in the Gernsheim Porter story "Keeper of the Reef," a role in which the "flaming haired madcap of the screen" has most conclusively proven that she can sound the very depths of tragedy.

In the society and personal items it was noted that:

Among those building new homes at Oceana are C. T. Whitehead, of Lynnhaven, and Dr. and Mrs. T. L. Brooks, Jr.

Wilcox Dunn, of Richmond, is spending a week at the Kenilworth cottage.

Miss Lella Taylor, of Eastern Shore, is spending two weeks with Mrs. Landon Hildard at her home on 26th Street.

The USS Roanoke, one of the Navy's newest cruizers, has a designed speed of 23 knots.

Behind the Scenes in American Business

By Reynolds Knight

New York—Outcome of the current dispute between 64 steel companies and the CIO United Steel Workers could have major repercussions on the country's economy. For in recent years the industry has tended to set a pattern for many others. "As goes the steel wage, so goes the nation," has taken its place with the old election slogan about Maine and the nation.

The union is seeking a 30-cent-an-hour increase, in a "package" which includes a fourth-round wage increase and pension and insurance benefits. Steel companies say any increase would have to be reflected immediately in higher prices, and at a time when sales are slipping.

Involved are two schools of thought, poles apart, which President Truman's fact-finding board must somehow reconcile in its report due August 30. Union economists assert that the raise would help boost consumer purchasing power, halt declining production and increasing unemployment, and stimulate business investment in plant and equipment.

Other economists label this a "fantastic concept of what makes jobs and mass volume business." They point out, too, that an increase of just 13½ cents an hour would amount, in the case of U. S. Steel, to more than that this leading company paid in dividends to its stockholders for all of 1948 and in interest to the many bondholders and institutions which have loaned the company money for investment in plant and equipment.

LESS MOO, MORE MILK—The well known ingenuity of the American farmer in finding ways of growing two blades of alfalfa where one grew before is again demonstrated in a comparison of dairy statistics compiled by the American Can Company. The figures show that while the number of cows in the country has been decreasing since 1945 at the rate of more than a million head a year, the supply of milk is at least as plentiful as ever.

The bovine population now figures out to one milk cow for every six persons. In 1920 it was

one for five, and back in 1870, one for four.

A comforting note for those who would shed a tear over the seeming disappearance of Old Bosny is the report that there still are 24,450,000 cows and heifers in the country today, and they are producing just about as much milk as 27,770,000 did in 1945. Thanks to more scientific and efficient dairy methods, the average cow's yield is now about two and a half tons of milk a year, up 10 per cent from 1945.

THINGS TO COME—Soon those using fluorescent lighting won't have to stumble around in the dark after finding the light switch. A self-starting ballast which lights fluorescent fixtures instantly has been developed. . . . Real time-saver for homeowners is a new short-bristle brush with plastic shroud attached, enabling one to paint window sash in long, even strokes without smearing the glass. . . . And a new safety device for motorists with children is a set of control handles for rear doors which can be installed with a screwdriver in place of the regular handles and locked when tots are riding in back seat. . . . Left-handed checkbooks. Seriously, this is not a gag like left-handed monkey wrenches or skyhooks for which neophyte mechanics sometimes find themselves searching in vain. . . . Also, a checkbook designed especially for blind persons. Omaha National Bank has the copyright. Other banks may use it if they agree to provide the service without charge. . . . A plastic screen which enlarges a television image and at same time cuts down glare.

TOP MAN—Shortly after Howard Hughes bought control of RKO a year or so ago, Dore Schary, the studio's production chief, left. Since Schary had been one of the better-known Hollywood figures, speculation as to who his

successor might be ran wild through the gossip film capital. All Hughes would say was, "I'll be a man you'd never guess—a real surprise." A year later the RKO board met and elected its new managing director of production. The name? Howard Hughes. In reality, the move merely lent official benediction to an existing fact, for the fabulous flier-industrialist-movie maker had been running the show all that time. His work is cut out for him; RKO has announced 40 new major film productions for the 1949-50 season, including a film called "Jet Pilot," to which Hughes may be expected to bring all the aviation "savvy" of his many years as a pilot, during which he has won every major aeronautical award in the book. Though outsiders wonder how Hughes manages to combine such a schedule with the building and testing of the world's largest airplane; operation of his great Culver City aircraft plant; supervision of the world's largest oil-drilling tool business and the biggest brewery in Texas; and keeping a watchful eye over TWA, in which he is the controlling stockholder, it is no mystery to Hollywood.

In a little less than five months in 1944 planes from aircraft carriers destroyed 2,472 Japanese aircraft while losing only 123 of their own.

From where I sit... *by Joe Marsh*

If They're Wild, They Belong To Tiki

Now Tiki Anderson last week was reminded of the first time I ever spoke to him. The misadventure me out one Saturday afternoon to hunt for some blackberries.

I took a long hike and couldn't find any. Finally, I came to Tiki's house along that low stretch east of the fork on River Road. "Hi there," I says, "any blackberries around here?"

Tiki says, "There used to be—but I don't know much about things that grow wild." Later, I found how Tiki supports his family by picking berries. Ever since, I've been like the rest of folks in town—respectful of his right not to tell where "his" berries grow.

From where I sit, respecting other folks' rights comes natural in our town... in America for that matter! Whether it's a person's right to enjoy a temperate glass of beer or ale, or whether it's Tiki Anderson's right to keep secret where his berries are, it's all a big part of a real democracy!

Joe Marsh

Let LANKY PLANKY help you plan FARM BUILDINGS

Be sure your new Farm Buildings fit your requirements. Lanky's experts at Princess Anne Lumber Company are qualified to help you plan your buildings to fit the production of your farm. And all the materials you will need are here in one place. Come in and talk over your problems. Be sure your buildings have these features:

1. Durable foundation.
2. Strength to resist the natural or artificial loads or pressure expected.
3. Enough size to serve the purpose.
4. Labor saving designs.

BARN

We will plan your barn so that you will have the correct balance between animal capacity and feed capacity. Let us show you how you can save on labor by using laminated rafters—one piece from foundation to roof ridge.

MACHINERY SHEDS

Build an inexpensive shed to protect your valuable farm machinery. Binders, moldboards, cultivators and discs last longer and do better work if properly housed when not in use.

See That Your FARM BUILDINGS are in Good Repair

More Dual Control Cars for Driving Instruction Being Furnished Schools Through Automotive Trade Association

SERVICE EXPERT RADIO

AUTHORIZED SERVICE STATION... All Makes of Car Radios.

All Work Guaranteed

Virginia Beach Radio Service

310 17th Street - Phone 1724

In the latest move to further traffic safety throughout the Commonwealth, the Automotive Trade Association of Virginia, through local dealers, will cooperate with the State Police and Department of Education to supply dual-control automobiles to all high schools which can furnish a qualified instructor and which desire to install a course in driver training. The Governor's Highway Safety Committee announced

today. Last year, two dual control automobiles were furnished county schools by Clark Chevrolet Corporation.

The Trade Association's safety committee, headed by Walker Wilkins, Norfolk automobile dealer, met recently with Captain W. L. Groth, safety engineer for the State Police, and deputy administrator for the Governor's Highway Safety Committee, and Dr. Harold K. Jack, supervisor of health, physical education and safety for the State Department of Education, where it was decided that the State's program of driver education would be supported and further in this manner.

Virginia's system of training young drivers was inaugurated two years ago by the Department of Education and State Police who produced in cooperation a 114-page textbook for classroom training and set up the procedure for qualifying teachers who would take over behind-the-wheel instruction. In 1948, Virginia won a meritorious award for the advancement of driver training in a contest sponsored by the National Association of Casualty and Surety Underwriters.

"The urgent need for such training in each school," Mr. Wilkins said, "is demonstrated by accident records which show that while teen-agers 16 to 20 are involved in five times more fatal accidents than those 45 to 50 years old, youngsters with high school driver training have a record twice as good as those who are untrained." Captain Groth added that the youth of Virginia are entitled to learn the fundamental rules of self preservation and that this applies particularly to traffic since such accidents kill or injure one out of every 10 Americans. The safety official was of the opinion that a thorough understanding of the problems presented by the automobile and the opportunity to develop proper attitudes and skills should be an integral part of the education of each young citizen.

Aid The Clean-Up Campaign

Miss Martin Is Winner in Original Design Contest

Miss Dolores Gayle Martin, daughter of Mrs. Sidney Banks and Mr. Banks, of the Cavalier Hotel, was given top honors in a Local Original Design Contest sponsored by Harper's Junior Bazaar magazine and the noted courtier Jacques Helms. It was announced recently by Thalheimer Brothers department store in Richmond.

Miss Martin will enter Duke University in September. She will join students from twelve other parts of the country whose designs will be judged by leading fashion editors.

The winner of the contest, which is held yearly to discover and encourage young talent in the fashion design field, will receive a ten-day trip to Paris via Air France.

SOCIAL NEWS

MRS. S. HARDY COLE, Local Reporter

TELEPHONE 1944-W

PARTIES - ANNOUNCEMENTS - PERSONALS

Mrs. L. Fenton de Berdenave, of Richmond, arrived Monday to visit her sister, Miss Marjorie Deighton Sinclair, at her home on 78th Street.

Mr. and Mrs. Reid W. Digges, Jr., will arrive here and at this month from Iowa, to spend some time with Mr. Digges' parents, Mr. and Mrs. Reid Digges, at their home on 78th Street.

Miss Mary Hardy, of Churchland, and Miss Lynn Hardy, of Alexandria, were the guests last week-end of their aunt, Miss Frances Hardy, at the Arlington. Mrs. James Jones and Mrs. Ruth Richardson have returned to their home on Cavalier Drive after spending some time at the Curacoe, Healing Springs, Va.

Mr. and Mrs. John Amos Norman, of New York, are visiting Mrs. Norman's brother and sister-in-law, Admiral and Mrs. Monroe Kelly, at their home in Linkhorn Park.

James Allen Taylor will leave today for Waynesboro, Va., where he will be a groomsmen in the wedding of Miss Mary Alice Kerlin and Alfred Shields, which will take place tomorrow. Mr. Taylor will later visit friends in Abbeville, Louisiana.

Mrs. John G. Tilton and Mrs. Beverly Kennon left yesterday to spend some time at the Homestead, Hot Springs, Va.

Mrs. Thomas Talbot and Miss Mary Talbot left Wednesday for a visit to Williamsburg, Va., and the Shenandoah Valley.

Miss Alice Steele will arrive next week from Richmond, Va., to visit Miss Betty Mae Smith at her home on Avenue D, and attend Miss Smith's marriage to George Bernard Smith, Jr., on Saturday, August 27.

Miss Mary Taylor, of New York City, is spending some time at the Sea Horse, on 78th Street.

E. O. Cunningham and Miss Altha Cunningham, of Richmond, Va., and William W. Smith, of Louisville, Ky., were the guests last week of Mr. Cunningham's daughter, Mrs. Roland Thorp, at her home on 78th Street.

Mrs. Maclin Simmons will return today to her home on 53rd Street after visiting relatives in Louisa, Va.

Mrs. Edward M. Hardy returned Monday to her home on Avenue C after visiting Mr. and Mrs. E. R. Carpenter at their home in Wilmington, N. C.

Godwin B. Jordan returned last week-end after spending two weeks with Mrs. Jordan and their young son in Essex, N. Y., and is visiting his parents, Mr. and Mrs. James M. Jordan, Jr., at their home in Bay Colony.

Mr. and Mrs. S. L. Pidgeon and two sons, Donald and David, are leaving for Florida tomorrow to attend the wedding of their oldest son, Robert, to Miss Marlene Armentrout. The wedding will take place Tuesday, August 23, in the First Baptist Church of Dade City. Miss Armentrout's home.

Mr. and Mrs. Paul de Witt and young son returned Sunday to their home on 12th Street after spending several weeks with Mrs. de Witt's mother, Mrs. Luke Harrell, in Palmira, N. C.

Lt. Joseph I. McCrane, USN, and Mrs. McLane and two little sons, Jimmy and Tommy, who have been visiting Mrs. McLane's parents, Mr. and Mrs. Thomas C. Flynn, at their home on 22nd Street, left Thursday for Puerto Rico where Lt. McCrane has been ordered for duty.

Miss Jean Robert, of Baltimore, Md., is visiting Jean Wroton, at her home on 24th Street.

Mr. and Mrs. W. J. Cox and children, of New Kent, Va., and Mrs. W. B. Cox, of Odd, Va., were guests last Sunday of Mr. and Mrs. Frank Cox, at their home in Oceana.

Mrs. Mabel Cones and Miss Helen Byrd Gresham have returned to their home in Oceana after spending some time in Healing Springs, Va.

Miss Theresa Ann Cox, of New Kent, Va., is visiting Miss Lorraine Cox at her home in Oceana.

Miss Mary Lee Ward has returned to her home on 19th Street after spending some time in Florida with her uncle, Dallas Ward.

Mrs. Nicholas Smith, III, and daughter, Ann Lewis Smith, of Washington, D. C., and Mrs. Smith's mother, Mrs. C. C. Vaughan, of Richmond, Va., are spending two weeks at the Dolphin cottage.

Mrs. L. W. Evans and three children have returned to their home in Wakefield, Mass., after spending the summer with Mrs. Evans' parents, Mr. and Mrs. Richard Everett, in Linkhorn Park.

Mrs. John B. Taylor has returned to her home in Montclair, N. J., after spending some time

with her son and daughter-in-law, Mr. and Mrs. Donald Taylor, on 31st Street. She was accompanied home by her daughter-in-law, who was her guest for a week.

Mr. and Mrs. John Jordan have returned to Danville, Va., after visiting Mr. and Mrs. W. A. Smith, Jr., at their home on 62nd Street.

MARKETING
with Marjorie

No matter how fresh you feel these summer mornings, a few hours over a hot range can dampen your gayest spirits. To help cut down on kitchen fuss, I shop regularly at AAP—where shelves are laden with luscious summertime foods. And the prices are always so thrifty, they help cut down on budget-busting too!

FIRST CHOICE

Beat the heat right from the start... serve your folks a cool, nourishing breakfast of crisp, crunchy SUNNYFIELD CORN FLAKES. My family loves them topped with fresh peaches or plump juicy berries. Sunnyfield Corn Flakes are AAP's finest—always fresh—delicious—thrifty, too!

MARVELOUS MACARONI

Serve one-dish dinners and big beautiful salads often... and enjoy more leisure for summer pleasure. A great help is ANN PAGE ELBOW MACARONI from your AAP. Use for an easy casserole, or in this tempting Macaroni Salad: Cook 1 box, pkg. Elbow Macaroni, add 1 tsp. salt, dash of pepper, 1 chopped onion, 1 sliced hard-cooked egg, 1 cup diced cucumber, 1 cup French or Salad Dressing. Chill. Serve with tomato wedges on lettuce.

STRAW VOTE WINNER

When it's 90° in the shade, make it the perfect of double-strength AAP COFFEE. Pour it hot into ice-filled glasses. That's all there is to making a satisfying cool coffee. You see, AAP Coffee is Custom Ground to order, just right for the way you make coffee. Try it—see why it's America's favorite.

COOL QUICKIE

If you're looking for a breeze, JANE PARKER POUND CAKE is the quick, easy dessert that gets you out of the kitchen and into the cool in a hurry. So many ways to enjoy its fresh, delicate flavor, too. Get a Jane Parker Pound Cake at AAP—enjoy it plain, or toasted with a scoop of ice cream and a sauce of fresh, sliced peaches. Delicious!

Mr. and Mrs. Hugh Powell, of Petersburg, Va., will spend this week-end with Mr. and Mrs. Preston Hix in Bay Colony.

Miss Frances Hardy returned Wednesday to her home in Norfolk after spending six weeks at the Arlington.

Luncheon in Honor Of Miss Smith Given in Norfolk

Mrs. Milton McKann and Mrs. Earl McKann entertained Satur-

day at Burroughs, in Norfolk, at a luncheon in honor of Miss Betty Mae Smith, whose marriage to George Bernard Smith, Jr., will take place August 27 in Calles Episcopal Church. Their guests numbered twelve.

Miss Hardy, Dr. Thompson Wed in Washington

Announcement has been made of the marriage last week in Washington, D. C., of Miss Maria Regina Hardy, Lt. Comdr. Navy Nursing Corps, to Dr. Edward Ambler Thompson, USN, son of Commodore and Mrs. W. M. Thompson, of Holly Road, Virginia Beach. The bride, who is from Philadelphia, has been attached to the Bethesda Naval Hospital, and saw duty in the south Pacific during the war. Dr. Thompson has just been transferred from Washington to Newport, R. I., where he will take up his duties as medical officer of a destroyer squadron at the Newport Naval Base.

Mrs. Frederick Sillaway, of Montclair, N. J., is visiting Mr. and Mrs. Donald Taylor at their home on 81st Street.

Many Parties Given in Honor of Miss Jane Treadwell

Miss Ellen Maurer entertained Saturday at a luncheon at the Norfolk Yacht and Country Club in honor of Miss Jane Elizabeth Treadwell, whose marriage to Francis Nelson Crenshaw will take place Saturday, August 20. The guests, other than the guest of honor, were Mrs. Lawrence Treadwell, Mrs. Davis Maurer, Mrs. Russell Crenshaw, Mrs. William Crenshaw, Mrs. James Sutherland, Mrs. Toy Savage, Jr., Mrs. Lincoln Phelps Rice, Mrs. Norvell Scott, and Misses Bland DeVaney, Alice Crenshaw, Frances Gardner and Dorothea Shinn.

Miss Treadwell was honor guest at a luncheon Tuesday at the Officers Club, Naval Base, given by Mrs. Kirk Montague and Mrs. Eugene Woodson. The guests, in addition to the guest of honor, were Mrs. Lawrence Treadwell, Mrs. Russell Crenshaw, Mrs. Curtis R. Hudgins, Mrs. Lincoln Phelps Rice, Mrs. James Sutherland, Mrs. William Crenshaw, Mrs. William Berg, Mrs. Norvell Scott, and Misses Alice Crenshaw, Ellen Maurer, Frances Gardner, and Dorothea Shinn.

Mrs. William Robbins Crenshaw and Miss Alice Crenshaw will entertain in honor of Miss Treadwell and Mr. Crenshaw tonight at Little Creek following the wedding rehearsal. The guests will include the members of the wedding party and the out-of-town guests.

Mrs. David Pender Entertains in Honor Of Her Cousin

Mrs. David Pender entertained Thursday at the Princess Anne Club at a luncheon in honor of her cousin, Miss Helen Tilley Pender, whose marriage to Joseph Purks Withers, Jr., will take place this evening in Christ and St. Luke's Episcopal Church in Norfolk.

Buffet Supper to Honor Couple

Mrs. Joseph Cotten and Miss Peggy Grimes will entertain at the home of Mrs. Cotten's aunt, Mrs. Edward M. Hardy, on Avenue C, Sunday evening at a buffet supper in honor of Miss Eliza-

beth Mary Smith and George Bernard Smith, Jr., their guests, in addition to the honor guests, will be Misses Ellen Love Smith, Maureen McGrath and Jane Pender, and Clay Perry, Green C. Outland, Powell Davis, George Powell and Joseph Cotten.

News Of Home Demonstration

Monday, August 22: Creeds Home Demonstration Club at 2:00 p.m. at the Oak Grove Baptist Church.

Tuesday, August 23: Indian River Home Demonstration Club at 10:30 a.m. at Home Economics Building, Kemperville School.

Wednesday, August 24: Nimmo Home Demonstration Club at 2:00 p.m.

Thursday, August 25: Pungo Home Demonstration Club at 2:00 p.m. at Tabernacle Church, Mrs. Jack Perkins, hostess.

Leader Training Meeting Well Attended

The Ocean Park Club acted as hostess to the clothing leaders when an all-day training meeting was held at Ocean Park Civic League Friday, August 12, to train the project leaders who will assist with the demonstrations on clothing construction during August, September and October.

Those attending were: Mrs. Jack Perkins, Mrs. Elizabeth Atwood and Mrs. William McClanahan, from the Pungo Club; Mrs. F. O. Baum and Mrs. H. C. Shirley, from the Blackwater Club; Mrs. Roy Dudley and Mrs. R. M. Malbon, Nimmo Club; Mrs. C. C. Nuckols, Mrs. W. H. Farham and Mrs. W. C. Holland, Ocean Park Club; Mrs. Ross Brubaker and Mrs. J. M. Kirkland, Thoroughgood Club; Mrs. Willis Savage and Mrs. Eddy Hendricks, Glenrock Club; Mrs. E. W. Calk, Mrs. Don Kunkler, Mrs. J. C. Van Horn and Mrs. Henry Hunt, Lynnhaven Club.

Nutritious Melon

Take advantage of cantaloups—now in season—for their refreshing goodness and abundance of vitamin C. Cantaloups can alternate with citrus fruit and tomatoes in bringing vitamin C to summer meals. Versatile cantaloup may go to the table as appetizer, salad, or dessert. Some quick-to-prepare ways are suggested.

Start the meal with chilled cantaloup served in halves or cut into melon balls, cubes, lengthwise pieces, or rings. Garnish with berries, cherries, mint leaves or lime wedges for contrasting color and flavor.

Cantaloup's delicate flavor suits a quickly made summer salad—cantaloup pieces in lettuce cups, served with French dressing. Or combine the golden melon pieces on lettuce with one or more of these: tomatoes, bananas, oranges. (Continued on Page Seven)

No tracked a bear by telephone

Not long ago, a telephone subscriber at Virginia Beach decided he'd like to have a bear cub for a pet. When he heard of a man in North Carolina who had one, he put in a Long Distance call to "the East Lake vicinity"—not knowing the man's name or address. The man with the bear was soon located by the operator, despite the fact that he lived some distance from the nearest telephone. The call was unusual, but the resourcefulness shown by the operator is typical of the friendly "voice with a smile."

These ABC's are important, too

If there are youngsters in your home, wait! you remind them of these ABC's of good party-line telephone service?

- A. Allow some time between calls so that others have a chance to use the line;
- B. Be quick to give up the line when someone needs it for an emergency call;
- C. Consider "the other fellow" and he'll be quick to do the same for you.

Find your best markets by Long Distance

When time and money count, count on Long Distance. Use this fast, economical service to keep ahead of price changes, to locate the best markets for your produce.

Today, nine out of ten Long Distance telephone calls go through while you hold the line. For some typical low rates, see the inside front cover of your telephone directory.

The Chesapeake & Potomac Telephone Company of Virginia.

RETIRED

...too late in life

Is your old car on its last wheels? Are you driving it to the breakdown point—perhaps sacrificing a good trade-in allowance just because you haven't ALL the cash you need to buy a new one?

Here's a way to get the money for that new car promptly. Finance it at "Commerce"—Tidewater's largest bank. Find out how much the car you want will cost. Then, stop in at "Commerce" and borrow up to two-thirds of the total purchase price.

More and more people use "Commerce" car financing because it's reasonable, fast, and convenient... you may take ample time to repay... and you establish a useful credit relationship for future needs. Remember—a new car is safe to drive, economical to run, and easy to finance at "Commerce." Just inquire at any of our offices for details.

35, cherries, pineapple, peaches or other melons. The same chilled fruits may be served in sherbet glasses for delectable desserts. Sparkling gelatin salads can use cantaloup, too. A colorful one starts with lime-flavored gelatin and adds equal amounts of cantaloup pieces and "plump, sweet cherries."

Homemakers' Hints
Water in which vegetables have been cooked usually is full of vitamins and minerals—and it's a good idea to use that cooking water, instead of throwing it away, says Miss Jane Craig, home agent.

Here are her suggestions:
Heat the water and add bouillon cubes to it. A cup of bouillon will taste good before any meal and if you make it with the cooking water from vegetables it will be more nutritious than with plain hot water.

If you're making amolded vegetable salad, use left-over cooking water from vegetables as the liquid in the gelatin.

And you can always use the vitamin-loaded water in soups and gravies.

same proportion as in other recent years but less than before the war when 23 out of 100 were on farms.

The average life span of farm people has lengthened considerably, and the death rate continues significantly lower than before the war.

One of the Navy's newest cruisers, the USS Roanoke, has a main battery of 12 semi-automatic, 6-inch guns.

Look what's happened to *Meal Planning*

New refrigerators save menu and marketing time!

ONE OF the many things you'll find thrilling about the new electric refrigerators—in addition to their more thrifty operation—is the way MORE STORAGE SPACE saves time and trouble in planning, preparing, and marketing for food!

There's so much more storage space—in the same or less floor space—that you can buy in greater quantities than ever before and still be sure of longer protection to foods even in hottest weather. And—there's abundant space in most new models for 35 to 50 pounds of ready-frozen foods... no need to "steal" ice-cube space!

These two features, plus many other amazing improvements, suggest that you LOOK INTO the new refrigerators now!

Mrs. Myers Named President
Mrs. C. E. Myers, of Studley, was elected to succeed Mrs. N. C. Bailey, of Orange, as president of the Virginia Federation of Home Demonstration Clubs, last week at the Institute of Rural Affairs at V. P. I.

Mrs. Ernest Kellar, of Tom's Brook, was named secretary.

District presidents elected were Miss Frances Payne, Vinton, district two; Mrs. D. L. Brinkley, Norfolk, district four; Mrs. James T. Todd, Orange, district six; and Mrs. John Shumake, Grothouse, district eight.

Births High, Deaths Low

A big baby crop and a low death rate on farms in the United States last year boosted the farm population by 334,000, bringing the total number of people living on farms to 27,774,000 on New Year's Day, 1949, according to the Bureau of Agricultural Economics, U. S. Department of Agriculture. At the beginning of 1949, 19 out of 100 Americans lived on farms. This is about the

BOY what food!

"If I earned three times what I do now, we couldn't have a better food at our table."

"Now we have chicken, beef, lamb, corn on the cob, strawberries and ice cream much more often than we used to!"

"We can afford these so-called luxuries because we found a new way to shop. We buy at sale prices, or when food is in season, and put our bargains in our General Electric Home Freezer!"

"Best of all—we're saving money besides!"

DROP IN TO SEE FOR YOURSELF how a dependable General Electric Home Freezer will help you set the finest table—and save!

STANDARD OFFICE SUPPLY OPENS BRANCH OFFICE ON ATLANTIC AVENUE

The Standard Office Supply, Inc. of Norfolk, has opened a branch office at 1610 Atlantic Avenue, Virginia Beach, according to an announcement of its treasurer, J. W. Cotten.

R. C. Hitt will be in charge of sales, assisted by Miss Louise Fisher.

OCEANA SCHOOL NOTES

The football field at Oceana is gradually taking shape and will be ready for play this fall. Plans are underway at the present time for the installation of fencing and lights for night playing.

R. O. Middleton, of Norfolk, will start putting up the lights within the next ten days.

Oceana has six home games scheduled this year. Each of the six will begin at 8 p.m.

R. H. Owen, principal of Oceana High School and Elementary School, has been registering and assigning pupils for the fall term, according to word from his office. He says that he will be in his office all of the week beginning Monday, August 22, to confer with pupils and parents relative to schedules and courses of study.

Pupils entering school for the first time should be vaccinated against smallpox and be six years old on or before September 30.

GARBAGE COLLECTION

(Continued from Front Page)
after the hour of 12:30 a.m. and before the hour of 8 a.m., cause all garbage and waste which is to be removed from the premises by the town during that day to be placed in such receptacles as may

be prescribed therefor . . . and have such receptacles placed on the inside line of the sidewalk in front of the premises. (Approved garbage receptacles are metallic garbage cans with tight fitting covers.)

Sec. 5, ch. 14. Separate recep-

tacles for refuse required. All householders, hotels, restaurants or other persons disposing of garbage or refuse shall provide separate receptacles with tight fitting covers for all refuse set out by them for removal by the town.

THE GOOD OLD DAYS—Let's go back a few years. Remember when Seaside Park was the place for the elite to meet, when dances there were a favorite with young and old and were indeed fashionable, when the woman's Club sponsored picnics there, when Pop Concerts were held on the lawn and when the Park was as far north as the Beach extended.

In the good old days Seaside Park was a place where vacationers could go for a little relaxation and fun.

Well, in one respect, the park is going old-fashioned again. The best part about it is that you'll love it, for regular old-time Pop Concerts have been put back on the agenda. The concerts were started last Sunday, and its quite informal. A band stand full of imported musicians dressed in shirt sleeves and directed by a baton master will present a concert every Sunday from the band box located on the lawn in front of Seaside Park.

Not too many people knew about it last week and the crowd was small. This week seats will be installed and if the concerts are anything like they use to be the word will get around.

TRY THIS ONE FOR SIZE—Virginia's at the Beach, says one D. Yankee, "seem to be trying to have a big time, in a short time, in a slooow way."

IT'S THE LAW—For those who say that the orchestra members who come here might die from old age but never from overwork, let us remind them that there is a music law which states a band shall play 20 minutes out of every 30. One more thing. One orchestra leader, currently playing here, says if dancers seem to be having a good time the orchestra will play longer, but if they complain and are disagreeable, then they get less music. So be it.

A PAT ON THE BACK—At the risk of putting a line on the Beach Patrol, there hasn't been a drowning in Virginia Beach in four years. The guards here deserve a lot of credit for the fine work they are doing.

About two-thirds of the inhabitants of the world are now periodically counted by means of a census.

Hunting with firearms is practiced on a larger scale in the United States and Canada than anywhere else in the world.

AYE-YI-YI—Six, count 'em, dancing beauties appearing in the Piney Point Boat Club act. The Kings and Their Ladies, who lead and direct the act, are currently performing some of the best dance routines seen on the Beach. They are: Marilyn Andrews, Joan Allen, Dot Krammer, Lee Jordan, Shirley Kiddell, and Susanne McCann. That's Candye and Buddy standing. The classy group will perform here through Labor Day.

Piney Point Dance Act Shows Class

Six dancing beauties, . . . beauties, that is . . . and two "Kings" make up one of the classiest dance groups ever to be seen in Virginia's number one resort.

Such a statement is no shot in the dark. The "Kings and Their Ladies" were originally booked to perform their delightful routines for two weeks on the dance floor of the Piney Point Boat Club. Unlike many acts that perform on the Beach, the "Kings and Their Ladies" were too good to let go. They will present their dance numbers through Labor Day, changing their routines every two weeks.

Beginning this week the clever stepping group will perform three new routines entitled "A Man and His Conscience," "It's Spring Again," and "The Old-Fashioned Cake Walk."

Highlighting the group are two versatile and fascinating dancers Candye and Buddy Kings, who weave their choreographic routine against a backdrop of the multi-colored costumes of the others.

Directed, while on the road, by King, the group has enacted nine complicated numbers since they have been here, performing modern, tap, African, Cuban, ball and musical comedy numbers with ease.

The six dancing beauties, who are all single and whose ages range from 20 to 32, are Marilyn Andrews, Joan Allen, Dot Krammer, Lee Jordan, Shirley Kiddell, and Susanne McCann, all of California.

The novel act, which has been gaining in popularity since it was begun a year ago, is produced and staged by Miss Jean Devlin of California.

Chairs, Comedy Are Letdown for Theatre Goers

Kieth Captivates Hearts of Women in Barter Play

The supposedly delightful comedy, "Accent on Youth," presented from the stage of the Cavalier Beach Club this week by the Barter Players, turned out to be more of a love story than a comedy. Most of the laughs came from the collapsing chairs of several of the 700-odd residents and vacationers who saw the play.

Town Manager Lawrence Lockwood almost stopped the show when his chair gave way from under him sending him abruptly and loudly onto the floor. Several others, too, had their embarrassing moments.

Throughout the play, theatregoers sat patiently, yet somewhat restlessly, waiting for the comedy act to develop. It never did.

The players, however, did a wonderful job with what they had. Ian Kieth, who has been around the stage long enough to know how, played the part of a wealthy and elderly playwright who falls in love with his secretary, and vice-versa. He was magnificent and captivated the hearts of many of the weaker sex who were in the Cavalier theatre.

Despite the fact that many of Kieth's gestures were aimed at unfunny ideas, they were as effective as a provoking laughter as were his well lubricated eyebrows. Maggy Gould, who was seen earlier this season in "Ladies in Retirement" at the Cavalier, would never have done as the business-like secretary and was immediately elevated in the second act to lover of the elderly playwright and hit actress in one of his plays.

From here her "sincere" love for the playwright quickly vanished, with one kiss, into puppy love with a handsome athletic actor.

While Mr. Wealthy Playwright was sulking over his lost love, his former lover and secretary was finding out that she was "sleeping" with the front page of a health magazine. She, of course, sought divorce and rapidly returned to her first love. Exit "Accent on Youth."

United States mining operations destroyed about \$75,000 ton of Japanese shipping in World War II.

Sammy Kaye Band Begins At Surf Club Tonight

"Swing and Sway" Coined by Tongue Tied Announcer

A tongue-tied radio announcer was the inspiration for a musical trademark that has stuck so fast to bandleader Sammy Kaye you couldn't pry it loose with a petty knife. That trademark is "Swing and Sway," the popular brand of music which Kaye and his band will bring to the Surf Club tonight.

Several years ago, in a Cincinnati night club, a local radio announcer was concluding a Sammy Kaye show.

"You've been listening," he concluded, "to the music of Sammy Kaye. The music that swings, the music that . . ." Then he drew a verbal blank. Kaye quickly grabbed the mike and crossed the breach by adding "sway." Within ten minutes the band leader had his famed musical signature—"Swing and Sway with Sammy Kaye."

The versatile band leader, who can play seven instruments, will appear at the Surf Club for a week's stand.

He has become popular through his radio show "So You Want to Lead a Band," and through such recordings as "Daddy," "I'm a Big Girl Now," "The Old Lamp-lighter," and many others.

Appearing here with Kaye will be vocalists Don Cornell and Leslie Leslie. Cornell has been with Kaye since 1942 and until recently had never studied volume. He is now studying with Andrew Collins, who formerly coached Bing Crosby.

Miss Leslie took up with the band in 1947 in Baltimore after trying to make a go of it in Hollywood. She appeared in several West Coast night clubs before she won a Kaye audition.

Seaside Park To Present Pop Concerts Sundays

Pop concerts will be conducted in the outdoor stage of Seaside Park every Sunday night beginning at 9:00 p.m., according to an announcement from the park.

The Pessallo Concert Band, of Norfolk, will play informal concerts for approximately an hour. The band will come here every Sunday directly after presenting a concert at Ocean View. They will continue the Sunday night

Whillock Captures Cavalier Golf Title from Davis

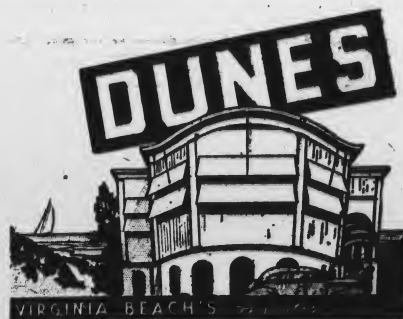

B-B Davis is the former golf champion of the Cavalier Yacht and Country Club, as of Sunday. The new champion is Tommy Whillock, who defeated Davis 3

and 2 for the club championship Sunday on the Cavalier layout.

With the morning round all even, Whillock played below par golf in the afternoon round to down Davis on the thirty-fourth hole, and win back the championship he held in 1947.

In the finals of the two-week tournament over the par 69 Cavalier course, it was strictly a nip-and-tuck affair with both men coming from behind several times.

Five down and six to go in the final round, Davis staged a belated rally, halving the thirty-first, winning the thirty-second and thirty-third, and finally losing out in the thirty-fourth.

Favorites Reach Finals In Tennis Doubles Tournery

Bradt, Wells Face Cayce, Stata At Playground Saturday

Top seeded doubles team Dr. Frank Wells and Eli Bradt will meet Edgar Cayce and Dr. R. A. Stata in the Men's Doubles Tennis tournament finals Saturday at 3:30 p.m. on the Bayne Field courts.

Competition between the two favorites in the tournament is expected to be stiff, according to playground officials. George Ly-

man, Cavalier tennis professional, will officiate in the finals. Winners of the match will receive trophies between softball games next week.

The finals/Saturday will conclude a series of tournaments sponsored by the playground during the past month.

According to Mrs. Orlan Arett, playground supervisor, the event, the first to be put on by the park, were a success and more tournaments will be sponsored next season if enough interest is shown.

Scores
First round: Stata and Cayce defeated Tarrah and Lockwood, 6-2, 6-0; Coffman and Leatherwood defeated Kellam and Bailey 6-1, 6-2; Lee and Wolcott defeated McCleskey and Richards, 6-1 6-1; Wells and Bradt drew a bye. Semi-finals: Stata and Cayce

ORDER EASTERN STAR TO SPONSOR BIRTHDAY SUPPER THURSDAY, AUGUST 25

Entry List Growing For Cavalier Horse Show Sunday Afternoon

Men and women from Virginia and North Carolina will ride for ribbons and trophies in the annual Cavalier Saddle Club Horse Show scheduled to be held Saturday. Riders will start into the Cavalier ring on Bird Neck Point at 1:00 p.m. The event will pause for intermission about sunset and resume again under lights at 8:00 p.m.

About fifty entries are expected by show time. Many riders from the surrounding area have already entered the show, as have several from North Carolina.

Among those from North Caro-

lina who will ride in the three- and five-gaited and equitation classes are Sondra and Nello Teer and Gail Farthing from the Woodland Terrace Stables, Durham, N. C.

Twenty-one classes will be open to the riders, which will include five divisions, the hunter, jumper, three- and five-gaited and equitation for children.

Billy Jones, of Norfolk, riding Lady Rivers, entered the Jumper division early this week. He will join Happy Mayo, of Hampton, riding Seagrams Seven and Green Hornet; Kenny Wilson, of Hampton, up on Col. H. and Vanity Miler; and Clayton Wieg, Jr., in the exciting knock-down-and-out jump class.

Wieg, one time winner of the White Way Challenge trophy in the triple bar "knock down" class will be out to gain a second leg on the trophy.

The trophy, donated by Fred A. Haycox, of Virginia Beach, is retired after it has been won by a rider three times.

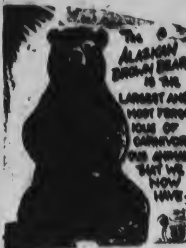

Equestrians in the colorful Corinthian Class will mount their horses in full hunting attire and will be judged on manners, brilliancy, conformation, quality and soundness. The victor will receive the Lee Birthday Challenge Cup.

Afternoon classes, in order of schedule, are: amateur three gaited, working hunters, open jumpers, amateur five-gaited, hunter horsemanship class, handicaps hunters, equitation class, open five-gaited, triple bar, children's hunters, grooms class. Night events are modified olympic, open three gaited, hunter hacks, pair of hunters, pair of pleasure horses, knock-down-and-out, Corinthian class, three gaited championship stake, hunter stake, jumper stake, five-gaited championship stake, awarding of hunter championship and awarding of hunter championship.

Dick Keeley, of Richmond, and Jack Payne, of Orange, will be judges in the hunter, jumper and equitation divisions, while Frank Wishart, of Smithfield, and Jim

Curry of Suffolk, will judge the saddle horses.

HURRY! ONLY 12 MORE DAYS TO GET YOUR

"Gift" BLANKET! At Your Coleman Dealer's

MY COLEMAN HEATER BY DAY AND THIS BLANKET BY NIGHT GIVE ME PERFECT COMFORT!

1 Get Your Guaranteed* Coleman OIL HEATER NOW!

* Yes, Guaranteed to give you warmer floors in more rooms than your present heater of equal size and rating or money back. These Coleman models not only burn fuel better—they move the heat down to that important 3 feet next to the floor where you sit and where babies play! Give you more usable heat, save fuel, increase comfort.

Say Goodbye To Dirty Solid-Fuel Heat!
NO WORK, NO DIRT, And WARMER FLOORS With a Coleman!

Here are the three blessings you've looked for in a heater! This Coleman heater tends itself! There are no ashes to carry, no dirty solid-fuels to clean up after, no fires to build. And remember Coleman is the heater that has won a million awards by packing the heat down at the floor where you live. You get greater comfort, better health. Pay as little as \$10.00 down!

2 Get This Famous North Star \$15.95-Value Blanket As A Bonus For Buying Early!

Yes, if you buy before August 31st we give you this beautiful, top quality, North Star Blanket as an extra gift. Soft, fluffy, 100% wool! Choice of eight lovely colors. Full 4 1/2 pound weight, ample double bed size—72x90. Get winter comfort for day and night by seeing your Coleman dealer for your Coleman heater and your gift blanket in the next few days. Yours With Any Coleman Heater Priced Over \$69.95

How Coleman Blower Helps You Save Up to 25% On Fuel!

It pours out a regular "carpet" of heat—right at floor level. You can direct it, through built-in louvers, toward any spot in the room. It helps move the heat to you—you burn less fuel, yet you'll have more comfort.

Install Now—Use Blower As A Summer Fan!

Mosquito Control in North Area To Be Subject of Discussion at Meeting at Cavalier Saturday

Supervisors to Meet With Conservation Commission Members

The Princess Anne County Supervisors will meet with members of the Virginia Conservation Commission at the Cavalier Hotel Saturday morning to consider the advisability of draining a 3,000-acre swamp that extends from Seashore Park through parts of Fort Story as a means of reducing mosquito infestation of the North Virginia Beach and Bay Colony areas.

In the meantime, Robert L. Vannote, consulting entomologist of Morristown, N. J., who has been secured by the Virginia Beach-Princess Anne County Mosquito Control Commission to study the area, made public his findings. His solution will answer many of the arguments against the drainage of the swamp area of the Seashore State Park. Heretofore, advocates of keeping the park in its natural state have said that draining the park would kill off much of the semi-tropical and aquatic plants which depend upon the marshy land for sustenance.

Mr. Vannote would drain the water in November or early December, permitting the "drying out" of the breeding areas without destruction of the aquatic life. By removal of water during the dry spell, he said, the larvae of the mosquito, *Anopheles perturbans*, the principal offender, would be destroyed.

Anopheles perturbans, which breeds in the area, is unique in that the usual methods of extermination are not effective. The larvae of the *Anopheles perturbans* lives under the water, securing its oxygen to sustain life from the roots of certain aquatic plants found nowhere in the area except in the park. On the other hand, the more common variety of mosquitoes are easily killed in their larval stage because they must come to the surface of their breeding pools for oxygen, and ordinary oil sprays are effective in eliminating them.

Other of Mr. Vannote's suggestions include a system of water control stations to be established to permit the impoundment of waters during 11 months of the year.

He also recommended that an emergency program of adult mosquito control be established until the permanent drainage-water control project can be completed.

The plan calls for a series of ditches to drain depressions and lower the water table in the breeding areas some six inches below the ground surface.

Lions Club Donates \$1,500 for Erection of Athletic Field Wall

The Lions Club of Virginia Beach and Princess Anne County has appropriated \$1,500 for the erection of a 400-foot by 8-foot high concrete block fence around the Oceana School athletic field. The action came at the club's meeting Monday night.

The fence will be made of cinder block and trimmed with brick, according to a spokesman for the club. Most of the money, he said, will go for labor and the blocks.

Through the efforts of the Lions Club three construction companies have donated equipment and labor to grade the athletic field and furnish drainage.

Lights will be installed at the field. Already Oceana High School has scheduled six night football games at the field.

Money for the wall around the athletic field was donated through subscription by citizens of Virginia Beach and Princess Anne County, the spokesman said.

Thief Ransacks Oceana Homes Wednesday Night

Break-Ins Follow Similar Pattern to Two at Beach

Oceana had a wave of house-breaking Wednesday night when an intruder broke into two homes and attempted to break into a third, only to be frightened away after the owner opened fire on him.

The robber broke into the homes of E. P. Harmon, East Lane, and W. C. Huffman, East Lane, and ransacked both houses while the occupants slept.

Loss at the Harmon home was estimated at \$600 in cash and jewelry. Missing were a wrist watch which was a gift to Mr. Harmon, a 21-jeweled Hamilton and a 17-jeweled Elgin watch, 200 in cash, and miscellaneous pieces of jewelry. The thief made a thorough search of the room.

Mr. Huffman said, even going through the pockets of his trousers which were lying on a chair near the bed.

The Huffman's also slept during the prowler's search of their house. Their loss, according to Princess Anne County police, amounted to three watches, jewelry, and \$65 in cash. Time of the Huffman robbery has not been established, for Mr. Huffman did not discover the house had been broken into until Thursday morning, when he called police.

The robber also attempted to break into the home of G. W. Whitehurst, neighbor of the Harmons. Mr. Whitehurst reported that he and his wife were roused about 2:30 a.m. by someone attempting to gain entrance to his home. When he went to investigate, he stumbled over a chair. The intruder started to run down a lane, and Mr. Whitehurst shot over his head.

Mr. Harmon made the discovery his house had been broken into when Mr. Whitehurst telephoned about 3:15 a.m. to warn him that the prowler had headed toward his house. When Mr. Harmon went to see if the back door was closed, he discovered that it was opened, that the thief had come and gone.

Both Mr. Whitehurst and Mr. Harmon called Princess Anne County police to report the break-in and attempted break-in, but, according to Harmon, he was told that no police cars were available to investigate. Oceana is not within the jurisdiction of the Virginia Beach police, who were also called.

County Chief of Police Ivan Kapp declared yesterday that the county force is undermanned, and that at the time of the robbery all cars were on duty elsewhere in the 279 square miles that make up Princess Anne County. Mr. Whitehurst, who caught a glimpse of the intruder, described him as a Negro, weighing about 150 pounds. He had on a hat and short jacket, Mr. Whitehurst said. Police believe the same man is responsible for all three crimes.

Oceana Beach Breakins

The Oceana robberies follow Friday night's series at Virginia Beach where two houses near 15th and Baltic Avenue were entered under similar circumstances and an attempt made to enter a third.

The two houses, those of E. C. James and J. M. Carter, were entered during the night while the occupants slept, and were ransacked, evidently at a leisurely pace. Entrance to the James house was made through a dining room screen, according to Mrs. James, both the front and back doors were unlocked by the intruder, and the telephone taken from the hook. Loss was confined to a small amount of money, and a tie left a dollar bill on the living room table.

The Carter's loss also was minor, but the bedroom in which the Carters slept was gone through carefully. Only change from a coat pocket in a closet and small bills were taken.

Better Garbage, Trash Collection System Planned

Lockwood Promises Action Following Letter from C. of C.

Virginia Beach can look forward to better and more sanitary handling of trash and garbage collections during the next year.

That is the word received from Town Manager Lawrence Lockwood in a letter to Albin R. Mallies of the Chamber of Commerce, which was made public this week.

Town Manager Lockwood pointed out that the 1949-50 budget calls for an expenditure of \$6,500 for a new garbage truck of modern design so that the offensive open-body trucks now in use on Atlantic Avenue may be replaced. The new design, which will be covered, will eliminate a particularly objectionable feature of the old trucks—the odor and the possibility of errand winds blowing the trash back into the streets.

The use of the truck on Atlantic Avenue, together with the implementing of certain other measures will unquestionably result in greatly improved conditions before the beginning of the 1950 season, Mr. Lockwood said.

His letter to the Chamber of Commerce was in reply to one sent by the Chamber last week asking that something be done about the garbage and trash situation along Atlantic Avenue, and pointing out the many complaints that come into the Chamber's offices as a result of the unsightly condition of trash put out for collection.

The Town Manager's letter read in full:

August 22, 1949
Virginia Beach Chamber of Commerce, Inc.

Virginia Beach, Virginia
Gentlemen:
Attention—Mr. Albin R. Mallies, Executive Director.

Your letter of August 17 pertaining to the handling of garbage and trash on the eastern side of Atlantic Avenue has been received.

Our Health and Sanitation Engineer, A. Worth Petty, and I are fully cognizant of the problem referred to in your letter and may be assured that everything possible to improve the situation will be done. In this connection you will, I am sure, derive considerable satisfaction from the fact that the Town's budget for the 1949-50 fiscal year includes \$6,500 for the purchase of a new garbage truck of modern design. The use of the new truck for collecting garbage and trash on Atlantic Avenue together with the implementing of certain other measures we have under consideration will unquestionably result in greatly improved conditions before the beginning of the 1950 season.

Sincerely yours,
LAWRENCE LOCKWOOD,
Town Manager.

Crippled Children To Be Entertained At Seashore Camp

Mrs. L. G. White will play hostess this week to 53 children from Camp Limpitille of Huntington, West Virginia, at the Seashore Camp for Girls. The 53 youngsters are crippled children from the West Virginia camp, and they will be the second year that they have made a trip to Virginia Beach.

They will arrive today for a week's stay at Mrs. White's camp on 32nd Street, which closed for the season only yesterday. They will travel on a private car furnished by the Chesapeake and Ohio especially for their trip. Their visit this year is being sponsored by a Navy organization.

Last year the youngsters were entertained during their two-day stay at the Beach by James Knapton at a luncheon, and by W. F. Crockett at the movies. They stayed at the Dolphin Hotel.

Supervisors Plan Protest of State Highway Department's Secondary Road Policies

"Girl Scout Night" At "The Common Glory" August 26

August 26 has been named Girl Scout Night of the performance of "The Common Glory" at Williamsburg, and leaders and parents are urged to take advantage of the occasion to give their troops and children an opportunity to see Virginia's historical drama.

Mrs. Gerould Rumble, Princess Anne County District Girl Scout leader, said that the performance begins at 8:15 p.m. There is a charge of 90 cents for children and \$1.80 for adults, although leaders accompanied by ten or more scouts are admitted at 90 cents. In the event that a child is not accompanied by her parent she should have a note giving her permission to attend the performance, according to the information Mrs. Rumble received.

Mrs. Rumble said that she hoped many Girl Scout leaders and parents would take advantage of the occasion. Further information may be secured by calling Mrs. Rumble at Virginia Beach.

Beach Models in Cavalier Fashion Show Sunday

Models from throughout Virginia will exhibit Montaldo fashions for Autumn in a "Fashion Forecast for '50" show at 5:30 p.m., Sunday at the Cavalier Beach and Cabana Club.

The models, chiefly from Virginia Beach, Norfolk and Richmond, will display suits, coats, dresses, furs, millinery, shoes and accessories created by America's most noted designers. The show will feature clothes designed by Christian Dior of Paris.

Among the famous American designers whose styles will be Hattie Carnegie, Marusia, Triger, Nettie Rosenfield, Fira Benenson, Traina Norrell, Jane Derby, Ben Reig, Pattullo, Maurice Renter and many others.

DR. FRANK WELLS SUPPLY PASTOR AT METHODIST CHURCH SUNDAY

Dr. Frank L. Wells will be supply pastor at Sunday's 11 a.m. services at the Virginia Beach Methodist Church, according to an announcement by the pastor, the Rev. Frank H. Van Dyck, Jr., who is on vacation at this time.

The 8 p.m. service will be presided over by the Rev. G. T. Forrester.

Claiborne Bryant Wins Praise On Savings Bond Drive Success

News Receives Letter Of Thanks From Deputy Director

C. R. Bryant, chairman of the Opportunity Bond Drive just completed in Princess Anne County, has received congratulations from Princess Anne County's outstanding part in the recent bond drive from Dr. Francis P. Gaines, State chairman Advisory Committee, and C. H. Edwards, State director of Savings Bond Sales for Virginia.

The performance of Princess Anne County in the drive set a record in the State, according to a letter received in the News office from Charles L. Kessler, Deputy Director of the State Savings Bonds Division. The quota of E bonds was \$20,000, and sales totaled \$54,602.25, as reported to the Federal Reserve Bank, Richmond. This represents 273 percent of the quota, according to Mr. Kessler.

Mr. Kessler's letter to the News follows:

Board Appropriates \$500 for County Fair; Senators Robertson and Byrd, Congressman Hardy Promise Aid in Rent Decontrol Fight

The Princess Anne County Board of Supervisors took a dim view of the State Highway Department's new secondary road policies as submitted to them at their regular August meeting on Monday.

The new policies, which were handed the supervisors along with the tentative budget for the year that began for the Highway Department July 1, were particularly objectionable in the formula to be followed in connection with rural road additions to the system. The latter would be limited to one per cent of each county's rural secondary mileage in any one year, and the cost to no more than five per cent of the improvement fund.

The tentative budget, as explained to the board by E. D. Hubbard, resident highway engineer, would total \$176,000. This sum, broken down, allocated \$108,000 to maintenance, \$44,000 to replacements, and \$24,000 to surfacing of new streets and roads.

Mr. Hubbard described the new budget as approximately the same as last year's. The amount is allocated by the State on the basis of area, population (1940), miles of roads in the system, and traffic density. He added that the demand at the present time in Princess Anne County for improvement and additions is far greater.

(Continued on Page Two)

"Jenny Kissed Me" First Play By Little Theatre

First of Four Plays Is New Comedy First Produced in 1948

The Little Theatre has selected as its opening show of the 1949-50 season, "Jenny Kissed Me," a bright and different comedy by Jean Kerr, produced in New York in 1948. This play, which concerns a Catholic priest and a young girl, and his efforts to help her to be "hep," is ideal Little Theatre material, and is already meeting with the same success that "Junior Miss" has achieved throughout the country.

"Brighten the Corner" will follow this first production. A laugh-filled farce-comedy, by John Cecil Holm, it was produced in New York several seasons ago. Like "Jenny Kissed Me," which is a new release, "Brighten the Corner" has never been produced in the Tidewater area.

The third show of the season has not yet been selected, due to the fact that the Reading Committee has not found a play entirely to its liking, and will continue to search for one. In the meantime, the audience at the first show will be asked their preference for a third show, and a vote will be taken as to whether it will be a comedy, straight drama, mystery, or classic.

The final show of the season will probably be Noel Coward's scintillating comedy "Private Lives."

Season tickets for the four productions are now on sale. Anyone interested may contact Mrs. W. W. Connell, 333-M. Mrs. Connell and Mrs. R. F. Trant, Jr., are co-chairmen of the ticket drive. Mrs. J. D. W. Cassada is ticket chairman in charge of reservations.

New Post Office At Bayside to Open

A new post office will be opened at Bayside about September 1, according to the Postal Bulletin. It will be located in an open air market operated by James A. Mills, at Chesapeake Beach and Shore Drive.

The new post office will serve Ocean Park, Chesapeake Beach, Robbins Center and the White Dock area.

The Virginia Beach News

Published every Friday by the Princess Anne Press, Inc.,
334 17th Street, Virginia Beach, Va. Commercial and Social Printers.

All news and advertising copy should be in this office not later than Wednesday, Noon. Subscription \$2.00 per year in advance. Advertising Rates upon Request.

Obituaries, cards of thanks, resolutions of respect and uncollected original poems are charged for at the rate of 30 per word each insertion, payable in advance.

PHONE 263

Entered as second class matter August 7, 1925, at the Post Office of Virginia Beach, Virginia, under the Act of March 3, 1879.

RELIEF AT LAST?

Residents of North Virginia Beach may at long last get some relief from the State Park mosquito nuisance. Robert L. Vannote, consultant entomologist, has presented his findings to the County Board of Supervisors who, in turn, will meet with the Virginia Conservation Commission on Saturday. Vannote's suggestions are such that will not endanger the natural growth and beauty of the State Park yet will permit the drying out of mosquito breeding places.

The Park swamp lands have been a subject of controversy between conservationists and nearby residents for many years. Garden Club members have opposed any action which would be deemed detrimental to the natural growth in Seashore State Park. Local inhabitants and the Mosquito Control Commission have been trying to meet a compromise and get relief from swarms of the pests that emerge from the Park. To date no action has been taken.

If the County Board is able to convince the Conservation Commission that a mid-winter drainage of the 2000-acre swamp area is the solution, then next summer's inhabitants will find a great relief.

LET'S GET IN THERE, TOO

This week's news from the National Seafood Festival includes plans for a gigantic public feast, 2000 pieces of flounder steak, butterfish, deviled crabs, oysters, etc., are on the menu. This news has been released all over the nation, including Hampton Roads and the State of Virginia as well as Hampton itself.

Virginia Beach may well look with envy at the publicity which Hampton has gained by promotion of the Seafood Festival. Why not something of like nature for the Beach? There is no sport fishing tournament sponsored in the lower Chesapeake area.

LOOKING BACK

TWENTY-ONE YEARS AGO—AUGUST 24, 1928

Sixty-seven voters turned out in the special bond referendum vote held August 21, 1928, to pass two \$25,000 bond issues, one to extend the town's water mains into recently annexed territory in North Virginia Beach, the second for general improvement bonds. The Virginia Beach Weekly, in its August 24th issue, said that 60 votes were in favor of the bond issues; seven opposed.

Judge A. J. Ackiss was reported to be seriously ill. He was a resident of Princess Anne County for 57 years, and had been prosecuting attorney for 15 years until his retirement. He was the editor of the Virginia Beach Weekly since its first publication in 1925.

A "Stirring underworld drama" was being shown at the Roland Theatre—"The Noose" starring Richard Barthelmess. Also showing at the Roland during the same week was "The Blue Danube," with Leatrice Joy and Nils Asther.

The Virginia Beach Athletic Club's baseball team won 7 to 5 over the Riverside Cardinals. Bating averages of the local team were: Osborne, .527; Tarrh, .444; Gallup, .414; Cake, .385; Murden, .353; Martin, .307; Caton, .241; Henley, .210; Barco, .200; Bralhouse, .179; Rainey, .142; Wood, .124.

The Oceana WCTU held its annual picnic at Seaside Park. Mrs. Lillian Sheppard made a short address.

Contractors' bids for a new laundry at Virginia Beach were opened. The building was to be located on 17th Street beyond the town limits, known as the Princess Anne Laundry. Names of the individuals composing the corporation were withheld.

SUPERVISORS

(Continued from Front Page)

then can be satisfied by the amount available.

In the county system, there are 303.26 miles in the secondary system, and of this, 57 miles are of urban streets and 246 miles of rural roads. Not all of this mileage is hard-surfaced, however, Mr. Hubbard said.

With the new formula for additions to the system applied, the supervisors believe that the needs of Princess Anne County will not be met satisfactorily. "There are not enough roads, and not enough money being spent," was the consensus of the discussion. It was brought out that there are at least 15 miles of roads now which should be brought into the system, not taking into account the many new developments growing up in the county.

Population growth in Princess Anne has nearly doubled since the 1940 census, members of the board declared.

The board instructed Commonwealth's Attorney P. W. Ackiss to prepare a resolution to go to the State Highway Commission protesting the policies on additions and pointing out that the one per cent addition permissible is particularly objectionable.

Not included in the \$176,000 budget will be the improvement of two roads totaling 4.19 miles on a Federal-State basis. The roads are: that section of the Indian River Road from the Military Highway to Kempsville (at Mears Corner), and from the Kempsville Road to Highway 58, intersecting at Rosemont. Both of these roads were said to have heavy vehicular traffic each day, the former up to 1,157 cars, the latter 670 daily.

Rest Decontrol Letters to the board were read from Senators A. Willis Robert-

Behind the Scenes in American Business

By Reynolds Knight

New York—Aside from the understandable administration desire to talk up prosperity, is there any basis in business developments themselves for Labor Secretary Tobin's cheerful forecast of a million new jobs opening up by the end of this year?

We think so. Here are a few reasons. Jewelers at their annual trade show here last week waxed optimistic about prospects for a good Christmas trade. Jeweler attendance, equal to last year's 13,000, was evidence of their sincerity. Industries caught first in the postwar wringer are showing signs

of renewed demand. Examples are cotton textiles, paper, lumber. Metal prices have again moved up, indicating demand greater than supply. New peaks in construction award contracts have been recorded. Auto output proceeds with amazing vigor.

If the hoped-for general upswing occurs, retailers of the country may take a bow. They've been very alert these last few months to the importance of reducing inventories before stockpiles get out of hand. They've done it by holding numerous sales, offering tempting price reductions to the public. Now, it is thought, continuance of consumer spending at just the present rate should be reflected almost immediately in new orders to wholesalers and manufacturers.

VACATIONS THAT PAY—A noteworthy industrial trend of the summer of 1949 has been the large number of manufacturing plants which shut down for periods of from one week to a month for employee vacations. The primary aim of such plant-wide vacation closings originally was to "get it over with fast" and avoid the lingering operations that inevitably result when employees are struggling in and out any time between May and October.

Rich returns in better and more efficient maintenance and repairs are reported by the Philadelphia ball and roller bearing firm which has been closing down annually for a number of years, except during the war. Major plant changeovers are held up for the shut-down, and plant engineers work to a schedule planned months in advance. Electrical, millwright, housekeeping, lubrication, maintenance and construction, and carpenter work is performed at an estimated savings of 60 per cent of what the same work would cost if done while the plant is operating. Virtually no overtime is involved—and the maintenance workers this year got through in time to enjoy a week-end themselves before the plants were reopened.

THINGS TO COME—"Early Bird," a chemical worm digger, to give fishermen a method of obtaining bait quickly and cheaply at any time of the day. You sprinkle it on the ground, water with a hose, and out come the worms. Should be a soft touch for enterprising robins, too. . . . A cherry pitter for the home. You fasten it to a table, pour in the cherries and turn a crank. Pitted fruit pours from the delivery end at rate of a quart a minute. . . . Women's gloves with built-in pockets in left-hand palm for a key and a bill or two. The pocket is opened by an almost invisible zipper, which has safety factor of an automatic lock. Named the "Money Mitt." . . . Good news for errant husbands! A plastic rolling

The Norfolk Southern has already made application to the State Corporation Commission to abandon the section of track taking in the span in question, and to terminate their tracks in Princess Anne County on the Virginia Beach route at Lake Station to the south of Virginia Beach.

Pumps to State

The State Highway Department will be requested by the board to take over the two pumping stations on Route 60 used for the purpose of keeping water from standing on the highway after heavy rains. In last week's downpour, one of the pumps broke down with the result that the highway was all but impassable for two days, or until the pump was put in order. The resolution asking the state to take over the pumps and their maintenance pointed out that the efficiency of the system had been long demonstrated.

Hospital Contract

The board also received a letter from the Virginia Beach Hospital asking for a conference concerning the contract that the county has with the hospital for the care of indigent and other hospital cases where the county bears the hospitalization expense. The present contract expires September 8, and calls for \$8 per day per patient. The letter pointed out that the \$8 was hardly sufficient to cover all of the expenses involved.

**Wheat Acreage
Notices Mailed to
County Farmers**

**County Allotment
2351 Acres, Says
ACA Chairman**

Princess Anne County farmers this week were notified how much acreage they may seed to wheat this fall to be eligible for price support under the government's acreage allotment plan to control production of the 1950 crop. The total county wheat allotment is 2351 acres.

This announcement came from R. W. Lane, chairman of the ACA Committee, who said that notices of individual farm allotments were mailed Monday to all wheat growers of which his office had record. He added, however, that any farmer who did not get a notice and believes he is eligible to receive a wheat allotment should communicate with the County ACA office.

Wheat acreage allotments for 1950 have been established for all "old" wheat farms, which Mr. Lane defined as those on which wheat was produced in any one of the years 1947, 1948, or 1949. Farms on which wheat was not seeded in any of these three years but which plan to seed wheat for 1950 harvest are considered as "new" wheat farms. In order to request a 1950 acreage allotment operators of these "new" wheat farms must make application in person or by writing to the County ACA Committee, giving the specific amount of acreage requested. "New" farm applications must be in the hands of the county committee not later than September 1, 1949.

The secretary of agriculture arrived at the national wheat allotment in accordance with the law as defined in the Agricultural Adjustment Act of 1938. This act in effect says that the national allotment shall be such as to provide a total wheat supply, including carry-over stocks, equal to normal domestic and export consumption, plus a 30 per cent reserve. Under this formula, the production needed in 1950 will be 1,110 million bushels. This amount, when converted to acres on the basis of average yields, results in a national wheat allotment of 68,944,069 acres, representing a reduction of about 14 million acres below the amount seeded for 1949 harvest.

The national allotment has been apportioned among states, and in turn to counties and farms on the basis of acreage and production history, with consideration given to war crop production adjustments. The 1950 allotment for Virginia is 502,092 acres.

To be eligible for government price support on wheat next year, a grower must produce only the acreage allowed under his individual farm allotment. Producers having wheat on more than one farm may become ineligible for price support by exceeding his allotment on any farm.

Chairman Lane cautioned growers to stay within their allotments so that they would be eligible for price support. He also said that producers should be familiar with the program requirements before seeding time.

Further information may be had from the County ACA office in Fungo.

AMERICA AT PLAY

VACATION! They've picked time and place, and they've planned and saved for months. Now they're off!

That's the American way—the way of free choice—so familiar we take it for granted. A man picks his job, leaves it freely for a better one. He chooses the town he'll work in, the house where he'll live. He saves, spends as he wishes, with only his income and his wife to dictate to him.

It's not that way everywhere. In some countries, the government puts a man in a city, a house, a job, with no choice in the matter. He can't quit, leave town or move around the corner without permission. If he gets a vacation, he is told where and when to go. The government runs everything, the people nothing.

That's what happens when a free people turn over their responsibilities to their government. They also turn over their freedom of choice. Socialism is the result. How does Socialism happen? Not overnight. It is woven slowly, a thread at a time, into the bonds of slavery. Little by little the government assumes powers other than governing—until it finally assumes all power.

In this country, the government has already entered the electric light and power business—and is aiming at medicine, steel, railroads, and other industries. That is how Socialism got its start in other countries. Talk to your friends and neighbors and see how they feel about this creeping Socialism that threatens your way of life.

The Ocean Breeze

By J. J. Lee

The recent fires at Camp Pendleton, believed to have been started by an arsonist, brought forth some interesting comments from men training there concerning conditions of the camp as a whole.

Phoning to inquire whether any more fires had been discovered since the third one was reported, one Virginia Guard officer answered, "No more fires yet, but I wish they would let the crank burn the place down before it falls."

The remark was typical of the gripes that we heard. Two days after the Virginia Guard took over training at the Beach post, the rotten condition of the camp was reported to us by one of the top officers.

Camp Pendleton, located at the south end of the Beach is, in the strict sense of the word, dilapidated. All of the buildings need painting. In many, windows are missing, doors unlocked and hanging off the hinges, walls are coming to pieces, and some of the buildings even sag. Floors are ragged and un-waxed. What furniture there is in the buildings is either broken or on its last legs.

The landscape is overgrown. The roads have holes and fences are falling to pieces. Even the Governor's summer cottage, located in the camp, needs painting.

Right now the post needs, more than anything else, iron gates to keep visitors from viewing the disgraceful sight.

This summer the guardsmen sent to Camp Pendleton from East Coast states has decreased. Last season approximately 4,000 officers and men from Virginia were stationed there for a two-week training period. However, this summer only 725 men were routed to Camp Pendleton. Most of the Virginia Guardsmen were ordered North where facilities are better.

The Beach camp is state-owned and is one of the largest state-controlled training sites in Virginia. Yet, very little money has been spent on it by the state.

According to one authority, if the state would spend money to improve the post, the Federal government would chip in at the ratio of 7 to 1.

Perhaps it would be wise if some of the influential Beach people, and there are many, would press the State government to make some effort to keep the camp up, since the share of the money made by the men in the camp is spent on the Beach.

A FREAK WINDSTORM swept down the beach over the week-end upsetting beach chairs and umbrellas. According to several lifeguards a miniature whirlwind hit the beach near Seaside Park, swept along the sands until it reached 29th Street, veered off onto the boardwalk, and went back down on the beach at 30th Street.

The only damage was to a lightpost which was struck by a flying umbrella. Several umbrellas were sent bouncing into the water and the hair of several bystanders were promoted skyward.

Occasionally a small whirlwind can be seen a mile or so off the beach, but this was the first time this season one ripped its way along the sands. The minor whirlwinds are seldom dangerous.

NO SOAP WRAPPERS, complained Marvin Woolf early this week. Mr. Woolf is collecting Swan soap wrappers at the Washateria in behalf of the Junior Chamber of Commerce, which is sponsoring a campaign to collect the wrappers for CARE. For every two old-fashioned Swan manufacturers will send two bars of soap to soapless Europe, where its need is acute. What's the matter, doesn't anyone at the Beach wash?

THE CAVALIER HAS DONE IT AGAIN. This time it's an annual tennis tournament. Already the Cavalier sponsors the annual Payton Memorial Golf Tournament, the Specialist Golf Tournament, the annual Cavalier Saddle Club Horse Show, a Fall Fashion Show and a Sailing Regatta. They also attempted to introduce the theatre to Beach people. The two plays by the Barter Players went over well, but at considerable expense to the hotel.

Summer Fishing At Inlet Best Yet Despite Recent 'Drismal' Weather

Despite rough seas and "drismal" days during the past two weeks, fishing at Lynnhaven Inlet this summer has been better than ever before, according to reports from several commercial fishermen.

Sportmen have been consistently hitting for large hauls, both in the Inlet and off the shores of the Beach.

Founder, sea bass, bonita, dolphin, croaker, blues and other species have been biting throughout the season, with large catches of all being reported from time to time.

Up until the recent bad weather set in sportmen were hauling in as many as 120 or more small blues. Many anglers recently have been more than satisfied with a morning's catch of these game fish and have returned to the docks several hours before the sun started downward.

Amberjack, which are often caught here weighing 30 pounds or more, began running this month. J. Shrieves took a party

out on his boat from Poole's Boat House recently. Using bunker and squid for bait, the anglers hauled in seven amberjack. Then inclement weather closed in and curtailed any further effort by sportmen for amberjack and other deep sea fishing.

Meanwhile anglers have been dropping their lines back in the Inlet where the waters are considerably calmer. This week J. A. Phillips, C. A. Phillips of North Carolina, and J. E. and Lindsay Dell, of Portsmouth, anchored back in the Inlet, baited their lines with shrimp and then for a little more than an hour were busy hauling in croakers. They checked in at Poole's with 100 of the fish—one of the larger catches of the season.

Rock, too, have been biting around Leamer Bridge. Ted Morley and Wayne Rider, of Lynnhaven, anchored close to the bridge this week and caught 47 pounds of Rock weighing from three to nine pounds each.

Although no large hauls of trout

have been reported, they are on the run, according to Captain Bob Dale, charter boatman.

Dale, who was the first to set up as a commercial fisherman in the Inlet five years ago, has done much to boost deep sea fishing from Lynnhaven. Ten days ago when the seas were somewhat calm, he and Gerould Spencer fished near the lighthouse, about 20 miles east of Cape Henry, in search of new fishing grounds. So far they haven't found a likeable spot. Dale, however, discovered the outer reef, 20 miles off and south of Virginia Beach. This summer and many sportmen have been catching dolphin, bonita, and other game fish from this spot.

Captain Dale has located practically all of the popular fishing spots off the Beach and Cape Henry. In addition to the outer reef, sportmen have been deep line fishing and trolling off the inner reef and three wrecks, all located about five miles out and from Cape Henry to the south end of the Beach.

Only Two Softball Games Played In Final Round

Bad weather caused all but two games to be cancelled this week and last week in the Virginia Beach Softball League, as the six team league went into the fifth and final round of play.

With Mel Goad striking out 15 batters, the Lions Club eked out a 3 to 2 decision over the American Legion nine Monday night at Bayne Field. Goad struck out 16 of the first 13 batters he faced as he continued to burn up the league in the strike-out department.

Neither team scored an earned run. The slippery ball ripped through both infielders and outfielders several times to let runners score.

In the only other game played Monday night, Pyrofax Gas outlasted Oceana Air Station in eleven innings to win 8 to 6.

At the completion of the fifth round, the Lions Club, American Legion and the winner of the fifth round will meet in the league playoffs for the championship. Already the American Legion and Lions Club have won two rounds each and league officials are expecting only a two-team playoff at the end of the season.

THE COMMON GLORY CHOIR which will give a extra curricula concert on Monday evening, August 22, as a special feature of the closing week of the drama's third season which will end with the Sunday evening performance of September 4. David Brandt, organist for the Common Glory, will share the program with the 33 voice choir. Princess Anne County has two members in the choir, Claude Noek, of London Bridge, and Virginia Lee Branch, of Back Bay.

Benny Goodman At Surf Club Thru Labor Day

Benny Goodman, sometimes known as the "King of Swing" and his orchestra will open at the Surf Club tonight. Goodman and his band will wind up a season full of top flight bands that have played at the club this summer.

A new sliding steel roof has been installed over the open deck dance floor of the club and will be in operation in case of bad weather. A few minor decorations and alterations are still being added.

Goodman, the band leader who speaks softly but carries a big license stick, has probably had a stronger influence on the trend of American music than any other musician.

Back in 1934, when he was reaching out toward fame, Goodman's clarinet made "swing" a household word and did much to change the course of modern music.

With such tunes as "Sing, Sing Sing," "Don't Be That Way," and the more recent "Stompin' on the Champ," included in the hundreds of recordings that Goodman has made, he has achieved lasting recognition in the music world.

Outstanding leaders such as Harry James, Teddy Wilson, Lionel Hampton, Claude Thornhill and Gene Krupa, all ex-members of the Goodman band, proclaim him as one of the most inspiring conductors in the orchestra world.

Goodman and his orchestra will play through Labor Day at the Surf Club.

In ancient Rome, women had wings of various colors as part of their wardrobes, according to the Encyclopedia Britannica.

Cavalier Tennis Tournery Planned For Labor Day

Few Netters Will Be Invited Due to Court Shortage

The first annual Cavalier Invitational Tennis Championship Tournament will be played on the three green bar-tru courts of the Cavalier Tennis Club September 3-5.

Some of the top tennis stars from Washington, Richmond and Norfolk will be invited to participate in the tournament.

The three-day matches will have three divisions—men's singles, women's singles and men's doubles.

A club official said that only a limited number of players could be invited due to the small number of courts that are available on which to play.

Trophies will be awarded winners and runners-up by the Cavalier Hotel.

The tournament committee is composed of George Lyman, Cavalier professional, Carl Fersberg, Jr., and Albert Kouri.

Early this week plans for the tournament were still not complete and names of the participants were not available.

Tour to See "Common Glory" Leaves from Beach Late Today

Beach residents and vacationers will have their last chance to see the "Common Glory" drama in Williamsburg via a chartered bus today.

The bus, which will stop along the way to pick up guests, will leave the Beach at approximately 5 p.m.

Henry King Band Next at Cavalier Beach Club

The swing is to King, as Henry King and his orchestra move in to the Cavalier Beach and Cabana Club for a two-week engagement beginning tonight.

The popular pianist-arranger-musici returns to the Cavalier after touring the country, playing some of the outstanding night spots and theatres through the East. He brings with him a style that is distinctively sweet, with just the right amount of variety thrown in, and a musical organization which is ranked with the best in the business.

South American rhythms and arrangements are King's forte. The popular leader is credited with having brought Latin music to popularity in the United States following an extended stay in Cuba. He conducted research in theory of Latin American music, finally applying his findings to his own orchestra, with the results which are so apparent today.

King and his orchestra have been featured in a number of motion pictures, scoring in such hits as "The Yanks Are Coming," "Sweetheart of the USA," and "Out of the World." In addition, he has been a featured radio performer for a number of years. His recordings, cut for Decca, have topped best seller lists.

Personality plus has kept King in demand at night spots from coast to coast. He has played the Waldorf-Astoria, Mark Hopkins, Ambassador, Baltimore, Plaza, Peabody, the Chase, Beverly Hills, Roosevelt, Palmer House, Edgewater Beach and Westchester Country Club, to name a few.

Only Chrysler Offers

Drive through high water... Start instantly in dampest weather!

You can't stall this amazing Chrysler High Compression Spitfire Engine even if you play a hose on it!

Latest and greatest development in high compression! Pioneered by Chrysler engineers who first introduced high compression to America 25 years ago! Featuring still higher compression! Chrysler's mighty Spitfire again steps years ahead. Now you get completely waterproofed ignition system, coil, distributor, wiring harness, Spark Plugs—everything! And again our developments in engine protection keep pace with our advances in performance! Full Pressure Lubrication prolongs engine life. Exclusive Full Flow Oil Filter keeps oil so clean that a change is necessary only every 5,000 miles. Chemically treated cylinders reduce cylinder wall scoring, save on oil. New Wide-Gap Resistor Spark Plugs cut misfiring, conserve fuel. Superbushings reduce wear of moving parts. And these are only a few of the Chrysler engineering "firsts" the others can't match. Phone us today for a demonstration.

Baseball Star, Don Black, At Beach Sees Little Hope For Cleveland Win

One morning this week, believe it or not, the sun slowly poked its red head out from among the clouds and vacationers rushed out onto the sands and into the ocean to take advantage of the respite in the weather.

Out in the surf, in front of the

Ivanhoe Hotel, two little girls were playing and up on the lawn of the Ivanhoe sat their parents, Mr. and Mrs. Don Black. Like all parents, they were keeping an eye on their children while at the same time trying to soak up a little vitamin D.

This Don Black, in case you don't know, is quite a ball player. Until last season he was one of the top pitchers for the world champion Cleveland Indians. Right now he and his wife have colds.

Mrs. Black jokingly said she was going to complain to the Chamber of Commerce. Here they were on a vacation at the Beach and they had colds.

Baseball? Well, Mr. Black isn't playing this year. Not that he isn't needed by the Indians, for he is. But late last summer while at bat against the St. Louis Browns, a blood vessel suddenly

snapped in his head. He was unconscious for several days and wasn't expected to live. He was out for the rest of the season and missed the world series. This Spring, he still wasn't quite up to it and the management of the Indians advised him to take a rest.

Come next season Don hopes to be completely well and ready to take his turn on the mound.

As for his ball club this season, Don figures the chances of the Indians coming through to win the pennant are slim. If they do win, he believes its going to be a tough struggle, what with the

Yankees and Red Sox winning consistently every day and the Indians lagging five games off the pace setting Yankees.

At this writing it looks like a three way race for the pennant in the American League between the Red Sox, Yankees and Indians. The Red Sox have Ted Williams, who, Don says, is one of the toughest batters in the league.

"Williams won't go after a pitch two or three inches away from the plate like other batters. His eye is too good. He'll wait until one comes over the plate and then he'll probably wind up and knock it out of the park," Don said.

Don started in baseball as a third baseman in 1937 for a minor league team in Grand Island, Nebraska, but he couldn't hit. Later he was transferred to another club in Nebraska and started pitching.

Virginians became acquainted with Don back in 1941 and 1942 when he joined the Petersburg nine in the Three-I League. From Petersburg he made the big jump to the majors with the Philadelphia Athletics. In 1943 he got off to a slow start and spent most of his time learning. Then in 1944 he became a regular moundman and won 10 while losing 13.

Cleveland finally bought him in 1945 and sent him to Milwaukee. Two years ago he broke into the Indians lineup and won 10 while losing 12. In 1948 he suffered a broken blood vessel and was out

of the lineup again.

Don and his wife, the former Elizabeth White, from near Petersburg, and two daughters, Margaret, 8, and Donna, 7, will stay at the Ivanhoe through Monday.

Incidentally, Don and his wife seemed quite pleased with the friendly atmosphere around the Ivanhoe. Everyone has been simply "Jim Dandy" to them, he said, as his wife looked up to see how far out in the water the children had ventured.

Greater Volume of High Analysis Plant Foods Aim of Swift & Co.

Greater quantities of high analysis plant foods for the agricultural producers of the nation is the aim of Swift & Company through its new triple super-phosphate plant at Agricola, Florida.

Construction and operation of this plant resulted from the company's continuing efforts to meet the growing demand for high analysis plant foods, according to C. T. Frinderville, vice president in charge of plant food operations. "During the war, Swift's plant

food research laboratories in Hammond, Indiana, initiated a number of improvements in manufacturing triple superphosphate which have been incorporated into the new production unit at Agricola.

"The Agricola plant's production will be sent to the company's 23 mixing plants in the United States and Canada where high analysis mixed plant foods are manufactured and distributed to the areas needing them. Savings

in freight and handling expenses from phosphate mines to the fields will be the benefits agricultural producers will derive from the company's research program which made possible the production of triple superphosphate," Mr. Frinderville said.

The element phosphorus is one of the principal mineral elements required by high plants and animals. It has often been called the master key to the nation's agricultural production. Practically all soils in the United States need additional available phosphorus.

Plants require phosphorus for the development of their roots systems; for the development and maturity of grain, as well as for general plant vigor and growth.

The CS Rooster Likes "Hard-to-Please" Shoppers

Said the CS Rooster to the Pekingese

I like you because you're so hard to please.

You expect service and bargains all week long.

So you shop at Colonial and never go wrong.

The CS Rooster stands for courteous service and a friendly greeting—for quality foods at lowest prices.

At Colonial Stores, you can shop leisurely, on early-in-the-week days when stores are free of crowds, and still enjoy Colonial's famous quality, variety and every-day low prices.

Sure, Colonial has specials—plenty of them. They are "bonus specials," good from Thursday through the following Wednesday. They provide our customers the benefit of savings we make through favorable purchases and lower market conditions.

So, if you are "hard to please" when it comes to foods, give Colonial a trial. We pride ourselves on our ability to satisfy the most discriminating folks in town!

For consistent savings every day.

Shop the CS Rooster way.

Ivan Miller Snider Dies Sunday at Home in Norview

Ivan Miller Snider, father of William M. Snider, of Virginia Beach, died at his home in Norview on Sunday.

Mr. Snider is survived, in addition to his son, by his wife, Mrs. Camille Lunafoord Snider; a daughter, Mrs. Virginia S. Worrell, of Norfolk; his stepmother, Mrs. Eva Snider; a sister, Mrs. Martha Funkhouser, of Natural Bridge; two half sisters, and a brother, Walton L. Snider, of Natural Bridge; and a grandson.

Mr. Snider was a native of Rockbridge County, and had been

Chickens from the freezer? You'll find them welcome for those company meals, planned or unexpected, and to have on hand for extra busy days the year round.

Freeze and store excess birds from your flock. Cull the low-producing and the non-laying hens, and put them into the freezer for later use.

A leaflet, "Chicken in the Freezer," now available from the Agricultural Extension Service, V. P. I., Blacksburg, will give you tips on preparation of birds for freezing, and lists a few favorite chicken recipes.

Homemakers Items

Home pasteurization of milk gives the farm family the same protection as families who buy milk from modern pasteurization plants.

And, it's easy to do. A circular, now available from the Agricultural Extension Service, V. P. I., Blacksburg, lists the few simple steps, and tells what equipment is needed, in home pasteurization. Write for your free copy.

Peanuts and peanut butter are versatile foods. They can be eaten as are, or they can be used to give a tasty lift to such foods as meat loaf, potato cakes, and macaroni and cheese.

Recipes listing many uses of the low-cost, nourishing peanut are available in a leaflet "Peanut and Peanut Butter Recipes." Write the Agricultural Extension Service at V. P. I., Blacksburg.

a resident of Norfolk for eight years. He was employed in the Public Works Department, Norfolk Naval Base. He was a member and elder of the Norview Presbyterian Church, a member of the Norview Lions Club, and District Committeeman Tanager Creek District, Boy Scouts of America.

Funeral services were held from the Norview Presbyterian Church on Tuesday. Burial was in Buena Vista.

Paddy was hauled before the magistrate for beating up his neighborhood grocer.

"Well," asked the magistrate, "can you explain your attack on this man?"

"O' certainly can, yer Honor," answered Paddy, "O' was jest tryin' to show him the error o' his weigha."

MR. SOFT TOUCH

Orchestra Player
Lauds Informality
Of This Resort

Nearly always, members of one, and sometimes two of the same bands stay at the Gulf Stream Hotel. But usually the players come and go with the bands.

However, there are at least two members of Guy Lombardo's orchestra who like to spend part of their vacation at the Beach. They are George Gowan, drummer, and Don Rodney, singer-composer.

At the present, until September 1, the Lombardo band is on vacation. The rest period started three weeks ago after the band had completed an engagement at the Surf Club. Gowan is still here and enjoying the "informality" of Virginia Beach.

This resort, he says, is more informal and friendly than any he has ever visited. Gowan spent last summer here and became acquainted with so many people that he decided to return this season.

Pet Show Feature
Of County Fair

Johnny Davis, expert trainer of dogs, and Dr. C. S. Scheen, veterinarian, will be in charge of and will judge the Pet Show to be held in conjunction with the Princess Anne County Fair. The Pet Show will be held on Ruritan Day, September 24. Cash prizes, in addition to ribbons, will be given for the most unusual, smallest, oldest, smartest, prettiest and homeliest.

Entries must be on the grounds by 10 a.m., leashed or controlled by owners. Farm Bureau and Ruritan members will assist with the handling.

Mr. Davis will use famous dogs of the Hampton Roads Obedience Training Club in an exhibit act Friday, Civic Clubs Day, September 23, from 9 to 9:30 p.m. He will be aided by members of the Rotary and Lions Clubs.

Synagogue To Be
Built at Beach

Virginia Beach is to have a synagogue before the summer of 1950 is plans now on the books of a group of local residents materialize.

Tentative plans call for a build-

ing, to cost in the neighborhood of \$30,000, which will combine the synagogue proper with a community hall. Proposed site of the building was not divulged.

Spokesmen for the group who will put up the building said that pledges are being taken for the building fund now.

Among the leaders in the move to erect the synagogue is Nat

Pollak, at whose home on 14th station has been holding services Street the local Jewish congregations for many years.

Jane Elizabeth Treadwell Weds Francis N. Crenshaw Saturday

The marriage of Miss Jane Elizabeth Treadwell, daughter of Captain and Mrs. Lawrence F. Treadwell, to Francis Nelson Crenshaw, son of Captain and Mrs. Russell Snyder Crenshaw, of Virginia Beach, took place Saturday evening at the David Adams Memorial Chapel, Norfolk Naval Base, with the Rev. Norman Slater officiating. H. E. Rexford played the wedding music.

The bride was given in marriage by her father, Miss Alice Beschup Crenshaw, sister of the bridegroom, was maid of honor. The bridesmaids were Miss C. Lorraine Jones, of Morristown, N. J., Miss Marjory Andrews, of

Alexandria, Miss Dorothea Shinn and Mrs. Lincoln Phelps Rice.

Comdr. William Robbins Crenshaw, brother of the groom, was best man. The groomsmen were Comdr. James Julian Southerland, II, of Jacksonville, Fla., Thomas Christian Gordon, Jr., cousin of the bridegroom, C. Grove McCown, of Philadelphia, Pa., and Midshipman Lawrence Penfield Treadwell, Jr., brother of the bride.

There was a reception immediately following the ceremony at the Commissioned Officers' Club, Naval Base. Later the couple left for a Northern wedding trip, after which they will make their home at Virginia Beach.

Miss Helen Tilley Pender Becomes Bride of Joseph Burks Withers, Jr.

The marriage of Miss Helen Tilley Pender, daughter of Mr. and Mrs. Stephen Lee Pender, to Joseph Burks Withers, Jr., son of Mr. and Mrs. Joseph Burks Withers, took place Friday evening at 8 o'clock in Christ and St. Luke's Episcopal Church, Norfolk. The ceremony was performed by Dr. Taylor Willis, rector of the church, in the presence of relatives and friends. The altar was decorated with white gladioli, lilies, huckleberry and candles. George M. Vail, organist of the church, played the wedding music.

The bride was given in marriage by her father.

She wore a wedding gown of imported organza over taffeta, made with a bertha of organza edged with Venice lace, forming the off-the-shoulder effect, tight bodice, and full skirt forming a circular train. She wore matching organza gauntlets. Her veil of imported illusion fell from a cap edged in seed pearls, and she carried a bouquet of white orchids and stephanotis.

Miss Harriett Sheppard Pender was her sister's maid of honor. She wore a gown of mauve marquisette over taffeta, made with a double collar of marquisette and Chantilly lace, puffed sleeves, and sash of the same material tied in a large bow. She carried a crescent bouquet of yellow king asters and ivy and wore a matching arrangement in her hair.

The bridesmaids were Miss Patricia Smith, of Charleston, W. Va.; Mrs. Hugh Stockell Meredith, of Virginia Beach; Mrs. John Franklin Bixey and Miss Elizabeth Phunkett. They wore gowns of polkae blue marquisette over taffeta, made similar to that of the maid of honor, and carried crescent bouquets of shell pink king asters and ivy, with matching arrangements in their hair.

Joseph Burks Withers was best man for his son, and the groomsmen were Spotswood B. Hall, of Richmond; James A. Figg, Jr., of White Post; Norman Wilcox Thomas Huggins and Randolph Huggins.

The bride's mother wore a gown of light blue po-de-chine chiffon and an orchid in her hair. The bridegroom's mother wore a gown of imported black lace and an orchid corsage.

After the ceremony a reception was given at the Commissioned Officers' Mess, Naval Base. Later Mr. and Mrs. Withers left for a Northern wedding trip, and upon their return they will reside in the Mowbray Apartments, Norfolk. The bride wore for traveling a navy blue crepe dress trimmed in violet shantung, with navy blue accessories.

Mr. and Mrs. Louis Le Bourgeois, of New Orleans, La., arrived Friday to visit Mr. and Mrs. Preston Hix at their home in Bay Colony.

John Hazard has returned to Chapel Hill, N. C., after spending the week-end with Mr. and Mrs. John F. Winn, Jr., at their home on Raleigh Drive.

Harris Phillips, of Pittsburgh, Pa., and William Choate, of Charlotte, N. C., were recent guests of David Pender, III, at his home in Bay Colony.

Mr. and Mrs. Robert L. Hunter and their daughter, Miss Emily Hunter, have returned to Norfolk after spending the week-end at the Arlington.

Miss Cornelia Holland and Miss Ann Holland, of Richmond, returned Sunday after spending a few days in Abington, Va. They were accompanied home by Miss Dora Cornelia Holland, who spent the summer at Camp Glenochie, Abington, Va.

MRS. ROBERT EDWARD PIDGEON

Mary Earline Armantrout Weds Robert Edward Pidgeon in Dade City, Florida, Tuesday Afternoon

Miss Mary Earline Armantrout, daughter of Mr. and Mrs. I. W. Smith, of Dade City, Fla., became the bride of Robert Edward Pidgeon, son of Mr. and Mrs. S. L. Pidgeon, of Virginia Beach, Tuesday afternoon at 1:30 o'clock in the afternoon at the First Baptist Church, Dade City, Fla. The Rev. A. A. Stulck, of Winter Garden, assisted by the Rev. E. C. Tyner, church pastor, officiated at the impressive double ring ceremony.

Creating an effective setting for the exchange of wedding vows were baskets of white gladioli and Easter lilies, and cathedral candelabra holding tall lighted tapers placed within the chancel amidst Arecia palms. The family pews were marked with white gladioli tied with white satin bows.

Mrs. E. C. Tyner, organist, and Miss Joy Tipton, vocalist, both of Dade City, presented a program of nuptial music. Organ numbers were "The Sweetest Story Ever Told" and "To A Wild Rose," and vocal selections were "At Dawning," "I'll Walk Beside You," and "The Lord's Prayer." The traditional wedding marches were used.

The bride, who was given in marriage by her uncle, W. D. Armantrout, of Adrian, Mich., wore a wedding gown of candlelight Duchess satin, fashioned with a sheer yoke outlined by a deep bertha of Maltese lace which framed the dropped shoulder effect, and with long sleeves ending in points over the hands. The fitted princess line bodice, which was fastened in the back with small satin covered buttons, was accentuated by the full Elizabethan-style skirt, featuring panniers at the hips, and extending into a wide circular train. Her fingertip length veil of ivory imported illusion fell from a full tiara of pearlized orange blossoms. She carried a crescent bouquet of white roses and tuberoses with an orchid in the center. She wore an heirloom pin which had been a possession of her paternal great-grandmother, and a strand of pearls, and carried a handkerchief of linen and lace belonging to her paternal grandmother.

Mrs. Kermit Schmidt, of Mulberry, Fla., matron of honor, wore a gown of pastel green taffeta fashioned with a fitted bodice, short puffed sleeves, and a full circular skirt. She carried a Colonial bouquet of pink gerbers daisies, and wore a coronet of matching flowers.

Miss Katherine Putch, of Dade City, Fla., bridesmaid, wore a pastel green taffeta gown fashioned in similar design to the matron of honor's dress. She carried a Colonial nosegay of mixed chrysanthemums in pastel shades and wore matching flowers in a crescent design at the back of her hair.

Both attendants wore double strands of pearls as gifts from the bride.

Robert Wetherald, of Berwin Heights, Md., served the bridegroom as best man, and ushers were Kermit Schmidt, of Mulberry, Fla., and the bridegroom's brothers, Donald Pidgeon and David Pidgeon, of Virginia Beach.

Following the ceremony a reception was held at the Woman's Club which was attractively decorated with palms and white gladioli.

After the reception the bridal couple left by plane for a trip to Galesburg, Tenn., in the Smoky Mountains. The bride traveled in a suit of navy blue with matching accessories and she wore an orchid from her wedding bouquet.

Mr. and Mrs. Pidgeon will reside in Greenbelt, Md., while he completes his senior year at the University of Maryland.

The bride, a native of Wichita, Kans., has lived in Dade City since early childhood. An honor graduate of Pasco High School and Bessie Tift College, she has taught in the Oceana School at Virginia Beach for several years, and was organist of the Virginia Beach First Baptist Church.

Mr. Pidgeon is a veteran of World War II during which he served in the Navy.

C. H. Wooten, of 22nd Street, who is a patient at the Marine Hospital in Norfolk, is improving following an illness.

Pre-Nuptial Parties Honor Miss Bullis And Mr. White

Miss Mary Elizabeth Bullis and Vernon Brown entertained on Wednesday evening at the home of Miss Brooks in Oceana at a kitchen shower in honor of Miss Elizabeth Ann Bullis, whose marriage to Bradford Carson White, of Coral Gables, Fla., will take place tomorrow afternoon at 5:30 at the Eastern Shore Chapel, Oceana. Their guests numbered about twenty.

Comdr. and Mrs. Herbert Wobsham will entertain tonight at their home in Riverpoint in Norfolk at a buffet supper in honor of Miss Bullis and Mr. White. The party will precede the rehearsal of the wedding and the guests will include the bridal party and out-of-town guests.

Misses Elizabeth Seelinger and Muriel Harmon, of Newberry, S. C., will entertain tomorrow at the Colony Restaurant at a luncheon in honor of Miss Bullis and her wedding attendants.

Comdr. and Mrs. James J. Southerland and children, of Jacksonville, Fla., are visiting Mrs. Southerland's parents, Capt. and Mrs. Russell Crenshaw, at their home in Bird Neck Point.

Mrs. Thomas Christian Gordon and son, Thomas C. Gordon, Jr., arrived last week from Richmond to visit Mrs. Gordon's brother-in-law and sister, Capt. and Mrs. Russell Crenshaw, in Bird Neck Point, and attended the wedding of Miss Jane Elizabeth Treadwell, and Capt. and Mrs. Crenshaw's son, Francis Nelson Crenshaw on Saturday. Capt. and Mrs. Crenshaw also had as their weekend guests Capt. Crenshaw's mother, Mrs. William A. Crenshaw, of Richmond, and Mr. and Mrs. Grove McCown, of Philadelphia, Pa.

Mr. and Mrs. Truman M. Dodson, IV, and three children have returned to their home in Charlottesville after spending a week with Mr. and Mrs. Willard R. Ashburn, Jr., on 55th Street.

Miss Emily Desobry has returned to her home in Dallas, Texas, after visiting Col. and Mrs. K. C. Waddill on Avenue B.

Miss Antoinette Ryland and John Ryland, who have been visiting relatives in Canada and New England, will return today to their home in Walkerton, Va., after spending some time at the dewitt cottage on 12th Street.

(Continued from Page Nine)

Mrs. A. M. Kennedy and her daughter, Miss Mary Kennedy, and her son, Pat Kennedy, of Sewickley, Pa., are spending a month at the Walter Taylor cottage on 75th Street.

Mrs. Ralph W. Whitehead has returned to her home in Weiburg, W. Va., after spending two weeks at the Courtney Terrace.

Capt. and Mrs. Clarence A. Thompson and children have returned to Raleigh, N. C., after visiting Capt. Thompson's mother, Mrs. Clarence Thompson, at her home on 61st Street.

Mrs. Richard C. Everett returned Monday to her home in Linkhorn Park after visiting Mr. and Mrs. Joseph Edgar Graham, Jr. Cardinal, Va.

Mr. and Mrs. Preston Brumfield and children, C. Preston, Jr., and Gene Bush, of Roanoke are spending a month at the Courtney Terrace.

Mrs. Clay H. Raney and children have returned to Annapolis, Md., after spending some time with Mrs. Raney's grandmother, Mrs. W. G. Parker, at her home on 38th Street. Mrs. Raney is the former Miss Anne Gardiner Tyler and has spent many summers at the Beach.

Mr. and Mrs. George Barner and son, George Barner, Jr., left Sunday to visit Mr. Barner's father, John M. Barner, at his home, "Cherry Hill," McKenney, Va.

Miss Mary Forsberg arrived Saturday from Richmond to spend a week with her parents, Mr. and Mrs. C. S. Forsberg, at their home on 79th Street.

Mr. and Mrs. Robert Hunter and Miss Emily Hunter, of Norfolk, are spending some time at the Battle cottage on 60th Street.

Mr. and Mrs. Guy Hazelgrove and William Hazelgrove, of Richmond, are guests at the Marshall's on 68th Street.

Mr. and Mrs. Preston Bass, who have been spending the summer with Mrs. Bass' brother-in-law and sister, Col. and Mrs. Samuel Glover, in Cavalier Shores, will move this week-end into their new home on Avenue A.

Mrs. R. E. Jordan is spending some time at the Essex House.

Mrs. Robert Ripley will arrive today from Annapolis, Md., to spend the week-end with her parents, Mr. and Mrs. Alfred Van Patten, at their home in Linkhorn Park.

Mrs. John Ruth Maddin, of Journer's End, Nashville, Tenn., is visiting her brother-in-law and sister, Mr. and Mrs. Stuart Bagland, at their cottage on 77th Street.

Mr. and Mrs. Talbot Dickson and children, of Wilmington, N. C., are spending some time at the Dickson apartment on 34th Street.

Mr. and Mrs. Alfred Jayne and two children, of College Point, Long Island, N. Y., are visiting Mr. and Mrs. Alan Campbell at their home on the Lynnhaven River.

Mrs. Cornelius K. Waddill has returned to her home in Charlotte, N. C., after visiting Col. and Mrs. E. C. Waddill at their home on Avenue B. She was accompanied home by Miss Ida Mae Esmond, who is her guest.

Miss Muriel Harmon arrived yesterday from Newberry, S. C., to visit Miss Elizabeth Ann Bulls at her home in Oceana. Miss Harmon will be a bridesmaid for Miss Bulls in her marriage to Bradford Carson White which will take place tomorrow in Eastern Shore Chapel in Oceana.

Martin L. Cannon, of Charlotte, N. C., was the guest last week-end of Col. and Mrs. E. C. Waddill at their home on Avenue B, and attended the Withers-Pender wedding last Friday evening at Christ and St. Luke's Church, in Norfolk.

Mr. and Mrs. James Lee Horton, of Wilson, N. C., were the guests last week-end of Mr. Horton's mother, Mrs. J. A. Horton, at her home in Lakeview. Mrs. Horton also had as her week-end guests Mr. and Mrs. Jesse James and son, Ronnie, of Wilson, N. C., and Mr. and Mrs. Bronson Mowles and daughter, Carol Lee, of Murfreesboro, N. C.

Sgt. R. F. Cordingly, who has been in Italy for the past two and a half years, has arrived to spend two months with Mrs. Cordingly at her home on 16th Street.

The Rt. Rev. and Mrs. Beverly Tucker and Miss Maria Tucker, of Cleveland, Ohio, and Miss Mary Stuart McGuire, of Richmond, are guests at the LeMoine cottage on 36th Street.

Mr. and Mrs. Laurence Tucker will spend this week-end with Mrs. Tucker's brother and sister-in-law, Mr. and Mrs. Kirkland by which the natives call it.

Ruffin, Jr., at their home "Ruthven," on the James River.

The nationwide Naval Reserve training program calls for Organized Reserve units in more than 300 cities.

Every section of the Yangtze river has its popular local name in-law, Mr. and Mrs. Kirkland by which the natives call it.

New Fall Fashions Demand Women Learn New Terms

Alice Brewer White, woman's director of Radio Station WTAR, has just released a glossary of terms that women will be hearing and reading in connection with the new fall styles. It was compiled by Eleanor Lambert, famous fashion publicist for the New York Dress Institute, and gives women something with which to interpret the new trends in fashions.

Here it is:
Curvilinear: blend of roundness

Supervisor Named To Organize Area For Overseas Aid

The Rev. Henry L. Foster, of Holland, has been appointed supervisor of this district, composed of the counties of Surry, Isle of Wight, Nansemond, Norfolk, and Princess Anne, to set up county and community organizations for

able for town wear.
Stole necklines: extended by scarves and wrapped at the neck or shoulder. Some such necklines have a scarf attached to either side of the bodice, others on one side only.
Mushroom pleating: close pleats set in a broken line, like the underside of a mushroom.
Cypress green: dark fir tone of the cypress tree.
Inverted fullness: fullness controlled by folds, unpressed pleats or semi-detached panels. In skirts: inverted fullness usually opens out in movement when you walk.
Comet skirt: slim with panel-tail flying out like a comet at the back.
Pin-point satin: satin flecked with tiny pin dots.
Panel: strip or band placed lengthwise. Newest version is built in rather than floating.

the Virginia Christian Rural Overseas Program (CROP), the Rev. Alexander B. Berry, Jr., State CROP director, Richmond, has announced.

The Rev. Mr. Foster will direct the drive in these counties to fill CROP's Friendship Food Trains with farm commodities to send overseas to help feed the aged, ill, the hungry and the destitute.
Pastor of the Holland Baptist Church for more than six years, he was educated at the University of Richmond and Crozer Theological Seminary. While studying for his Bachelor of Divinity Degree at the Seminary, he acted as associate minister of the Lower Dublin Baptist Church, Philadelphia, for one year, and served as Protestant Chaplain to the Veterans' Administration Facility, Coatesville, Pennsylvania, until graduation.

He is a member of the Holland Rural Club, No. 1, the Holland Volunteer Fire Department, the executive committee of the Blackwater Baptist Association, and other church organizations.

The proposed organization of all counties for the CROP campaign during this harvest season makes this State one of 30 top agricultural states where principal emphasis will be placed. Sponsors of the nationwide in-

HENRY F. FALL PROMOTED TO CORPORAL IN UNITED STATES AIR FORCE

Henry F. Fall, son of Mr. and Mrs. R. F. Fall, 522 13th Street, was recently promoted to the grade of Corporal in the United States Air Force.

Cpl. Fall is presently stationed at Ramey Air Force Base, Puerto Rico, where he is assigned to duty as a teletype operator with the 1538th AACE Squadron.

The Airways and Air Communications Service operates and maintains communications facilities such as radio teletype, radio ranges, beacons, control towers, ground controlled approach instrument landing systems (GCA), and other air navigational aids and systems serving air bases

terchur program, which last year sent more than 75,000,581 pounds of bulk farm commodities to the needy in 33 nations, are Catholic Rural Life, Church World Service (22 Protestant denominations) and Lutheran World Relief. CROP food is distributed overseas through the relief agencies of the different churches.

throughout the world.
Fall attended Osawa High School prior to joining the Air Force in 1948. After completing an administrative clerk typist's course at Fort Francis, Wyoming, he was transferred to Albrook Air Force Base, Canal Zone. He arrived at his present station in April 1949.

The Navy has assigned 100 ships to the use of the Naval Reserve in the "at sea" training program.

There are 275 wildlife refuges in the U. S. national refuge system, according to the Encyclopedia Britannica.
